MAY FIND MOBBERS BY THE HANDCUFFS ON BURKE'S WRISTS

Prison Commissioners Believe That Owners Can Be Found by Appealing to Retailer and Manufacturer.

GOVERNOR HARRIS WILL ISSUE STATEMENT TODAY

Commissioner Davison Declares That State Department Did Not Have Money to Guard Frank Properly.

RAGSDALE'S STATEMENT.

I. N. Ragsdale, acting mayor of Atlanta in the absence of James G. Woodward, last night sent the following telegram to The New York World, in answer to a request from that newspaper for a statement:

"The daily and the weekly press of Georgia is practically unanimous in condemning mob law and urging the governor to take action in the Frank case at once. He is investigating now, and will probably offer a reward tomorrow that will bring the guilty parties to justice. While a large percentage of our people believed Frank guilty, yet they are law-abiding, and heartily disapprove of the action of the mob. I. N. RAGSDALE."

The identity of at least one member of the mob that lynched Leo Frank is likely to be disclosed through a pair of nickel-plated handcuffs which were left Monday night on the wrists of Superintendent J. E. Burke, of the prison farm, at Milledgeville, when the mobbers sped away with Leo Frank in one of their automobiles to a point near Marietta, where Frank was hanged to a tree.

These handcuffs, according to a statement made by Chairman D. M. Davison, of the state prison commission, Wednesday afternoon, when he arrived in Atlanta from Milledgeville, have distinguishing marks, and the chairman states that he has been reliably informed that the purchaser can readily be ascertained through the aid of the manufacturer and retailer.

Will Hold Conference.

Governor Nat E. Harris has called a conference with the three members of the state prison commission this morning, after which, it is likely, he will offer a reward of $500 for the capture, with evidence to convict, of the first five members of the mob that lynched Frank. The total fund at the disposal of the governor is only $1,000, and governor Harris will offer practically all the fund in this one case.

The governor intended holding a conference with the three members of the prison commission Wednesday afternoon to probe into the details of the abduction of Leo Frank from the prison farm. However, Judge T. E. Patterson was called to Columbus on business for the commission, and the conference was postponed until this morning.

Following this morning's conference, Governor Harris will give out a statement concerning the lynching of Leo Frank.

"I want to speak a word for the good name of the state of Georgia," said Governor Harris, "and I am preparing my statement concerning the Frank lynching now.

"An awful crime has been committed against Georgia," continued Governor Harris, "the bringing into the state's prison, the abduction of the state's ward, and subsequent lynching of him by the mob, must be probed to the fullest.

Will Offer Reward.

"I will probably offer the highest reward permitted by the state laws for the capture of each man who had anything to do with the lynching of Frank, which is $500."

For half an hour Wednesday afternoon Governor Harris was closeted with Prison Commissioner E. L. Rainey, of Dawson, who lives in Atlanta, with Judge Patterson Tuesday, leaving the state prison farm at Milledgeville on the first train after Leo Frank was abducted.

Commissioner Rainey outlined in detail the assault on the prison farm, telling the governor how each guard was overcome by detachments of the mob.

Chairman Davison told the story of the attack on the prison farm to a Constitution reporter shortly after his arrival in the city from Milledgeville Wednesday afternoon, and declared that as the state prison was not barricaded to resist attacks by armed mobs, it was impossible to check Monday night's assault.

"We kept all the guards on night and day duty at the main building in which Frank was incarcerated for several weeks," said Chairman Davison, "until they kicked so much that two of them quit their jobs, and we were compelled to reduce the night guard to just five men.

"We had no money to employ additional guards for Frank's defense."

Governor Harris Wednesday was in receipt of telegrams from many New York papers and other papers requesting a statement concerning the lynching and the steps to be taken to discover the lynchers. The governor will give out his statement today.

Numbers of letters were received at the governor's office from people in various parts of the country urging Governor Harris to probe to the bottom of the lynching.

Sheriff is Probing.

Deputy Sheriff Hicks, of Cobb county, who was on the scene of the Frank lynching about 7:30 o'clock Tuesday morning, being one of the first to arrive there, was in Atlanta Wednesday, and made a statement to a Constitution reporter.

"I do not believe that more than seven or eight men, riding in three au-

ALSACE RAILROAD STATION BARRICADED WITH LOGS TO SAVE IT FROM BOMBARDMENT

TRANSFORMING ALSACE RAILWAY STATION INTO FORT.

The accompanying photograph was taken a little over a month ago near the firing line in France. It shows French soldiers throwing up logs around a railway station to protect it from the force of the enemy's shells.

Divorce Is Barred By Agreement Made Before the Wedding

Frank H. Dearing, Formerly of Athens, and a Divorced Man, and His Wife Sign Prenuptial Papers in St. Louis.

St. Louis, August 18.—(Special.)—Frank H. Dearing, 41, of Athens, Ga., traveling freight agent for the Georgia railroad, who in 1912 divorced his former wife, Mrs. Pauline H. Dearing, because she, preferring to live with her parents at Columbia, S. C., refused to accompany him when he was transferred from Jacksonville, Fla., to St. Louis, can never be divorced by his 27-year-old bride, who until yesterday was Miss Matilda Dolive, under the terms of a prenuptial agreement entered into by them.

The explanation given by Dearing to Justice Driscoll, of East St. Louis, who performed the ceremony after certifying the agreement, was that he wanted to shield his children from the possibility of divorce or separate maintenance litigation.

By Dearing's former marriage there were two children, Pauline, who went with the mother, and Alvin, who went to Dearing's parents.

The bride said she was not opposed to divorce on principle, but thought that a man and a woman should know each other so well before marrying that there would be no need of marriage being a failure.

The couple became acquainted four years ago when they were associated in a business way in the same office. Both are from the south.

REWARD IS OFFERED FOR SUFFRAGE TORCH

New York, August 18.—Announcement today of the offer of a reward of $50 for the return of the suffrage torch which has been carried through New York and New Jersey in the campaign conducted by the Women's Political union, disclosed the fact that the torch had been stolen after a suffrage meeting at Atlantic Highlands, N. J., last night.

The emblem of the suffragists was recently transferred from New York to New Jersey with much ceremony, women of the two states meeting on board a tug boats in the middle of the Hudson river to convey the torch from one state to the other. When stolen it was in the custody of suffragists, who left it in an automobile to enter a store. When they returned the torch was gone.

THE HIGH COST OF LIVING

Each family pays $60 more for living expenses than it did ten years ago.

The greatest part of this increase goes into the higher cost of food products.

War and hard times have not materially checked the upward tendency.

This financial barometer gives a very important reason why people should buy intelligently.

Proper selection of time, place and merchandise frequently means lessened prices.

Towards this latter solution the advertising columns of The Constitution point the way.

They give the information that leads to intelligent buying.

SHOP IN THE CONSTITUTION BEFORE YOU SHOP IN THE STORE.

THOUSANDS STARVE IN MEXICAN CAPITAL

Bodies of Women and Children Picked Up Daily in Streets—Nothing to Relieve Done by Carranza.

Puebla, Mex., August 12.—(Via New Orleans, August 18.)—Thousands of people are starving in Mexico City and bodies of women and children are daily being picked up in the streets there, according to statements of a railroad agent who arrived here today from the capital. Nothing has been done by General Carranza to relieve the situation, it was said.

"Carranza, while giving out glowing accounts in Washington of his eagerness to send food to the capital and of his desire to put the unemployed to work, seems stolcally indifferent to the suffering," said the Red Cross agent. "He appears determined to inflict punishment upon the people there, apparently in retaliation for their antipathy toward the Carranza government. He is keeping his food supplies solely for the use of his troops."

Traveling between Mexico City and Vera Cruz is regarded as dangerous, as the railroads lines are infested with bands of Zapata followers. Almost every day a train loaded with Carranza troops is blown up, and few civilians venture on the road. Of the many foreigners in the capital who wish to leave hardly a dozen have come out. Raids by bandits opposed to Carranza are still active in Vera Cruz state. Their boldness in attacking property within a few miles of Carranza's headquarters has aroused anxiety that the railroad to Mexico City may be cut again.

CARRANZA ARRESTS BRITISH SUBJECT.

Vera Cruz, August 12.—(Via New Orleans, August 18.)—Henry W. Francis, a British subject, correspondent for American newspapers, was arrested by order of General Carranza and has been imprisoned six days without having been given a trial and being permitted to consult with the British or American consuls. The Carranza officers charged Francis with having distributed news in the United States unfavorable to Carranza.

All efforts of John R. Silliman, representative of the state department, and American Consul Canada to see Francis have been denied.

Francis was arrested while sitting in a cafe by Carranza officers dressed in civilian clothes. His protests were without avail, and he immediately was placed "incommunicado." When Consul Canada appeared in Francis' behalf he was formally asked to leave the building by Carranza's agents. Mr. Silliman has been given similar treatment.

The arrest of Francis was in defiance of a warning from Secretary Lansing, who, having been informed by cable that the newspaper man's liberty was threatened, sent a note to Carranza that Francis' arrest would be considered unfriendly to the United States. This warning and subsequent protests have been ignored.

GENERAL VILLA AGREES TO PEACE CONFERENCE.

Washington, August 18.—General Villa's reply to the Pan-American appeal for a peace conference among the Mexican factions was received at the Villa agency today, and will be presented to Secretary Lansing tomorrow. It is understood to accept the offer of the conferees to aid in restoring government in Mexico.

The first answer to the appeal to reach the state department came today from General Cantu, Villa governor of Lower California. It is said to be favorable and in line with that of General Villa himself.

General Carranza's response has not been received, but it is in course of preparation. That he will endeavor to convince the Pan-American conferees that recognition of his government is the only way to establish peace is generally understood here. Before the reply is forwarded General Obregon is expected to make a strenuous attempt to capture Torreon. Carranza agents here say the city will fall by Saturday.

It became known tonight that all of the principal Carranza generals have agreed to make similar replies to the appeal sent them. Each will declare that the only solution for "the constitutionalists government," and that he proposes to maintain that attitude.

Sir Cecil Spring Rice, the British ambassador, talked with Secretary Lansing today on the Mexican situation. Great Britain is concerned over the large English holdings in Mexico and is anxious to support a plan for restoration of peace.

The battleships Louisiana and New

Jilted by Fiance On Eve of Wedding, Girl Ends Her Life

Miss Effie Kell, of Oconee County, Succeeds in Committing Suicide After the Third Attempt.

Athens, Ga., August 18.—(Special.)—Because, she asserted, her sweetheart on the day before they were to have run away and married, deserted her and married another girl, Miss Effie Kell, of Oconee county, attempted three times to kill herself, finally succeeding. She took a quantity of paris green, which was slow in its effect, attempted to shoot herself with a gun and failed, and then took a second dose of paris green, which ended her life.

Her brother, with whom she lived, near Watkinsville, with his family, was away from home for a day. In their absence she committed the act which resulted in her death. She was found on her bed in agony and could not be saved, though every effort was made. She had been staying at the home of a neighbor the night before, where, it is said, her sweetheart visited her and they agreed to marry at once. Her death caused much sorrow in Oconee county. The funeral and burial, largely attended, occurred yesterday.

U. S. NAVY EMPLOYEE IN PAY OF GERMANY?

Secretary Daniels Asks Providence Journal for Evidence to Sustain Charge.

Washington, August 18.—Secretary Daniels announced today that he had asked John R. Rathom, editor of The Providence, R. I., Journal, to submit any evidence he might have to substantiate a charge in a statement credited to him that a civil employee of the navy department was in the pay of the German government.

Mr. Daniels also revealed that after a recent conference he had with Mr. Rathom, the department had assigned additional officers and men to the naval force operating the German-owned commercial wireless plant at Sayville, L. I., and ordered precautions against the dispatch of unneutral messages in secret code.

Every suspected message was ordered forwarded to the department for examination. Since then, the secretary said, many dispatches had been submitted to the department and three or four had been returned to the senders for rewriting.

Evidence submitted by Mr. Rathom, who had made an investigation with the aid of wireless experts, was considered by Secretary Daniels and the members of the government neutrality board before the navy department took over the Sayville station some time ago. Mr. Daniels told of this for the first time today, explaining that while there was no direct evidence of violation of neutrality, it had been deemed best to put the plant under full government control.

Mr. Rathom, who wrote to President Wilson and later conferred with Secretary Daniels, urged that messages transmitted through Sayville, purporting to be ordinary commercial communications, such as orders for merchandise, actually contained information as to the sailing of ships from American ports.

While the navy department's connection with the publisher's inquiry had to do only with radio stations under its direction, Mr. Daniels said today that Mr. Rathom intimated that he had information as to a German scheme to secure control of all radio stations in South and Central America, and even in the Philippines.

BRITAIN PAYS $666,800 ON DETAINED COTTON

Washington, August 18.—A second payment of $666,800 on 1,490 bales of cotton aboard the steamer Southerner, which was diverted into Kirkwall by a British cruiser, was made today to W. Gordon McCabe & Co., of Charleston, by the British embassy. The cotton had been consigned "to order" in Gotten-

HARD BLOW DEALT TO THE RUSSIANS BY FALL OF KOVNO

Fall of Fortress Takes Away Last Protection, Except Russian Field Army, to Main Rail Line to Petrograd.

PART OF RUSSIAN ARMY SEEMS IN SERIOUS PERIL

With the Capture of Kovno the Germans Have Taken Over 400 Guns and an Enormous Quantity of War Material.

London, August 18.—Kovno, one of the crucial points in the Russian defensive in the north, was captured by the Germans last night, and the road to the Vilna, Warsaw and Petrograd railway is now open to Emperor Wilhelm's troops. The capture of the fortress was another triumph for the German 16-inch guns, which have been brought against no fortifications they could not subdue.

With the fortress of Kovno the Germans have taken more than 400 guns, and, according to their account, an enormous quantity of war material.

This, however, is not the most serious part of the matter to the Russians. Besides opening the way to Vilna, which is an open town, and from which most of the inhabitants have departed and everything that might be of use to the invaders have been removed, the fall of the fortress takes away the last protection, except the Russian field army, to the main line railway to Petrograd, and also places the Germans in a position to threaten the flanks of the Russian armies retiring to the Brest-Litovsk line, and those operating in southern Courland.

FALL OF KOVNO WAS EXPECTED.

Grand Duke Nicholas apparently expected the fall of Kovno, for his armies are hastening their retirement in Poland eastward. They still hold their own from Kovno to south of Osowitts, but south of there they are being pressed from the northeast by Generals von Scholz and Von Gallwitz, and from the west by Archduke Leopold, who has crossed the Bug river and is approaching the Brest-Litovsk and Bialystok railway.

It is the same in the south, where General von Mackensen, after many rebuffs, finally has driven the Russians out of the outer positions of the fortress of Brest-Litovsk.

For the first time since he began to retire from western Galicia in Aug. Grand Duke Nicholas, in the opinion of military observers, finds part of his army in serious danger of envelopment, as Russian commander continues an orderly retreat, as shown by the fact that outside of the guns taken with the fortress of Kovno, or captured in the forts of Novogeorgievsk, two more of which have fallen, the Germans claim no capture of artillery. It would appear also that a considerable part of the Austro-Germans, in their most recent advance, have not met with serious fighting.

RUSS FORCES MUST HURRY.

With Kovno in German hands and another German army across the Bug south of Brest-Litovsk, a speedy exit, according to military observers, is the only safe one for the Russians if they are to escape before the second set of pincers prepared for them are closed.

While fighting to crush the Russian army the Germans are finding time for minor activities in other fields. Zeppelins have been carried on their seventeenth air raid on England, visiting eastern counties, where they dropped bombs which, according to official announcement, killed 30 and injured 26 civilians. As in the last raid the admiralty reports that it believes one Zeppelin was damaged.

A dispatch from Holland today reported that another quartet of dirigibles was on the way over to England, but nothing has been heard of them. Tonight it is clear, and it is probable that the airship commanders, fearing it is likely that their craft would be discovered by the British air patrol, have turned back. Last night was dark and misty.

Two submarines have been busy and during the day the sinking of three British and three neutral steamers and a trawler has been reported.

GROUND GAINED AT DARDANELLES.

As an offset to the German successes in the east the French official communication reports further gains for the French troops in the Vosges, while General Sir Ian Hamilton, commander of the allied forces on the Gallipoli peninsula, announces an advance by the new force of allied troops that has landed at Suvla bay, and the repulse of a Turkish attack against the right flank of the Australians.

The Turks, however, say that all British attacks were repulsed. Any progress made by the British at Suvla bay, would, according to the military experts, be important, as it would threaten the Turks facing the Australians down the coast and, like the other operations against Turkey, have an influence on the Balkan states, which seemingly are about to decide which set of belligerents they will join. Servia probably will make her reply this week to the suggestion of the entente ministers that she cede Macedonia to Bulgaria. Opinion is divided in Serbia as to what the reply should be, but it is expected here that it will be favorable.

Serbia, it is asserted, would like to await the outcome of the Greek crisis before giving her decision. This, however, is likely to continue for some days, and is expected to end in an

GALVESTON SAVED BY HER SEA WALL; ONLY 14 LIVES LOST

Texas Port Is Badly Battered, But Has Emerged Victorious After Battle With One of the Severest Storms That Ever Swept the Gulf of Mexico.

DAMAGE TO PROPERTY ROUGHLY ESTIMATED TO TOTAL $15,000,000

Martial Law Declared, But Mayor Says Outside Aid Won't Be Needed—Loss of Life and Damage to Property Reported at Many Other Points in Texas. Two Dead at Houston and the Property Loss About $2,000,000.

With large sections of the storm-swept southeastern coast of Texas still cut off from communication reports received last night and early today place the number known to have been killed in the tropical hurricane, which swept the Texas coast, at more than 100. The property loss was vaguely estimated in the millions, some estimates placing the probable loss as high as $30,000,000.

Loss of Life.

Galveston suffered probably the heaviest financial loss, but only 14 persons are known to have lost their lives in that city, while at Virginia Point 30 were killed, and at Texas City, across the bay from Galveston, 18 lost their lives. Other points reporting loss of life were:

Morgan's Point	11
Sylvan Beach	3
Houston	2
Hitchcock	7
La Porte	7
Port Arthur	4
Lynchburg	3
Seabrook	3

The Property Loss.

Property loss estimates were vague, except in a few instances. Some of the estimates were as follows:

Galveston	$15,000,000
Houston	2,000,000
Texas City	400,000
Port Arthur	200,000
Seabrook	100,000
Sabine	100,000
Sabine Pass	100,000
Kemah	50,000

In addition, there was an enormous loss to cotton growers in the storm belt. The damage in the oil fields was estimated at $500,000.

Galveston, Texas, August 18.—(By Courier to Houston and Railway Wire to Dallas.)—Stormswept and battered, with a loss of only fourteen lives, Galveston, fortified by its enormous sea wall, today emerged victorious from one of the most severe storms known in the history of the Gulf of Mexico. However, about 300 houses have been crushed, and the island is covered with debris. Four of the dead are United States soldiers and ten civilians.

The fourteen persons lost their lives in an attempt to reach the Tremont hotel during the height of the storm. Several thousand persons were quartered in that hotel.

Breach in Sea Wall.

One thousand feet of the sea wall has been washed out, one breach of 25 feet being directly in front of the Galvez hotel. It was through this breach that most of the residence section of the city was flooded.

Three fires raged Monday night, and the loss has not been great.

Three bath houses and 400 residences

U. S. ARMY CAMP WRECKED BY STORM

Ten Soldiers Killed at Texas City and a Number of Civilians—Troops Are Scattered.

Washington, August 18.—Destruction of the United States army camp at Texas City by the great gulf storm, with a loss of ten soldiers and a number of unidentified civilians, was reported to the war department today by Major General Bell, commanding the 8,000 men of the second division stationed there.

At the time the report was sent by radio to Houston, General Bell said the troops had been so scattered in their flight to high ground before the rising waters of the flood that it was impossible to say whether more lives had been lost. All of the homes of the families of officers and enlisted men had been wiped away, but temporary shelter was being provided in the town proper for the women and children.

Bell Reaches Houston.

Late tonight General Bell telegraphed from Houston announcing his arrival there after an exciting trip overland. He said conditions at Texas City were gradually being restored to normal, but still was unable to announce definitely the number lost. He was preparing to return to Texas City tonight and resume charge of the task of putting his command in order and aiding the civil authorities with their problems.

The general suggested that a transport now at New York be sent to the gulf with supplies, to be used by the army if not needed by civilian victims of the storm. No action has been taken so far by the department.

Colonel Waltz, commanding the Nineteenth Infantry at Galveston, reported to the war department tonight that on account of reports of considerable looting in the city the provost guard had been increased to protect government property and national banks. He said the storm was practically over and that the sea was receding.

General Bell's Message.

General Bell's message from Houston said:

"Tried to reach Houston yesterday. Reached here 1:30 o'clock today. Conditions here and Texas City very bad. Not yet heard from Galveston, but north of the bay all indications force of wind greater than in 1900. Great concrete causeway greatly damaged throughout and destroyed in sections. Many demolished and badly damaged homes, uprooted trees, drowned animals and high water mark. Same route. Numbers of mounted men had to go twenty miles inland night of storm to reach land not covered by water.

"Most of country between Texas City and Webster still a shallow lake of salt water. Terrible force of wind did most of damage in Texas City. Great loss and considerable suffering in surrounding country.

"Will be impossible to re-establish rail communication with Galveston within twenty days or month. Supplies can reach there by boat from Houston via ship channel. Every indication of very high water at Galveston. Country north of bay strewn with thousands of cotton bales from warehouses in Galveston.

Loss of Life Not Great.

"Loss of life to be probably not great. Conditions in Texas City gradually resuming normal.

"At request of civil authorities I took charge of police and sanitary operations in city.

"No disorder whatever. Am here arranging for supplies for Texas City. Must be advised what road transport now in New York with supplies. If not needed for issue to population, can be used by army."

Two of the ten troopers reported dead were Corporal William H. Moore, mother, Mrs. Annie Moore, Greensboro, Ga., and Private Mitchell Father, Stephen Mitchell, 303 North Lee street, Valdosta, Ga.

Colonel Waltz's Report.

Colonel Waltz's report, sent by radio to Houston, Texas, said:

"Storm practically over. Sea receding. Efforts now being made to clear wreckage and recover what property still extant. No communication yet with mainland, and no word from Texas City. Verification of officers and men shows still missing four officers and 216 enlisted men. Hope to find that many if any at all of these are lost. Many of the enlisted men had permission to visit city Saturday night of storm. Accounting returns will be made from time to time as men show up. Report being made that very considerable looting was going on. Troops acting in conjunction with city authorities, as has been done since our arrival.

Another report from Colonel Waltz, relayed tonight by Major General Funston at Fort Sam Houston, said all officers, men and civil employees at Galveston were safe. Department officials did not know whether this message was filed before or after the reports saying four officers and 216 men still were missing.

MORE U. S. MARINES ARE LANDED IN HAITI

Cape Haitien, Haiti, August 18.—Another detachment of American marines has been landed from the warships off this port.

The rebels have refused to disarm, and in some sections have expressed a desire to fight the Americans.

The people of Cape Haitien are greatly excited, though no outbreak of any kind has taken place.

Foreigners at Port-a-Paix, a Haitien town 35 miles northeast of Cape Haitien, report that they are being menaced by Haitien rebels, and they have asked protection.

FIVE STEAMERS SUNK BY GERMAN SUBMARINES

London, August 18.—The British steamer Bonny, of 2,702 tons gross, and the Spanish steamer Isidore, 1,644 tons gross, have been sunk. Twenty-one of the crew of the former and eight of the latter were picked up. The Norwegian steamers Romulus and Mineral have been sunk. The crews were saved. The trawler George also was sunk. Her crew was saved.

The British steamship Thornfield, 488 tons gross, of Liverpool, and Margrie, 284 tons gross, of Preston, have been sunk. The crews were saved.

Weather Prophecy

THUNDER-SHOWERS.

Georgia—Local thunder showers Thursday and probably Friday, except fair south.

C. F. von HERRMANN, Section Director.

on the bay front were crushed, and the wreckage is floating in the bay. The water made a clean sweep along the boulevard.

The storm reached its height at 3 o'clock Tuesday morning, when its velocity was 92 miles.

The greatest need here today is water.

Martial law has been declared. The mayor today issued a statement that outside aid will not be needed.

GREETINGS SENT BY GALVESTON.

Dallas, Texas, August 18.—The following telegram was received by the Associated Press tonight:

"Galveston, Texas, August 18.—Galveston has successfully passed through a West Indian hurricane that blew continuously for eighteen hours. The government weather gauge registered the maximum velocity of the wind at 99 miles an hour. The city, due to the adamantine resistance of the sea wall, has sustained comparatively small loss in destruction of property, and but six deaths have been thus far reported.

"The great granite structure erected after the calamity of 1900, grimly met and conquered the raging seas of the gulf and hurled them back defiantly whence they came. Our citizenship is buoyantly cheerful because of the demonstrated impregnability of their protective works in this, the supremest test of their effectiveness. In mass meetings today assembled, Galveston's citizenship sends greetings to the world and assures friends and admirers everywhere of a sincere pledge to strive diligently and heartily to sustain that superior success which last night's victory promised for the community.

"LEWIS FISHER, Mayor.

"MORRIS STERN, President Commercial Association.
"I. H. KEMPNER, The United States transport McClellan is high aground on Pelican island, an artificial spot north of Galveston just across the ship channel. Many vessels have been capsized and several are reported as destroyed.

Yesterday the city was placed under martial law and after surveying the property damage the mayor announced that the city would not need to call on other communities for financial aid.

The surprising low loss of life is due probably to the lesson of 1900, for the population Monday night sought refuge in the strongest buildings, whereas the disaster of fifteen years ago found the residents at their home feeling secure against the gale which took the lives of 8,000.

How Galveston can mend its water mains and re-establish traffic across the causeway in time to prevent more acute suffering are problems for engineers. The railroads running into the city have moved all available men and machinery from south Texas into the storm zone, penetrating it as fast as human toil can advance the wreckage tracks, but the progress is slow and for the several days Galveston probably will have to depend largely upon the mainland resources.

Of the fourteen who lost their lives either late Monday night or early Tuesday, two were soldiers and ten were civilians. All were trying to reach the Tremont hotel, the refuge of several thousand persons.

Extent of Fire Loss.

The extent of the city's fire loss has not been summed up, but three fires brought down at noon Monday night, the storm being too severe for the fire department to do anything like normal work.

In bearing the brunt of the storm, Galveston island and Bolivar peninsula served as barriers to break the force of the hurricane against the little but shore towns which skirt the large body of water lying to the north of the island and the peninsula between which is a narrow neck of sea.

The bay towns have suffered heavily but probably have been saved from utter destruction by this natural barrier to the south. Dependable accounts of the losses in these lesser towns have not been thus far obtainable, but the loss of life is proportionately greater in each of the bay towns than in Galveston. In Virginia Point, the north end of the causeway, more than a score are dead; at Texas City, eighteen, twelve of whom were soldiers, reported drowned and others at La Porte and three at Lynchburg.

In Houston two persons were killed and the property damage was estimated as $2,000,000. The storm struck Houston Monday night, several hours after the last wire to Galveston had been put out of commission. Added to the memory of its citizens has the city been so severely buffeted.

Entire Coast Swept.

All along the gulf coast the wrecking winds and waters levied heavy toll in property loss. Texas City, across the bay from Galveston, sustained damage amounting to $400,000, divided among citizens, the quartermaster and the naval division of the United States army, whose camp was destroyed. Approximately 150 buildings were destroyed at Texas City, but most of these were cottages. No word had been received tonight from Port Bolivar, directly across the narrow part of the bay from Galveston, since Monday night, and reported to have been entirely undone.

Flake, Patton, Caplen and Rollover are also badly damaged towns from which no word has been brought since Monday night. Bayside, Lajay and Virginia Point, at the north end of the causeway, all of which are said to have been destroyed.

Loss to Port Facilities.

The loss to the city port facilities has been enormous and all kinds of craft have suffered. The United States transport McClellan is high aground on Pelican island, an artificial spot north of Galveston just across the ship channel. Many vessels have been capsized and several are reported as destroyed.

Yesterday the city was placed under martial law and after surveying the property damage the mayor announced that the city would not need to call on other communities for financial aid.

The surprising low loss of life is due probably to the lesson of 1900, for the population Monday night sought refuge in the strongest buildings, whereas the disaster of fifteen years ago found the residents at their home feeling secure against the gale which took the lives of 8,000.

How Galveston can mend its water mains and re-establish traffic across the causeway in time to prevent more acute suffering are problems for engineers. The railroads running into the city have moved all available men and machinery from south Texas into the storm zone, penetrating it as fast as human toil can advance the wreckage tracks, but the progress is slow and for the several days Galveston probably will have to depend largely upon the mainland resources.

Of the fourteen who lost their lives either late Monday night or early Tuesday, two were soldiers and ten were civilians. All were trying to reach the Tremont hotel, the refuge of several thousand persons.

Extent of Fire Loss.

The extent of the city's fire loss has not been summed up, but three fires brought down at noon Monday night, the storm being too severe for the fire department to do anything like normal work.

In bearing the brunt of the storm, Galveston island and Bolivar peninsula served as barriers to break the force of the hurricane against the little but shore towns which skirt the large body of water lying to the north of the island and the peninsula between which is a narrow neck of sea.

The bay towns have suffered heavily but probably have been saved from utter destruction by this natural barrier to the south. Dependable accounts of the losses in these lesser towns have not been thus far obtainable, but the loss of life is proportionately greater in each of the bay towns than in Galveston. In Virginia Point, the north end of the causeway, more than a score are dead; at Texas City, eighteen, twelve of whom were soldiers, reported drowned and others at La Porte and three at Lynchburg.

In Houston two persons were killed and the property damage was estimated as $2,000,000. The storm struck Houston Monday night, several hours after the last wire to Galveston had been put out of commission. Added to the memory of its citizens has the city been so severely buffeted.

Entire Coast Swept.

All along the gulf coast the wrecking winds and waters levied heavy toll in property loss. Texas City, across the bay from Galveston, sustained damage amounting to $400,000, divided among citizens, the quartermaster and the naval division of the United States army, whose camp was destroyed. Approximately 150 buildings were destroyed at Texas City, but most of these were cottages. No word had been received tonight from Port Bolivar, directly across the narrow part of the bay from Galveston, since Monday night, and reported to have been entirely undone.

Flake, Patton, Caplen and Rollover are also badly damaged towns from which no word has been brought since Monday night. Bayside, Lajay and Virginia Point, at the north end of the causeway, all of which are said to have been destroyed.

In the Beaumont section, Port Arthur, Sabine, Sabine Pass and Round Lake were deluged and are reported to have suffered heavy losers.

Captain D. E. Dujay, of the government tug Crusade, which arrived in Houston from Galveston today, estimated the property damage at Galveston at approximately $3,000,000. The tug left Galveston at 8 o'clock this morning.

More than 300 vessels were in the Galveston harbor when the storm struck that city, Captain Dujay said, and practically all of the smaller craft was wrecked or damaged and many of the larger vessels wrecked. He reported an interned Austrian cruiser, three Norwegian ships and one from Port Bolivar, aground on Red Fish reef.

The Buildings Burned.

The buildings destroyed by fire included the plant of the Armour Packing company, a cotton warehouse and a pier, Captain Dujay said, and when the Gertrude left Galveston another fire had started in a furniture establishment at Mechanic and Twenty-fourth streets.

Martial law was proclaimed at Galveston Monday night, four companies of United States infantry patrolling the city. It was reported that twenty negroes caught looting stores had been shot, but this report could not be confirmed.

Rain water, it was said, was higher in the streets of Galveston than in 1900. Being 4 to 6 feet in the business section. Most of the big hotels, warehouses and elevators on the sea wall front escaped serious damage, but stocks of merchandise everywhere were ruined.

While no general appeal for aid had been issued, Mayor Fisher has issued a statement that the city is in need of fresh meat, other foodstuffs and fresh water.

The only communication with Galveston tonight is by boat, and it is believed several days will have passed before wire communication is restored.

Houston is recovering from the damage. All along the ship channel between hat city and Galveston wrecking crews are at work and boats are being used to send food and water from Houston to Galveston.

HEAVY DAMAGE ALONG COAST.

Houston, Texas, August 18.—(Courier to Bremond, Texas.)—Two persons dead and property damage estimated at $2,000,000 indicate a heavy toll the hurricane which swept this city early Tuesday has taken and which cut off wire communication. The dead are Hollands, a carpenter, and an unidentified negro.

The storm had abated at 10 o'clock this morning.

Meager reports received today from a number of Texas towns along the gulf coast indicate a heavy property loss.

At Texas City eighteen persons, ten of whom were soldiers, were drowned, according to an estimate made by Major General Frederick Franklin Funston, command of the second division of the United States army, stationed there. The property loss at Texas City was estimated at $400,000. Approximately 150 buildings, the majority of them summer houses, were destroyed. At the height of the storm Texas City was covered with six feet of water.

Rush scores of women, presumably from Galveston, floated ashore at Texas City yesterday.

Meager reports from Galveston indicate that while the loss of life in that city was small, the property damage was great. Two steam vessels, the chief parties aboard, left Houston today for Galveston, automobile parties having failed in efforts to reach the island city.

Terminals Standing.

E. V. Rhodes, superintendent of terminals at Texas City, declared here yesterday that he believed he had received from Texas City the Southern Pacific elevator at Galveston and the depot there still standing. He was not positive, owing to the weather conditions, but from Texas City it appeared that these structures still were safe.

Some loss of life occurred in the summer resorts surrounding Houston, John Mueller and his daughter, of Houston, lost their lives near Morgan's Point. A man named Riggs and his son, Clyde, were drowned near Morgan's Point.

At Bay Ridge the unidentified bodies of a man and woman washed ashore.

E. M. Patrick, of Houston, was drowned at the same point, trying to swim ashore from the federal government commissary boat.

Texas Mills, the bridge tender at Seabrook, and a negro were drowned at Seabrook.

Heavy loss to the cotton crop inland is reported and hundreds of bales of cotton were seen floating in the receding waters between Houston and the Galveston causeway.

Port Arthur was under six feet of water Tuesday night, but only three deaths had occurred and citizens were being removed from the second stories of houses by relief boats from Beaumont.

No word has been received since early Monday afternoon from Sabine, Sabine Pass, Rollover, Port Bolivar and Caplen, all resorts in the vicinity of Beaumont and all under water.

Brave Feats of Soldiers.

Many brave feats were performed by soldiers of the United States army at Texas City, many of whom narrowly escaped with their lives when they were ordered inland, when the water encroached on the encampment. One especially noteworthy act was that of Sergeant Petty, who swam nearly a mile, carrying a 2-months-old baby. After landing the baby safely he returned and brought in the mother and another child. Sergeant Petty was formerly of the life saving station at Galveston. Much praise was given to the soldiers for their conduct.

One of the most thrilling stories that has reached Houston is that of R. D. Armstrong, of Morgan's Point, who held to a raft and drifted nine miles, buffeted by the high waves and wind, before he was rescued. He was picked up by the yacht Mary Ima and taken to Harrisburg.

Armstrong lost all his possessions in the storm. His property was insured for his 15-year-old son, Justin, who has also been accounted for.

FIVE ARE DEAD AT PORT ARTHUR.

Port Arthur, Texas, August 18.—(By courier to Beaumont.)—Port Arthur's death list as far as known tonight was increased to five by the drowning of an unknown negro. So far as known tonight, only one person is missing, it having been reported that a white man named Murphy was marooned at Port.

Two serious fires occurred here today, entailing a loss of about $25,000. It was believed the fires originated in building material warehouses where large numbers of barrels of unslacked lime were stored.

Property here is estimated at $500,000. Looting of homes vacated by owners as a result of high water has been commenced, but looting may be declared to check it.

Three thousand loaves of bread were distributed here today.

At the village of Caplen only one cottage remained today. This structure was occupied by three men, the only persons in the village who did not flee when warned to seek safety. One of the occupants reached here today and reported. He sent the others tomorrow.

At Rollover every building was destroyed by the wind and high water. Water covered the streets of the village to a depth of 4 feet. All railroad tracks in that vicinity were washed out and there was only one telegraph pole left standing for a stretch of 11 miles. The water was about 7 feet deep at Rollover, and thousands of dead cattle were seen by parties coming in from Caplen.

One man was unaccounted for at Caplen. He remained in the hotel there and the building was destroyed.

CREW OF DREDGE BELIEVED DROWNED.

Houston, Texas, August 18.—Twenty-five members of the crew of the government dredge San Bernardino, which was plying the inter-coastal canal below Galveston during the hurricane, are believed to have been drowned. The government dredge San Hoquinn was driven aground near Galveston and some of her crew of fifty-six are reported lost.

FEAR FOR LIVES OF 100 PERSONS.

New Orleans, August 18.—Every effort tonight was being made to reach Marsh Island, Louisiana, 25 miles south west of here, where more than 100 persons are believed either to be marooned or lost. Marsh Island is inhabited mostly are fishermen, but several parties of campers were known to have been there when the hurricane and an accompanying tidal wave reached that vicinity Monday night and Tuesday. Several points within 50 miles reported today that the ship channel was too rough for any vessels there to make the trip to the island and an appeal was sent to Governor Hall, who directed the state conservation commission to direct one of its large boats to work on flood supplies and go to the rescue.

OVER 200 PERSONS FOUND TO BE SAFE.

Beaumont, Texas, August 18.—High Island, Orange and Caplen no reports of life had been received. Persons who remained at Port Bolivar were found today to be safe, all of them having taken refuge in the lighthouse.

Three persons reported as having been drowned in the Sabine-Neches canal, one of the number being Griffith, 23, of Orange, having lost his life when a houseboat was overturned by the wind.

More than 200 persons who remained at Sabine and Sabine Pass after having been warned of the approach of the hurricane were found safe today. Many took refuge in the schoolhouse, while others remained in their homes. Buildings were reported as having been heavily damaged by the wind and water.

Captain and Mrs. Harper, of the dredge Haden, owned by the Bowers Southern Dredging company, and several children, were rescued today by the steamer Katherine after they had been hanging to willow trees in the Sabine-Neches canal for fourteen hours. The houseboat on which Griffith was drowned, and which the Harpers occupied, was overturned Monday night. While they were clinging to the willow, the bodies of a man and woman, clad in bathing suits, swept by the canal.

FEARS FOR THE SAFETY OF STEAMER MAROWIJNE

With 35 Passengers Aboard, Vessel Was in Path of the Tropic Storm.

New Orleans, August 18.—The American steamship Marowijne, of the United Fruit company's line, more than forty-eight hours overdue from Belize, Honduras, had not been reported as an early hour tonight, and uneasiness as regards the safety of the vessel still had not subsided. The steamer, with thirty-five passengers and a large crew aboard, left Belize at 10 o'clock Friday morning, and should have reached here at 6 o'clock Monday night. She was supposed to have been directly in the path of the hurricane which swept through the Yucatan channel saturday, and officials of the line are of the opinion that the vessel probably was in the center of the storm when the hurricane reached that vicinity.

The passenger list was not available here, but it is known that Edward N. Tobey, the scientist, and the Rev. John Mahoney, both of St. Louis, were aboard.

Steamship officials tonight declared that if such is the case, she may be drifting up the Mexican coast, in the theory that Captain McLaren might have put into some cove until clear weather is assured.

All efforts to reach the vessel by wireless have been fruitless, the last response received having been from a steamer which sighted her after the Marowijne had left Belize. The Marowijne is a steel, screw steamer, 192 gross and 2,016 net tons. She was built by Workman, Clark & Co., in Belfast, in 1903, and for some time prior to the outbreak of the war flew the registry several months ago was sold to Norwegian owners. The vessel is 339.5 feet in length, 42.5 feet beam and 15.9 feet in depth.

FISHERMEN REVIVED; THREE SAILORS LOST.

Mobile, Ala., August 18.—Captain Murphy, the master, and two of the crew of the steamer Comanche, Lyde M. Deering were lost when the vessel was wrecked in the gulf of Mexico several hundred miles south of Mobile, according to information received here today by the owners of the steamer. The rest of the crew were rescued from the hulk of the steamer Comanche Crowell, from New York to New Orleans, and are being taken to the latter city.

The Lyde Deering, which was owned in New England, was bound from Galveston to Texas City, and it is reported that the two men lost were swept overboard by the heavy seas which were encountered by the Comus. The schooner went to pieces.

The steamer passenger Lizzie E. Dennison, which sailed for Mobile from Progreso, Mexico, on Monday, also encountered the storm at its worst, reached port safely today. A part of her rigging was also otherwise badly damaged. Captain Walter Bodden, of the Dennison, which is a new boat and is considered entirely seaworthy, believed he weathered the storm safely and continued for Puerto Cortez. Nothing has been heard of other vessels from the Gulf known to have encountered the hurricane.

SHIPS ARE RELEASED BY BRITISH AUTHORITIES

London, August 18.—The Swedish steamer Ferm, from Hudiksvall, July 29, for Stockholm; the Norwegian steamer Styrn from Baltimore, July 28, for Malmo, and the Norwegian steamer Helga, from New Orleans, July 17, for Aalborg, all detained by the British authorities, have been released.

The Swedish steamer Kronprinsessan Margareta, from Pensacola, June 22, for Stockholm, detained at Kirkwall August 13, has been ordered to discharge her cargo for action by the prize court.

CAMPS OF PRISONERS INSPECTED BY SHARP

Paris, August 18.—William G. Sharp, American ambassador to France, accompanied by Lieutenant Colonel Spencer Cosby, military attaché of the embassy, has just returned from a personal visit to detention camps, civil and military, in which Austrian and Hungarians are interned.

Ambassador Sharp and Colonel Cosby traveled about 500 miles through central France, inspecting camps in which Tours, Limoges and Nevers, in which contain 5,000 prisoners of war, and the camp at Clermont-Ferrand, where 1,000 civilians are detained.

Mr. Sharp said today he had intended for some time to visit personally camps which would fairly represent typical conditions, as he had been impressed with the sanitary conditions. There was almost no illness, he said. Each prisoner had a cot. Mr. Sharp said, is allotted a plot of ground for a garden, and there is a beautiful display of flowers. Children are being taught in schools, and the prisoners are left to run through the people were not under detention.

Ambassador Sharp intends to make other visits to the great prison camps in Normandy and on the west coast of Brittany.

The work of looking after the persons, and the property of Germans and Austro-Hungarians in France involves a great mass of correspondence at the embassy.

As only personal visits to a camp would, in the judgment of the ambassador, supply adequate information representatives from the embassy staff and occasionally other American officials are sent to examine conditions in the prison camps, at which in all there are about seventy in France, Corsica and Algeria. Some of the places have been visited three times.

The French always have given consideration to suggestions for changes in conditions, according to the ambassador. The military camps are largely under the discipline of the prisoners' own officers.

KITCHENER INSPECTS WESTERN BATTLE LINE

Paris, August 18.—A joint inspection of parts of the western battle line was made Monday by Lord Kitchener and Alexander Millerand, minister of war, accompanied part of the time by General Joffre and Sir John French, commander-in-chief of the French and British armies. An official note says the two war ministers were greatly impressed by the splendid appearance of the troops and their high morale.

Speaking at the close of a dinner Tuesday evening, M. Millerand declared he felt highly honored to have Lord Kitchener's visit and was glad to learn from the British field marshal own lips of the complete understanding the two nations. Addressing the British war minister directly, he said:

"Let me assure you France is united. People, parliament and government never have been more firmly determined, in close accord with our heroic and faithful allies, never to lay down our arms until the day arrives when we shall have attained our goal, and if the road to it appears long the price is sufficiently high to justify us, paying for all the delays, difficulties and sadnesses along the road, because the price is the liberation of the world."

Lord Kitchener thanked M. Millerand for his invitation to visit the French front and said that after seeing the splendid troops of General Joffre he could understand the French victories. The situation as the British man was resolved to make the greatest possible effort to carry the war to a finish.

Holy But Doubtful.

(From The Cincinnati Times-Star.)

Rumania thinks it has a holy mission to perform in this war—but it has not yet quite made up its mind on which side to fight.

Noted Suffrage Leader

DR. ANNA HOWARD SHAW.

Dr. Anna Howard Shaw, the famous suffragist leader, is deeply gratified at the reception accorded her and the suffrage movement in general at Orange, N. J., on the occasion of the dedication of the Lucy Stone memorial tablet. Dr. Shaw predicts that both New York and New Jersey will vote in favor of women's suffrage this fall.

Lash Is Being Used By "Possum Hunters" In Kentucky Counties

Nashville, Tenn., August 18.—"Possum hunters" have become active in Caldwell and Christian counties, Kentucky, according to specials received here from Princeton and Hopkinsville today. In the northern part of Christian county fifteen men masked and armed went to homes of white and negro people. Several persons were whipped. Notices were left for the residents to move from the community.

At Princeton a negro was notified to leave and a bundle of thorn switches were left at the brick yard of J. K. McGoodwin, and as a result twenty negroes employed has discharged his negro laborers. Mr. McGoodwin is the father of Preston B. McGoodwin, minister to Venezuela.

NEW ORLEANS GIVES WELCOME TO CARDOSO

New Orleans, August 18.—The services rendered the American government and American citizens in Mexico by Jose M. Cardoso de Oliveira, the Brazilian minister to Mexico, who for sixteen months was in charge of the affairs of the American embassy in Mexico City, were recognized in the welcome accorded him by federal, state and city officials upon his arrival here today from Vera Cruz. Through the day Mr. Cardoso was the guest of the state and city at various functions, which included a luncheon tendered by Mayor Martin Behrman, and a dinner by Governor L. E. Hall. Mr. Cardoso and his family left tonight for Washington. After a brief stay in the capital they will go to New York and from there to Brazil.

In addition to sending Leon J. Canova, chief of the division of Latin-American affairs of the state department, to New Orleans to meet Mr. Cardoso, Secretary Lansing sent the following telegram of welcome and greeting to the minister:

"Please accept my sincere congratulations upon your safe arrival after a perilous and unpleasant voyage. I desire, on behalf of this government, to extend to you a warm welcome to the United States and on behalf of myself expressions of warm regard and esteem.

Mr. Cardoso would not discuss Mexican affairs, declaring that he expected to hold a conference with Secretary Lansing, at which time he would make a full report as regards the situation in the southern republic.

The minister declined to confirm the report that he left Mexico City because of friction with the Carranza government. He indicated a feeling of disgust over some of the negotiations which he was forced to undertake in Mexico City during the many changes in administration resulting from the revolution, but said he departed on a leave of absence because he was tired and greatly in need of a rest.

"The fact is, that I am tired, and I am glad to get away from Mexican affairs," he said. "I was granted a leave of absence by the Brazilian government nearly six months ago, and expected to leave Mexico City months ago. I continued to postpone my departure because of the very urgency of matters that were required attention, and finally, about ten days ago, I decided that it was absolutely necessary for me to take a rest without more delay."

Better Beware.

(From the Pittsburg Gazette-Times.)

A London correspondent has heard that the Germans' real objective for their invasion is not England, but Scotland. If they try any tricks with Skibo castle they needn't ever expect any gifts of libraries and pipe organs.

VENIZELOS DEMANDING HIGH PRICE FOR GREECE

Argues That Austro-German Successes Augment Value of Greece to Allies.

Rome, August 18.—(Via Paris.)—Advices of a confidential nature received here from Athens outline what is declared to be the policy decided on by former Premier Venizelos, who has been asked by King Constantine to form a cabinet and has announced his readiness to do so. The outline is substantially as follows:

Venizelos affirms that he has no preconceived bias against the central empires. What he wishes to achieve, the advices state, is the union of all Greek territories, which in his view is only obtainable now by fighting Turkey.

Accordingly, should Greek aspirations by co-operation with the entente allies, would, in the view of M. Venizelos as understood from Athens, have been easier before Italy entered the war because of the occupation by Italy of Aegean islands claimed by Greece and now further complicated by Greek expansion in Epirus, in southern Albania, and threatening Italian jealousy.

M. Venizelos, it is declared, may consent to certain territorial concessions in the Balkans on the condition that Greece maintain a predominant position in the peninsula, but he will not consent with the entente allies now implies a greater demand than he represented view of M. Venizelos, since Austro-German successes augment the value of her interventions.

The former premier's object, the Athens advices declare, is to obtain for Greece what Cavour achieved for Italy, and he feels that she must have her national unity through becoming a great power in southeastern Europe satisfied, or risk nothing.

London, August 18.—Ex-Premier Eleutherios Venizelos today notified King Constantine of his readiness to form a new Grecian cabinet in succession to the present ministry, which resigned at the opening of the Grecian parliament Monday, according to a dispatch to the Central News agency, from Athens.

SERB PARLIAMENT TO MEET IN SECRET.

London, August 18.—A Reuter dispatch from Nish, Serbia, says:

"The outcome of the deliberations of the Serbian parliament, which is expected to hold secret sittings Thursday and Friday, is awaited with anxiety in the Balkans. On Tuesday the proposals of the government were the object of an exhaustive examination by the cabinet.

"Opinions seemed divided at present regarded the course Serbia should pursue. Diplomatic activities are being followed with the deepest concern."

DR. PARDO TAKES OATH AS PRESIDENT OF PERU

Lima, Peru, August 18.—The new president of Peru, Dr. José Pardo, took the oath of office today. A public holiday in honor of the event was celebrated. The army was drawn up in the streets. Labor organizations and other societies paraded with their banners and bands.

A new cabinet has been formed as follows: Minister of foreign affairs, Enrique de la Riva Aguero; interior, Dr. Luis Julio Menendez; finance, Aurelio Garcia y Garcia; justice, Ignacio Valera; war, Colonel Benjamin Puente; public works, Dr. Belisario Sosa.

WILSON IS INDORSED BY SENATOR LODGE

Boston, August 18.—The position of the administration as outlined in the note to Austria-Hungary refusing to put an embargo on the exportation of munitions of war, was indorsed today absolutely and unquestionably right" by United States Senator Henry Cabot Lodge, senior member of the foreign relations committee, in an address at a republican rally at Worcester tonight. Senator Lodge said that he was the more anxious to state his mind on the question since he announced at Worcester a few days ago that he had no belief in the doctrine that it is the duty of Americans to stand behind the president right or wrong.

"I feel it my duty to say so," he continued, "all the more because on this question there has been throughout the country an active agitation, engineered by people who pay, as it seems to me, the interests of a foreign country first and the interests of the United States second. The president has not sought to take refuge under this or that party name in the executive. He has declared in the note to Austria-Hungary the position of the United States, and that makes it no party question.

She Meant in Price.

(From The Louisville Courier-Journal.)

"Bathing suits are one-third off this week," said the saleslady, "they may be one-half off."

"Then buy now," suggested her husband. "One-third off is bad enough."

WAR BOOK COUPON PRESENTED BY The Atlanta Constitution Only One Coupon and 98c

NATIONS AT WAR By WILLIS J. ABBOT

A $3 Book For 98c

This is a COMPLETE story of the war from the unbiased viewpoint of a large staff of experienced war correspondents and artists covering every strategic point. Printed from large, clear type on an enormous paper, 9x12 inches of heretofore unprinted text, 32 full pages color plates and 448 uncensored photographs. This is the greatest war story ever attempted.

Read How You May Have It Almost Free

Cut out the above coupon, and present it at this office with the expense amount of 98 cents (which covers the items of the cost of packing, express from the factory, clerking, clerk hire and other necessary EXPENSE items), and receive this splendid big book.

MAIL ORDERS—By Parcel Post include EXTRA 33 cents within 150 miles, 37 cents 150 to 300 miles; for greater distance add your postmaster amount to include for 4 pounds. Books by mail and insured when the extra postage is included. When not included books will be sent by express, charges collect.

THE WINDOW LOOK IN

This Delay's Not Ours

A recent newspaper story represented others as saying we've delayed the Ponce de Leon avenue and Pryor street pavements.

You may be interested in one of those thoroughfares. Because we value your good opinion, we want to set you straight.

WE HAVEN'T DELAYED EITHER OF THOSE PAVING JOBS ONE MINUTE.

When we laid our tracks on Ponce de Leon avenue beyond the springs, several years ago, we adhered to the grade given us by the city. Recently we've been ordered to lower our tracks—AT A COST OF SEVERAL THOUSAND DOLLARS TO NOBODY BUT US. BUT WE CAN'T EVEN BEGIN OUR WORK UNTIL OTHERS, WHO ARE PAID FOR IT, HAVE TAKEN UP THE OLD PAVEMENT. That's just been started. We've quite enough to do our share with dispatch when that's finished.

On Pryor street we rebuilt our outbound track MONTHS AGO. WITH THAT WE FINISHED. The business of putting down the new pavement was not ours. We had nothing to do with the fact that it was not done until recently.

On the inbound Pryor street track we had but to rebuild a short block. That took less than a week. All the rest (2,600 feet) has been ready for the new pavement FROM THE START.

We take real pride in doing our share of such work CAREFULLY and QUICKLY and WELL.

WORKING ON LOAN FOR GREAT BRITAIN

Big Reduction to Be Made in Amount of Issue—Instead of $500,000,000 About $150,000,000 Will Be Offered.

New York, August 18.—A reduction in the proposed foreign loan, to be floated here, from the half billion dollars first suggested to $100,000,000 or $150,000,000, seemed probable tonight as the result of all-day conferences of international financiers here and by cable between New York and London.

It was believed this amount would be inadequate to meet the volume of bills coming due rapidly against foreign buyers of American supplies, but it was felt it would right the foreign exchange markets temporarily at least and restore to normal value foreign moneys.

The chief reason for the contemplated reduction in the size of the loan was understood to be the belief that too big a loan could not be placed readily here.

Wires to England vibrated all day with questions and answers, proposals and suggestions. At the close of the day negotiations had not assumed concrete form.

According to reports, collateral for the proposed loan was to consist partly of American securities, partly of British external notes and partly other collateral of a character not yet determined.

Reason for Reduction.

Reasons for the radical reduction caused much speculation. Wall street heard that a canvass had been made by the syndicate considering the loan and the result of the canvass showed that there was not now a widespread demand for foreign securities of this character. Besides, it was thought that international bankers who propose to finance the loan would not hazard its failure by making the amount too large; but would prefer to have a smaller loan oversubscribed than see a large one fail.

As to rumors that a large amount of gold would be sent to the United States to help pay off foreign indebtedness, financiers asserted today they would deplore the arrival of a great quantity of gold. The present supply, they said, is unprecedented; in fact, more than sufficient to meet any emergency in the domestic financial situation. To draw more gold from foreign countries, they said, would serve no good purpose here, but would tend to wreak injury abroad by weakening foreign reserves already low. In addition a superabundance of gold here, it was feared, would cause a tendency toward inflation.

Attitude of Washington.

Whether the Washington administration would sanction the actual underwriting by American bankers of a large loan to Great Britain or her allies at first occasioned some speculation. Careful study of the situation, however, led to the belief that inasmuch as the entire loan would be used to pay for supplies purchased in America there would be no opposition.

In connection with American collateral which might form a considerable part of a British loan, it was intimated that the British government might impose a heavy tax on all such securities which might be withheld by their British owners from participation in the loan.

It was learned that J. P. Morgan & Co. had virtually concluded arrangements for the sale of the 135,000,000 francs of Pennsylvania railroad 2½ per cent bonds, which formed the major part of the $42,000,000 loan recently made by the French government through the Paris house of Rothschilds. It is proposed to sell these bonds to the railroad through their representatives, Kuhn, Loeb & Co., and the difference between the amount loaned on the bonds and the sum paid would be paid to the French government, which will liquidate the amount of that obligation by payment to Morgan & Co.

Another Loan for France.

There were indications, however, that negotiations now pending between London, Paris and Paris would result in another loan, probably of larger amount than this one. As the French government will have very heavy payments to make in this country before the end of September, the amount involved on any new undertaking with American bankers will depend largely upon such relief as Paris may be able to secure through London.

Notwithstanding the unsettled situation, there was no further weakness in exchange rates today. On the contrary there was a slight improvement. Rates on London and Paris, particularly the latter, improved and London, were fortified late in the day on renewed offerings of bills.

The course of exchange on London again demonstrated that much of the recent decline in sterling resulted from speculation rather than legitimate business. In the parlance of the street, there has been much short selling of exchange on London for many weeks and covering of contracts has followed. Some interests, it was commonly reported, had waited too long to do this, to their sorrow.

Sterling opened a cent to a cent and a half above yesterday's low record, went a cent higher still, or thereabouts, at midday, but sold off at the close of the market and lost a great part of its gains. Francs were quoted at 5.93, seven cents better than yesterdays' low. Lires and other continental exchange were relatively steady on nominal trading.

COTTON AND EXCHANGE DISCUSSED BY LONDON.

London, August 18.—The twin problems of American cotton and American exchange occupy a prominent place in the London morning newspapers today. The Daily Telegraph's fiscal expert, after declaring that an American loan of at least a half billion dollars will be necessary to adjust the exchange rate, says the exchange situation is complicated by the developments with regard to cotton.

"It is a great pity," this expert says, "that an American loan was not arranged some weeks ago, for a matter is now emerging up which may cause unpleasantness in the states. The declaration of cotton as contraband will probably give rise to a protest in America and if we meet this protest by undertaking to buy large quantities of cotton we shall find our indebtedness to the states and our adverse trade balance only augmented."

The Times believes that whatever action is taken will have the co-operation of the French and Russian governments," says the Times, "we are aware that the decline in British credit unless promptly adjusted, must work infinite damage to the allies' cause.

The Daily Chronicle declares there is ground for the hope that United States will view in a favorable light the action declaring cotton contraband.

"It regularizes our positions," it says this country and removes the taint of illegality which American opinion rightly sensitive, has attached to some of our actions under the orders in council. There remains the problem of dealing with the American cotton interests in the southern states. It is the inevitable incident of war that the innocent must suffer."

NO COMMENT AT WASHINGTON.

Washington, August 18.—Administration officials made no comment today on the prospect of a great British loan in the United States. So far as is known President Wilson has not changed his attitude expressed a year ago in this formal statement:

"There is no reason why loans should not be made to neutral nations, but in the judgment of this government loans by American bankers to any foreign nation which is at war are inconsistent with the true spirit of neutrality."

There is no authority by which the president or the government could forbid American bankers to make a loan, but heretofore the bankers have indicated that they were reluctant to act in contravention of the president's expressed policy.

PESSIMISTIC VIEW IN REGARD TO PEACE

Washington, August 18.—A pessimistic view of the outlook for peace in Europe was given to President Wilson today by Miss Jane Addams, Dr. Balch, of Boston, who visited Norway, Sweden, Denmark, Russia, Holland and Great Britain as a representative of the International Peace conference, which met at The Hague. A report on the attitude of other European countries was given the president recently by Miss Addams.

Miss Balch told the president that in Norway, Sweden, Denmark and Holland she presented to officials a resolution adopted by the conference advocating a conference of representatives of neutrals to bring about peace. She said officials showed interest, but gave no definite promises to take the movement up. There was a general desire, however, for the war's speedy end, she said.

When the belligerents do meet to discuss peace terms, Miss Balch informed the president, women peace advocates will gather at The Hague to advocate disarmament and other peace measures. Women, she said, will propose any peace terms which involve placing the nationals of one country under the rule of another.

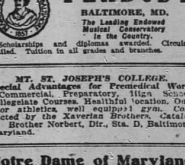
The president displayed interest in Miss Balch's report, and asked many questions.

"PEACE AT ANY PRICE" SCORED BY VETERANS

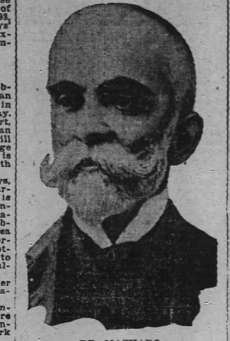
Detroit, Mich., August 18.—Resolutions denouncing "peace at any price" advocates as "decadent American citizens," advocating community mass meetings of patriotism and preparedness, and pledging united support to President Wilson in any crisis which may arise, were adopted by the Veterans of Foreign Wars of the United States at their encampment here today.

"We do not advocate preparedness for war, but preparedness against war," the resolutions stated. "Preparedness which in the event of the catastrophe of war will prevent the enormous initial sacrifice of human lives which has characterized every war in which the United States has been engaged.

"We respectfully urge upon the president of the United States and upon every patriotic American citizen the necessity of protecting American citizens, the enforcement of American humane doctrines and the defense of our national honor. We dare not indulge ourselves in the enjoyments of the blessings of peace while turning deaf ears to cry of distress or to the summons of a righteous cause."



PORTUGAL PRESIDENT



DR. MACHADO.

Mr. Bernardino Machado, who is the new president of Portugal, is serving his millionth term. Fifteen years ago he was the minister plenipotentiary to the United States from Portugal. He made a premature announcement of the death of President McKinley, which resulted in his recall. King Carlos sent messages of condolence five days prior to the actual demise of President McKinley.

THOUSANDS STARVE IN MEXICAN CAPITAL

Continued From Page One.

Hampshire arrived at Vera Cruz today. The wireless dispatch announcing their arrival made no mention of the situation in the Carranza capital. The state department has had no reports either from Mexico City or from Vera Cruz for several days, a storm having wrecked the telegraph lines at the cable end at Galveston and probably also at Vera Cruz.

Mr. Cardoso, the Brazilian minister to Mexico, who arrived at New Orleans today on the gunboat Sacramento, is expected to reach Washington Friday.

Dr. Henry Allen Tupper, special peace commissioner in Mexico of the International Peace Forum, who arrived in Washington today from Tampico, said this country was given to him by General Carranza, who was anxious to have it delivered to the American people.

"May I assure you, and through you, the American people, that I have for the president of the United States his government and the citizens of the United States the highest regard and sincerest friendship, and I am quite sure if they knew my plans and purposes they would give me their fullest sympathy and their cordial appreciation."

"As to the outcome of the Pan-American appeal for a peace conference," said Dr. Tupper, "General Carranza is very sensitive regarding interference in the internal affairs of his country. Within Mexico hope for peace lies with General Carranza's party."

A dispatch to the Villa agency tonight from Dias Lombardo, Villa foreign minister at Chihuahua, announced that troops under General Canute Reyes had effected a junction with those under Roque Gonzales Garza and other commands made in the central part of the republic. "Together," the message said, "they have established complete control of the states of Hidalgo, Queretaro, Michoacan and Guanajuato, and practically for the time have occupied the city of Aguas Calientes."

Since the evacuation of Mexico City by Zapata forces the northern and southern divisions of the convention have not been in communication.

A dispatch tonight from Carranza's foreign minister said that order and quiet prevailed in Mexico City. Five thousand sacks of flour were to be shipped from Vera Cruz tomorrow, while two carloads of Red Cross corn would be expedited to Mexico City by the Carranza government.

MORTUARY

(All Funeral Notices Appear on Last Page.)

Mrs. Mary Myers.

Mrs. Mary Myers, aged 59 years, died at the residence, 91 Williams street, yesterday afternoon at 4 o'clock. She is survived by her husband, G. Myers, one daughter, her mother, three brothers and three sisters. The body is at Poole's chapel.

CATHOLIC SOCIETIES CLOSE CONVENTION

Toledo, Ohio, August 18.—The fourteenth annual convention of the American Federation of Catholic societies, ended here today. John Whalen, LL.D., of New York, was re-elected president and Anthony Matra, of Chicago, was chosen for his fourteenth consecutive term as national secretary. The 1916 convention will be held in New York. Other cities that asked for the convention were San Francisco, Kansas City, Buffalo and Chattanooga.

Bishop James A. McFaul, of Trenton, N. J., declared against the establishment of a Catholic daily press. He said newspaper publishing were purely a commercial enterprise and that conditions within the federation were not favorable at present for the promotion of such a project.

Charles I. Denechaud, New Orleans, was chosen as a member of the new executive board.

RUPTURE IS APPROACHING FOR ITALY AND TURKEY

Rome, August 18.—(Via Paris.)—Relations between Italy and Turkey are becoming more strained. There are indications that a rupture is approaching. The foreign minister, Baron Sonnino, has made the most vigorous representations to the Turkish ambassador concerning matters in dispute, particularly Turkey's detention of Italian subjects.

It is understood an appeal has been made to Washington to induce Turkey to carry out her promises to Henry Morgenthau, American ambassador at Constantinople, that Italians be permitted to depart from Turkey. In this connection great interest has been aroused by a report that Mr. Morgenthau has dispatched American ships to Beirut and Smyrna to facilitate the departure of Italians.

Instructions have been sent to the Italian embassy at Constantinople to obtain immediate satisfaction.

HIGH RATES CHARGED FOR THE LIBERTY BELL

Philadelphia, August 18.—Declaring that railroads in the southwestern states are demanding excessive rates for the transportation of the Liberty bell for part of its homeward journey, members of the committee of councils having the trip in charge will meet next Monday, prepared to revise the itinerary which had been tentatively agreed upon.

Although the return journey is 1,400 miles shorter than the northern route taken on the outward trip, the transportation charges are much higher and it is declared that several of the proposed side trips may be abandoned. For instance, it is pointed out by members of the committee that a rate of $1 a mile is demanded for the 25 miles between Maricopa, Ariz., and Phoenix, while the rate for the 148 miles between Cleveland, Ohio, and Pittsburg is only $2.25, a fraction over $2.25 a mile.

Other trips for which it is alleged an excessive rate is demanded are those between San Francisco and Niles, Cal., and from Dublin, Texas, to Dallas.

FELDER URGED TO RUN FOR MAYOR OF MACON

Believed Alderman W. G. Lee Will Oppose Bridges Smith.

Macon, Ga., August 18.—(Special.)—A petition is being circulated here urging Thomas S. Felder, a recent candidate for the United States senate, to offer for mayor of Macon at the coming municipal election in opposition to Bridges Smith. The movement has not gained very wide proportions as yet.

Alderman W. G. Lee is also considering entering the race, and it is believed he will do so, regardless of whether any one else does.

Would Buy Ballard School.

Macon, Ga., August 18.—(Special.)—The members of the Macon Hospital commission are in New York for the purpose of conferring with the American mission relative to the purchase of the Ballard school property located next to the present city hospital.

The Ballard school is a negro institution, and negotiations have been conducted for some time with a view to acquiring the property for the city. The deal was progressing as rapidly as desired, and the commissioners decided to go to New York and hurry it along.

It is understood about $30,000 will be involved if the purchase is made.

Is Held for Forger.

Macon, Ga., August 18.—(Special.)—Frank Coley, a jitney bus operator, of Athens, is in the city prison here, held on a charge of forgery. He is alleged to have given a check to a local garage man, the paper being drawn on a bank at Camilla. At the preliminary hearing this morning the point was raised by the defense that there was no such bank as the one the check was drawn on, and it had not been presented to any bank for collection, therefore the defendant could not be held. When this point developed the case was continued until tomorrow in order to give the city detectives time to investigate.

Big Barbecue Today.

Macon, Ga., August 18.—(Special.)—Between 300 and 400 retail grocers and their employees will eat barbecue tomorrow afternoon at the Recreation club as the guests of a local baking concern. Some of the fattest porkers in the county have been slaughtered for the feast, which will be prepared in "A la Bill Young" style. The entire city council has accepted an invitation to attend the barbecue.

BRITISH GOLD SENT TO CALIFORNIA BANKS

San Francisco, August 18.—Two million dollars in gold sovereigns, in British coinage, arrived here today on the steamer Ventura, shipped by Australian bankers and consigned to three San Francisco banks, to be exchanged for United States gold coins.

The money is to be placed to the credit of Australian and English banks temporarily.

The British gold was received here by the Wells-Fargo Nevada National bank, the Canadian Bank of Commerce and the Anglo and London-Paris National bank.

The shipment of the gold here was said by the banks to be profitable because of the present low rate of exchange.

RECEIVER IS NAMED FOR BIG SHIP CONCERN

Insolvency of the International Mercantile Marine Is Admitted.

Trenton, N. J., August 18.—A receiver was appointed for the International Mercantile Marine company, a New Jersey corporation, by Vice Chancellor Backes in the court of chancery today.

Chauncey G. Parker, of Newark, is the receiver. Counsel for the company admitted the allegations of insolvency. The application was made by Emerson E. Parvin, of Plainfield, N. J., a stockholder.

The company has a total authorized capital of $120,000,000.

According to the complaint the company has defaulted on the payment and principal and interest on $32,594,000 of 4½ per cent bonds, and $17,682,000 of 5 per cent bonds.

Vice Chancellor Backes fixed September 25 in Newark for any stockholder who may wish to apply for a modification or vacation of the order.

New York, August 18.—The appointment of Chauncey G. Parker as receiver in New Jersey of the International Mercantile Marine company, it was said today at the company's offices here, was in proceedings similar to those instituted against the company last April when a receiver was appointed in this state. Mr. Parker, it was said, was appointed ancilliary receiver in New Jersey with supervision over the company's affairs in that state only.

P. A. S. Franklin, former head of the company, is receiver in this state.

NEW EARTH FLUID HELPS THOUSANDS

Demand for Remarkable Substratum Product Spreading Rapidly Over World.

Throughout the South sick and ailing people are finding unexpected relief in the earth product known as Vitalitas. Its effects upon the human system in many forms of weakness and disease are marvelous. In many cases chronic ailments it gives relief and cure after all other treatments have proven ineffectual. People who have despaired of earthly help have found new vigor and a return to health in the use of Vitalitas. Upon healthy tissues it has little or no effect. It is like the acid test for gold. Applied to pure gold the acid is passive, but where there are impurities it singles them out and begins their annihilation.

Those who suffer indigestion, biliousness, rheumatism, nervous debility, catarrh and disorders generally of liver, kidney, bowels and blood will find benefit and cure in this earth medicine. A child or delicate invalid may take it.

Stop in today and talk with the demonstrator and sample Vitalitas at Jacobs' Pharmacy, 23 Whitehall St., or write there for information.—(adv.)

TODAY ONLY

Actual Naval Battle Shown at Strand

The Strand is offering an exceptionally strong program for Thursday. The management has added as an extra attraction in connection with the Metro Feature, "A Royal Family," a most wonderful and truly remarkable picture of an ACTUAL NAVAL BATTLE that took place in the Black Sea during the present WORLD WAR. The Photographer, George Ecold, took the pictures from the deck of one of the great battleships and was decorated with the Cross of St. George for bravery.

The Photography is excellent, and one sees the Russian ships sailing out of the harbor of Sebastopol just as the sun lifts over the hills. The fleet sails out into the sea and comes into SHOOTING DISTANCE OF THE ENEMY. There is an ominous silence on deck as the muzzles of the great guns, like a tiger scenting its prey, move about in search of the exact range.

Then the bombardment begins and one can almost hear the roar of the great guns as they discharge their destructive projectiles in the direction of the enemy.

You see the SINKING of TURKEY'S LARGEST BATTLESHIP, the Medjidie, as the result of the bombardment, and after the engagement the Turkish Crescent is hauled down and the Russian naval ensign hoisted in its place.

This is unquestionably the most remarkable battle scene ever photographed.

EDUCATIONAL EDUCATIONAL

SOUTHERN COLLEGE OF PHARMACY

Largest Pharmacy School South. Drug store in the college. New location and equipment. Large chemical and pharmaceutical laboratories. Moderate expenses. Demand for our graduates exceeds supply. FALL SESSION BEGINS OCTOBER 1ST. Write for catalog. Address

W. B. FREEMAN Sec'y, 65½ Walton Street, ATLANTA, GA.

ATLANTA LAW SCHOOL —ESTABLISHED— 1892

Faculty of leading and successful lawyers and judges. Access to Courts. Two-year course leads to degree of LL.B. Diploma admits to the bar without examination. For catalogue and information address HAMILTON DOUGLAS, Dean, ATLANTA, GA.

NIGHT CLASSES SPECIAL COMMERCIAL LAW COURSE FOR BUSINESS MEN

NORTH GEORGIA AGRICULTURAL COLLEGE

BRANCH OF UNIVERSITY OF GEORGIA

Next session begins first Wednesday in September. Actual necessary expense covered by $185. This includes board, lodging, books, fuel, lights, washing and two uniforms. Located in the mountains. Away from city distractions. Obedience, love of order, regularity of habits, self-dependence, taught every student. Finest military department and cadet band in Georgia. Both under supervision of United States army officer. Thorough instruction in A. B. and B. S. courses. Full courses in Agriculture, Civil Engineering and Commercial Science. Boys live in our dormitories at all times under control of officers. Application must be made early to secure room. Last year we had to turn away boys for lack of space. Write for catalogue.

Dunwody-Hall.

The wedding of Miss Elizabeth Dunwody and Mr. William D. Hall took place last evening at 7 o'clock at "The Nest," the home of the bride's mother, Mrs. Cornelia Dunwody, in Kirkwood.

The house was beautifully decorated for the occasion with ferns and quantities of pink roses. The altar in the drawing room, before which the bridal party was grouped for the ceremony, was a bank of handsome palms and ferns massed with Paul Neyron roses and lighted with pink tapers. The bride's sister, Mrs. Wright Jackson, was matron of honor, and Miss Cornelia Dunwody was maid of honor.

Miss Annie Kate Green, Miss Roberta Robson and Miss Jean Robson were bridesmaids, and the flower girls were Georgia Dunwody and Mary Viley. Rev. Carl Barth, of the Kirkwood Presbyterian church, performed the ceremony in the presence of only relatives and a few intimate friends.

The wedding march was played by the bride's uncle, Mr. Marion Dunwody, of Liberty, Mo., and the bride was given away by her brother, Mr. Robson Dunwody, of New Orleans. She was lovely in her wedding gown of white charmeuse and tulle, trimmed in pearls. Her tulle veil was adjusted with a chaplet of orange blossoms and she carried a shower of bride roses and valley lilies.

The matron of honor wore white chiffon combined with net and trimmed in silver. Her flowers were a shower bouquet of pink roses. The maids of honor were gowned in white lace over pink taffeta, and carried baskets of pink roses. The little flower girls were white lingerie dresses and carried baskets of pink roses.

The bride's mother was gowned in black Georgette crepe, with black Chantilly lace.

An informal reception was held after the ceremony, when a group of the bride's girl friends assisted in entertaining. Punch was served on the front porch, which was attractive with ferns and flowers.

Mr. and Mrs. Hall left for a wedding trip east, and on their return will have the home of the groom's parents, Mr. and Mrs. J. A. Hall, for two months, during their absence from the city.

Among the out-of-town guests present were Mrs. Davis Fitzgerald, of Chester, S. C.; Miss Hall, of West Point; Mr. and Mrs. William Hutchinson, of Macon; Mr. and Mrs. Marion Dunwody, of Liberty, Mo., and Mr. and Mrs. Robson Dunwody, of New Orleans.

Club Entertained.

On Tuesday evening the We Ten club were the guests of Mr. J. Elmer Silder, at his home on East avenue. Games and music were enjoyed during the evening, and refreshments were served by Mrs. J. R. Silder and Miss Eva Silder.

Among those present were: Misses Essie Jones, Corrie Gill, Eva Silder, Lillie Mae Nolen, Katherin Says, Lovie McIntyre, Ruth Padgett, Annis Bundick and Mrs. Anna Belle Frost and Messrs. Fred R. Burnett, G. Everett Millican, Ralph Jackson, J. D. Hoffman, E. E. Millican, Earl Silder, C. A. Pope, E. M. Silder, R. H. Johnson, Charles M. Powell and J. Elmer Silder.

For Mrs. Elme.

Mrs. W. E. Carnes will entertain informally this afternoon at tea in celebration of the eighty-fourth birthday of her mother, Mrs. S. T. Elme.

House Party.

Miss Beaufort Mathews is being tendered a house party by Major and Mrs. James Edward Pitewellen at Barrington Hall, their country home near Barbourville, Va.

Among those entertaining in her honor are Mrs. John Chandler, Captain and Mrs. Newman and Mrs. Susie Erskine McGregor.

Miss Sadie Stevens, of Lovingston; Miss Mozelle Gryner and Miss Martha Grover, of Summerset, Va., and Mr. John Brown, of Fort Valley, Ga., are among the guests.

Miss Elizabeth Livingston, of Washington, is expected to spend the week-end and to attend a dance given by Mr. Conway Plewellen.

Miss Mathews will spend a few days at Sweet Briar college, near Lynchburg, before returning to Atlanta.

Ararat Grotto Entertains.

Ararat Grotto, No. 44, M. O. V. P. E. R., gave its first "at home" for the ladies at the Masonic Temple in West End Monday evening, and the occasion was a delightful one for all. Monarch and Mrs. Jack D. Hayes led the grand march, which opened the program, after which dancing was enjoyed throughout the evening, the music being furnished by the orchestra of the Grotto.

The prophets sang several familiar songs, and there were other features of amusement.

Punch was served by Misses Mary and Mildred Ragsdale, Marie and Mamie Tabler, Mary Hookout, Dorothy Duggan, Marie Brown and Dorothy White.

Tea-Dance at Driving Club.

The regular weekly tea-dance took place as usual yesterday afternoon at the Driving club, and was attended by one hundred and fifty guests.

Mrs. Kenneth King entertained Mr. and Mrs. Robert Gregg, Miss Frances Rowland, of New York, Messrs. Welborn Blalock, William Manry and Henry Lyon.

Mrs. George Brine had as her guests Mrs. Arnold Broyles, Mrs. J. D. McCarty and Mrs. A. E. Harlees.

Others having guests were: Mrs. J. J. Haverty, Miss Gentry, Mrs. R. Kiser, Mrs. Sims Bray, Mr. Henry Kennedy and Mrs. Edward Durant.

England-Driskell.

The marriage of Miss Nell Young England and Mr. William Clay Driskell took place Sunday afternoon, August 16, at the studio of the First Methodist church, the Rev. Dr. DuBose officiating.

Terpsichorean Club.

An interesting event of the social week will be the regular dance of the Terpsichorean club Friday evening.

The following officers to be introduced are as follows: C. C. Seleskey, president; W. Rhodes, vice president; Fred Jones, secretary; John Wood, treasurer.

The board of directors consists of the following: Messrs. Charles Wynne, Allan Gray, Walter Bone, Jr., Howard Smith and Phil Glower.

The chaperons of Friday will be:

Mr. and Mrs. B. G. West, Mr. and Mrs. John Blodgett, Mr. and Mrs. S. Cobb, Mr. and Mrs. J. R. Daniell, Mr. and Mrs. E. E. Cunningham, Mr. and Mrs. W. J. Moore, Mr. and Mrs. W. R. Muller, and Mr. and Mrs. Jack Farr.

Watermelon Cutting.

Little Miss Willie Lou Wilson gave a watermelon cutting at her home to friends Wednesday afternoon at her home, 85 Crew street. Those present were: Agnes Wells, Maud Rogers, Margaret Benson, Dorothy Moses, Mary Louise Hightower, Cornelia Elliott, Thomas Benson and Helen Thomas.

SOCIAL ITEMS

Miss Martha E. Wells, who has been quite sick, is convalescing and will soon be able to see her friends.

Mr. George W. Harrison has returned from New Jersey.

***

Miss Evelyn Satterfield, of Cartersville, who accompanied Mrs. Arnold Broyles and Miss Frances Broyles to Tallulah Falls, and has been the guest of Miss Hallie Crawford for several days this week, returned home yesterday.

***

Mrs. Joseph Tilson and son will leave today for Nantucket, Mass. They will be away several weeks.

***

Mrs. C. B. Reynolds and son, Thomas, after spending a few months in Denver, will return to Atlanta some time in September.

***

Mrs. F. A. Parkins has returned from a trip of the great lakes and a visit to relatives in Wisconsin.

***

Dr. John Phelps has returned from Franklin, Ky., where he visited Mr. and Mrs. W. F. Phelps.

***

Miss Alberta Calhoun, of Jacksonville, is visiting Miss Lois Woodward.

SECOND WARDERS WILL DISCUSS THE RECALL

The Second Ward Improvement club will hold a special meeting tonight at 8 o'clock at the Georgia avenue public school building for second ward voters and the general public, and addresses will be made on the campaign now being conducted for the recall of Mayor Woodward and six members of the police committee.

Among the speakers will be Councilmen J. L. McCord, of the second; J. C. White, of the seventh, and Alderman C. H. Kelley, of the second ward, and Walter McElreath, one of the counsel for Beavers in the recent police board trial. President Robert J. Guinn, of the board of education, has also been invited to address the meeting.

The ward meeting tonight is one of the series to be held in each of the ten wards of the city. Following the address committees representing the second ward in the recall campaign, will check the second ward registration list and outline a detailed program for activities in the second.

DR. OWENS TO ADDRESS ATLANTA CITY B. Y. P. U.

The regular monthly meeting of the Atlanta City Baptist Young People's union will be held at the First Baptist church, in the Sunday school room, Thursday evening at 8 o'clock.

The City Baptist Young People's union has been very fortunate to get Rev. William Russell Owen to deliver an address at this meeting. Mr. Owen was for years state president of the B. Y. P. U. and pastor of Capitol avenue church, and left Atlanta about one year ago to accept the pastorate at the Southampton church, in Brooklyn, N. Y. The subject of his address will be, "Calling Out Reserves."

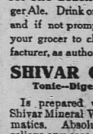
STEPHEN TIGHE LEAVES TO PRACTICE IN DARIEN

Stephen Tighe, who for several years has been a member of the Atlanta bar, will this week begin the practice of law at Darien, Ga., having left a few days ago to take up his residence in that city. Besides his law practice in Atlanta, Mr. Tighe has been connected with a number of organizations here, from which his activity will be lessened. He is second lieutenant in the "Atlanta artillery," battery B, of the First battalion, field artillery, National Guard of Georgia, and was one of the leaders of that body at the recent encampment at Anniston, Ala. He also holds the office of vice chancellor in Capital City lodge, No. 33, of the Knights of Pythias.

SMALL RED BUMPS DISFIGURED FACE

Itched Badly. Scratched Them. Became Big Sore Eruptions. Rough and Scaly.

HEALED BY CUTICURA SOAP AND OINTMENT



"First I noticed on my face and neck little bumps. They were small and red and festered, and they began to itch. They itched so badly that I scratched them and they would bleed and become big sore eruptions. Then my face and neck began to get rough and scaly, and my face was disfigured.

"I used ——— Salve and face creams of different kinds without success. Then I read about Cuticura Soap and Ointment and I got some. I washed with the Cuticura Soap and applied the Ointment afterwards, and in a short time I was healed." (Signed) Miss Edith Pruett, Big Ridge, N. C., March 30, 1915.

Sample Each Free by Mail

With 32-p. Skin Book on request. Address post-card "Cuticura, Dept. T, Boston." Sold throughout the world.

Third Ward Women Will Aid Make Grant Park Beautiful

Friday afternoon the women of the third ward will meet at the bandstand in Grant park to engage in a general clean-up party, their object being the thorough renovation of that beautiful piece of woodland which was given to the city of Atlanta for a perpetual playground. For some years the club has held all summer meetings in the park and has considered the same as being particularly the property of the third ward. Last spring, Park Manager J. O. Cochran was the honor guest at a meeting of the club, at which the subject of parks and park management was thoroughly discussed.

Regretting the insanitary and unbeautiful condition of Grant park, caused by the debris left by picnics and picnickers, the ladies offered to provide suitable baskets to be used in holding the trash until it might be gathered up; the club president was especially anxious to begin a campaign of education like that of New York city, Chicago, where even the very small children are taught to pick up bits of paper, etc., when having the picnics so common in that great city. So the club also offered to provide signs with a message like this: "Please help us to keep the park clean." Manager Cochran seemed delighted with the attitude of the club women, and kindly offered to take off their hands the task of providing both receptacles and signs.

When the club met in the park in June, the women found the bandstand so dirty that the meeting was adjourned to a grassy knoll, where, after removing boxes, paper, bottles, banana skins and what-not, the women proceeded to discuss business, the park conditions forming no small part of the matters discussed. The standing park committee, composed of women whose homes front the park, was sent to confer with Manager Cochran in regard to the unsightly state of the park, compared with that of other parks of the city, although this park is essentially the people's park. Now, since Manager Cochran has given as a reason for the park's unsatisfactory condition the lack of sufficient help, the women of the third ward are determined that no lack of enthusiasm and industry shall be shown. They want the public to know just how near the matter of the upkeep of this attractive woodland lies to the heart of every loyal third ward woman.

So a call is being sent to all women of the ward to set aside Friday, August 20, as a special "clean-up" day for Grant park. Every woman is invited and urged to meet at the bandstand at 3 o'clock p. m., armed with hoes, rakes, brooms, shovels and other implements of warfare on dirt. All will come attired in simple house dresses and such garments as will not interfere with the movements of the work to be done. Manager Cochran seemed delighted with the attitude of the club women, and kindly offered to take off their hands the task of providing both receptacles and signs.

PLAN HIGHWAY TO LINK ALBANY WITH CORDELE

Albany, Ga., August 18.—(Special.)—If the enthusiasm of Mayor J. Gordon Jones, of Cordele, holds out, and if he gets more of the sort of co-operation he is getting from Mayor Henry Tarver, of Albany, and others here, one of the finest automobile and wagon roads in the state will soon connect Albany and Cordele. The three counties interested are Dougherty, Worth and Crisp.

It is approximately 35 miles from Albany to Cordele. The section of the proposed boulevard, which would be in Dougherty, is already built, and there is nearly as good a highway in Crisp. Only through Worth would it be necessary to do any considerable work, and there are evidences that the co-operation of Worth county towns chiefly interested will not be lacking. The road would pass through Oakfield, Warwick and several smaller towns.

Mayor Jones' plan is to organize the Albany-Cordele Boulevard association, and he is ambitious to make the road between the two principal railway centers of southwestern Georgia the finest strip of roadway in the state. A big meeting of representatives of the intervening communities is to be held either at Albany or Cordele in the near future.

HORTICULTURAL SOCIETY MEETS AT CLARKESVILLE

Clarksville, Ga., August 18.—(Special.) The Georgia State Horticultural society, the oldest organization of its character in the south, is in its annual summer convention here today at the Ninth District Agricultural High school.

Professor T. H. McHatton, State College of Agriculture, is secretary of the organization, and has arranged an interesting program. The January meeting will be held at Athens, at the college. There is no election of officers at the summer conference of the society.

VETERANS ENTERTAINED BY MORGAN CO. U. D. C.

Madison, Ga., August 18.—(Special.) The United Daughters of the Confederacy entertained the old veterans of the old Third Georgia and the members of the Morgan County Camp, No. 617, of the old soldiers. A big barbecue will also be given tomorrow.

The entertainment was in honor of the United Daughters of the Confederacy of Morgan county, and was well attended and greatly enjoyed.

SEABOARD SURGEONS NAME ATLANTA MAN AS VICE PRESIDENT

Wilmington, N. C., August 18.—(Special.)—The closing session of the fourteenth annual convention of the Association of Seaboard Air Line Railway Surgeons, meeting at Virginia Beach since Monday, was held aboard the steamer Wilmington on a cruise down historic Cape Fear river this morning, Dr. M. L. Wood, of Montgomery, Ala., the retiring president, presiding.

Jacksonville was selected over Savannah as the next place of meeting, and officers were elected as follows for the ensuing year: President, Dr. R. L. Harris, Jacksonville, Fla.; first vice president, Dr. Frank L. Eskridge, Atlanta; second vice president, Dr. W. A. McPhaul, Lumberton; third vice president, Dr. L. J. Picot, Raleigh; secretary and treasurer, Dr. J. W. Palmer, Ailey, Ga. re-elected; member of executive committee, Dr. R. B. Epting, Greenwood, S. C., re-elected.

Dr. J. M. Burke, of Petersburg, Va., chief surgeon, was presented with a diamond scarf pin in appreciation of his ten years' service in this capacity and Dr. J. W. Palmer, of Ailey, Ga., secretary of the association since its organization, was presented with gold cuff links.

"THE man of genius conceives methods; the man of talent carries them forward to completion." Both of these fellows work for the

Capital City Laundry

HIGHWAY MEETING TO BE HELD TODAY IN ELLIJAY, GA.

A rally of representatives of Fannin, Gilmer and Pickens counties to further the projected highway from Atlanta to Murphy, N. C., will be held today in Ellijay. Charles J. Haden, president of the Georgia Chamber of Commerce, will be one of the leading speakers at the meeting which is expected to be attended by 3,000 people.

It is pointed out that the Atlanta-Murphy highway will connect at Murphy with the Central highway, which is being constructed across the state of North Carolina from the sea through Asheville to Murphy, in the extreme west. Three hundred miles of this roadway have already been constructed. Those behind the movement to connect the Murphy terminus with a road to Atlanta point out that an excellent highway is already built between this city and Canton, Cherokee county, passing through Marietta. The proposed continuance of this road will pass through Jasper, Pickens county; Ellijay, Gilmer county; Blue Ridge, Fannin county, and thence to Murphy, which is only 20 miles above the Georgia line.

The people of the three counties in question are deeply enthusiastic over this project, and it is stated that definite action may be expected during the early fall toward raising sufficient funds for constructing the roadway through this district.

Missionary Society Of A. M. E. Church Will Meet Thursday

The Woman's Home and Foreign Missionary society, of the A. M. E. church, Atlanta conference, convenes in Rockdale Park church Thursday morning with Annie A. Matthews, president; Maittie A. Ford, secretary, and Ella M. Howard, treasurer.

The five districts will be represented by the following presiding elders: J. A. Hadley, C. M. Canady, D. D. Smith, H. H. Porter and F. L. Fleming. Of the seven conventions in the state this one is supposed to raise one-fifth of $4,700.

Bishop J. S. Flipper, head of the diocese, will make an address and report the amount of missionary money raised by the A. M. E. church in the United States and Africa annually. He will explain how the money is divided, and will make plain the necessary fact that the missionary societies should raise $50,000 annually to maintain the mission stations and their pastors.

Laura L. Turner, president of the Woman's Home and Foreign Societies in the Southern States, will address the convention Friday afternoon.

PROF. RITCHIE SLATED FOR GA. NORMAL SCHOOL

Athens, Ga., August 18.—(Special.)—Professor Horace Ritchie, for several years superintendent of the public school system at Cartersville, will fill the place made vacant by the resignation of Professor J. C. Wardlaw, dean of the State Normal school here, and professor of pedagogy and director of elementary school training. His election by the board of trustees will be a matter of formal confirmation of his selection. He has resigned his work at Fitzgerald.

Detroit Electric

Doubled output for 1916 reduces prices as low as $1975

Last year the Detroit Electric led any *enclosed car*—either gasoline or electric—in volume of sales. Clearly it won this preference among motor car buyers solely because of its greater value—for many enclosed cars ranked lower in price.

August 15 we reduce the price $600 to $725 per car

Remember—these are the same high quality cars as our 1915 models plus a score or more of 1916 refinements. Even while lowering the price, we bettered the car. In the 1916 Detroit Electric, you will find—we believe—the top place car of its type.

We urge you to match it—if you can—in elegance, quality, utility, or value in the entire closed car field—gasoline or electric. This price reduction is possible only because of doubled output.

You get these savings

Our doubled production leads to many economies in all overhead expenses, in purchasing, in advertising, in sales cost, in engineering. All the savings effected by our larger operations we hand on to you—and take our benefit from doubled volume,

Here are the 1916 prices

Model 61 4-Passenger Brougham	(Formerly $2,600) — Now	$1,975
Model 60 5-Pass. Duplex Drive Brougham	(Formerly $3,000) — Now	$2,275
Model 59 5-Pass. Rear Drive Brougham	(Formerly $2,950) — Now	$2,225
Model 58 5-Pass. Front Drive Brougham	(Formerly $2,950) — Now	$2,250
Model 57 4-Pass. Rear Drive Brougham	(Formerly $2,850) — Now	$2,175
Model 56 3-Pass. Cabriolet	(Formerly $2,650) — Now	$2,075

You may have either the worm bevel gear or the worm gear; wire or wood wheels; cushion or pneumatic tires, as optional equipment

Call on your Detroit Electric dealer at once—and learn why the 1916 Detroit Electric is the preferable car for you. Current for battery charging is furnished by your central power station at low rates ($5.00 to $7.00 per month), and is growing lower constantly.

PARK IMPROVEMENTS PLANNED BY COCHRAN

Eight New Concrete Bridges Will Replace the Decayed Wooden Structures.

J. O. Cochran, general manager of parks, has announced extensive plans for improvements at Grant park during the remainder of the summer and in the fall, and has a force of workmen already placing material on the ground, so that work can begin before the end of the week. The park covers an area of 144 acres, and it is the purpose of the park department to make it one of the most attractive in the nation.

One of the first steps will be the laying of a cement walk along Cherokee avenue; the beautifying of the Erskine fountain at the Ormond street entrance on Cherokee avenue, and the laying of a twelve-foot cement walk at the head of the lake.

Cement walks will be laid from Constitution springs to the head of the lake; from the cyclorama building to the bears' den.

Another big improvement, which has already begun, is the laying of four miles of cement gutters along the oiled drives. Eight were laid out during the past summer by the county and park forces.

Eight new concrete bridges will be built to replace wooden structures which have decayed, a handsome new spring house will be built at the Burns street entrance, similar to that erected recently near the center of the park.

During the past few months the park department has spent $350 on shrubbery for that side of the park abutting on Cherokee avenue, has mulched the twenty-four flower beds for other sections of the city in addition to its own extensive nursery; has installed thirty-eight new swings and seventy-five new benches, and has covered the old engine "Texas" with a neat bungalow.

One of the biggest improvements has been the filling and paving of nearly three miles of drives in the park and the grading and laying out of a complete new system of walks. In addition to permanent improvements, the small force at the park has been kept busier than ever before maintaining the park and keeping it in good condition.

Says Sherman's Hell Is Only a Side Show To the War in Europe

Living in a country of people who despise the English language, and have no great regard for Americans, Dr. Walpole Dwyer, former house physician of the Hotel Ansley, and one of Atlanta's best-known young practitioners, writes from Wien, Austria, that the hell Sherman had in mind was "only a side show in comparison with the European 'big top.'"

The war, he says, will last "Lord knows how long!" There is no present prospects of cessation, viewed from an Austrian perspective. Dr. Brewer is attached to the American Red Cross hospital, which is composed of 300 beds, all surgical. He was originally bound for France, but was transferred en route to Austria.

"There are about 1,001 things I would like to write about," he writes to an Atlanta acquaintance, "but as this letter has to be read and censored, I will have to assume the mantle of Lamb and bridle my tongue—rather, my pen.

"The American fiction writers and newspaper correspondents are literally 'cleaning up' over here. There is food for millions of romances, adventures, dramas and tragedies within the radius of those lines traverse every day in my hospital duties. Romance is here a thing of the 'bargain counter,' and drama is to be picked up like sands on the beach.

"Give my best regards to all, and shake hands with yourself that you are a long way from the 'bargain counter' of shrapnel and hand grenades. The hell that Sherman had in mind was a sort of side show in comparison with the European 'big top.'"

PEDDLERS DUPING BARGAIN HUNTERS, DECLARE AD MEN

Credulous women with a fondness for "bargains" are being duped in cities throughout the country by clever advertising Scotch and Irish peddlers who offer to sell goods from a $345,000 stock of salvaged merchandise from the wrecked "Steamship Sultana," according to a bulletin just issued to the vigilance committee of the Atlanta Ad Men's Club by the national vigilance committee of the Associated Advertising Clubs of the World.

"Anonymous hand bills, usually circulated a few days between the appearance of the peddlers," says the bulletin, "announce that high-grade linens, hosiery, woolens and silks will be sold at absurdly low prices through agents of 'Messrs. G. J. Campbell & Co., New York city, the largest dry goods jobbing salesmen in the world,' and consignees of the 'salvage' of the 'ill-fated Sultana.'

"The national vigilance committee reports that investigation of American shipping registries since 1900 reveal no record of a vessel by the name 'Steamship "Sultana," and that "G. J. Campbell & Co." cannot be found in New York and does not know there.

As a ruse to lead unwary women to believe that marvelous bargains are given in dress goods sold out of suit cases for cash, the national committee reports that these tricksters secure, from samples shown, C. O. D. orders for beautiful linens, hosiery and other dress articles, at absurdly low prices. These orders are never delivered.

It is also reported that in the Springfield, Ohio, vigilance committee caused the arrest of Hugh Barry, one of these peddlers, alleging that in selling mercerized cotton poplin he represented it to be silk poplin with a wool and silk thread. Barry's trial is set for August 18. He has been released on a $50 cash bond. John McGinley and Stephen McNulty, said to be Barry's associates, are sought by the Springfield authorities for alleged false advertising.

"It is believed that these peddlers are wanted in several cities for alleged fraudulent advertising, fraudulent selling and peddling without license," states the national vigilance committee. "If circulars have been distributed advertising this scheme in your city, or if these peddlers appear, notify the national vigilance committee, Indianapolis, at once. Warn your citizens to report any activities on the part of these tricksters to the police."

CLUB BOYS AND GIRLS ARE GIVEN BARBECUE

Crawfordville, Ga., August 18.—(Special.)—There was quite a jolly crowd of boys and girls on Liberty Hall grounds today, the occasion being a barbecue given by Thomas E. Asbury, farm demonstrator of this county, to the Boys' and Girls' Canning Club of Canning club, of the county. Mr. Asbury was assisted in entertaining the two clubs by Miss Nada Rhodes, who is in charge of the Girls' Canning club. The attendance was good, and all enjoyed the day. In the afternoon demonstrations were given by Miss Rhodes and highly appreciated by those present. Mr. Asbury and Miss Rhodes are meeting with a good deal of encouragement and cooperation from the farmers of the county.

BANKERS OF ATLANTA ATTEND SEATTLE MEET

Prominent bankers of Atlanta will represent these institutions at the annual meeting of the American Bankers' association, which will be held in Seattle in September. Joseph A. McCord, governor of the Atlanta Reserve bank, left Sunday for a trip through the west before going to Seattle. Marion McFadden, secretary of the Southern bankers, who will also attend, will leave Saturday on a similar tour.

Among other delegates from the Georgia chapter of association will be Robert F. Maddox, vice president of the American National bank; Ernest Woodruff, of the Trust Company of Georgia; W. H. Hillyer and John K. Ottley, vice president of the Fourth National bank.

CITY HALL GOSSIP

BY A. CLOYD GILL.

RAIN OF WEDNESDAY AFTERNOON POSTPONES PLAYGROUND FESTIVAL

There were thousands of disappointed children and grown-ups Wednesday afternoon, when the showers forced the playground directors to postpone the annual field day exercises which had been scheduled to be held at Piedmont park.

Mrs. Florence M. Tibbets announced that the field day originally planned for Wednesday would be held Friday afternoon at 4 o'clock, and all playground children and their families and friends are invited to attend.

There is considerable rivalry among the children over the contests to be held for several handsome loving cups. One of the largest is that donated by The Constitution, and which will be awarded to the playground team winning first place in the folk dances. More than 1,200 children will participate in this single event.

Among the features of the afternoon's programme will be games, dances, races and other field day events, in which both the smaller and older children will take part.

ALDERMANIC BOARD MEET MONDAY; WILL NOT HOLD SESSION TODAY

There will be no meeting of the aldermanic board this afternoon, a session a special session was held Monday afternoon, following the meeting of the general council. At that time all papers which required early action were considered, and there will be no session is deemed necessary for this afternoon.

CITY OFFICIALS EAGER TO KNOW NUMBER RECALL BLANKS SIGNED

City officials interested in the movement to recall Mayor Woodward and the entire six members of the aldermanic board who voted to demote former Chief Beavers have been anxious to ascertain how many blank recall petitions have been signed, but the men at the head of the recall campaign committee have refused to divulge this information. Those opposing the recall declare they do not believe the necessary 25 per cent of the registration will be gotten, this being the required number to secure the recall election. Advocates of the recall are equally confident that the required number will be gotten. Walter McElreath, recall worker, gave out the statement that the petitions were being placed in his safe as rapidly as they were being signed. "When the campaign starts," declared he, "we are ready in my safe, and it has progressed so well that I am looking for more room for them other man's safe," said Mr. McElreath.

MITCHELL STREET IMPROVEMENT WILL MEAN MORE TAXES FOR CITY

Chairman A. L. Renfroe, of the council street committee, announced Wednesday that the laying of the concrete on Mitchell street, preparatory to putting down bitulithic had begun, and that the paving of the street would be completed by the time wet weather sets in. Some big fills have been made in grading the street, and considerable expense has been involved, both for the city and abutting property owners. Mr. Renfroe states that the increase in tax returns on that property will more than pay the expense of the paving.

COUNCILMAN SIM DALLAS HAS TROUBLE ON GORDON STREET

Councilman Sim Dallas, of the seventh ward, is still having trouble with that Gordon street paving. After having secured funds from the council and worked out other details, the work was held up by the street railway company, which objected to laying its tracks on that street in a concrete foundation. The company has instructed the construction department to proceed with tearing up the street, and the street railway company has been ordered to make the change in its tracks. Officers of the company say they will take the matter into the courts before they will agree to the city's terms.

CLIFFORD RAGSDALE HAS RETURNED FROM LONG TRIP

Clifford Ragsdale, well-known young Atlantan, and son of Mayor I. N. Ragsdale, has returned from the west, where he has been for several months buying mules for the allies now engaged in the European war. He spent several months in California, and several weeks at the fair at San Francisco, where he met a number of Atlanta people taking in the exposition. Until he resumes his work in the west he will assist his father in looking after their stock business here.

Chinaman's Trial Will Await Report Made by Chemist

Pending analysis by Washington chemists of a strange Oriental concoction, Yee Wong, a young Chinaman apprehended in the raid by government experts at 55 East Hunter street, was held for the federal grand jury charged with the manufacture of opium and the illegal possession of the drug. His bond was fixed at $200.

This decision was reached by Commissioner Carter at the end of a consultation with Hooper Alexander, United States district attorney, and Attorneys William M. Smith and Hugh Howell, representing the defendant. Chief Deputy Marshal J. E. Brock, licensed physician and druggist, and Special Agent Froneberger, a graduate pharmacist, both testified they believed the substance to be opium. When the government asked the defense to put up Yee Wong to testify that it was herb medicine, it developed that the Chinaman knew so little English that his testimony was valueless.

Charlie Lee, who was arrested on a similar charge, was released when the government failed to make out a case.

Sittings of the commissioner's court will be held Thursday and Friday to hear several others arrested last Sunday for alleged peddling of "dope."

SOBS FAIL TO SECURE FREEDOM FOR JESSIE

Jessie May Holms couldn't sob her way to freedom in police matinee Wednesday afternoon when she appeared before Recorder Johnson charged with violating section 1770, of the Atlanta city code. She was fined $10.75 for coming under the ban as a "street walker."

Jessie is the same girl who, Saturday morning, almost moved his honor to tears by a recital of various wrongs and hardships. She was charged with violating the same section at that time and because of her tears she was released upon promise of good behavior.

SHOWERS EXPECTED IN ATLANTA TODAY

Showers are expected to continue today and tonight, according to yesterday afternoon's weather report.

But with them will come moderate temperature which is the only consolation of rain these summer days.

Wednesday's temperatures were much lower than usual—so low, in fact, that a touch of autumn tinctured the air.

It is hardly expected that the mercury will exceed 86 or 87 degrees today.

IMPROVEMENT BONDS PASSED IN COOLIDGE

Thomasville, Ga., August 18.—(Special.)—With only eight votes registered against it the bond issue of $15,000 was easily carried at the election held for the purpose at Coolidge this week. This issue is to be used for municipal improvements, the largest part to be expended on the building of a handsome new public school. The remainder will be divided between the establishment of a system of waterworks and extending and improving the electric light plant.

EX-SHERIFF OF FLOYD, SHOT BY SON, MAY DIE.

W. C. Dunehoo Has Lower Jaw Shot Away by Son, Henry.

Rome, Ga., August 18.—(Special.)—W. C. Dunehoo, former sheriff of Floyd county, was shot in the jaw and probably fatally wounded tonight by his son, Henry Dunehoo.

The wounded man is at a local hospital with only a slight chance to recover. His son is at the county jail, having surrendered to Deputy Sheriff Bobo without any attempt to escape.

Dunehoo is unable to speak, while Mrs. Dunehoo, the only witness to the tragedy and the son, refuses to make statements tonight.

The shooting occurred at the Dunehoo home, Silver Creek, 6 miles from Rome, where preparations were being made for a barbecue tomorrow. A negro, Jake Williams, employed at the house, says he heard Henry Dunehoo tell his father not to curse his mother. It is also reported that the elder Dunehoo was advancing upon his son with a knife. The son fired a shot gun at close range, the load carrying away the father's lower jaw and inflicting a fatal wound.

Dunehoo is one of north Georgia's best known politicians, having held office here for many years. He was a candidate for re-election in 1914, but withdrew from the fight before the primary, because of a difficulty in which he and his son shot at him engaged with Wash Smith, candidate on opposing ticket. Smith was shot by the elder Dunehoo, but recovered. The shooting created a tremendous sensation here, and the streets in front of the hospital and jail were thronged until a late hour with people awaiting the outcome.

Miss Edith McCallie Comes Near Drowning In a Swimming Pool

Miss Edith McCallie, young daughter of State Geologist S. W. McCallie, is recovering after a narrow escape from drowning at Dahlonega, Ga., Tuesday afternoon, according to reports reaching Atlanta yesterday. Miss Marie Dow, of Montgomery, a friend of Miss McCallie, also had a narrow escape, and is still suffering from her experience.

The two young ladies organized a swimming party and went to Cane Creek falls, not far from Mountain Inn, where there is an excellent swimming pool. Both ventured beyond their depth at the same time, and were rescued with much difficulty by Dr. Craig Arnold, assisted by other members of the party.

HIS WIFE ELECTROCUTED, HUSBAND ASKS DAMAGES

Damage suit for $30,000 for the electrocution of his wife, Mrs. Jennie A. Brown, at her residence in Decatur, July 31, was filed yesterday against the Suburban Gas and Electric company by Nelson C. Brown. The suit, which was filed through Attorneys Dillon & Burgess, sets forth that the service wire leading to his house was not properly grounded and that Mrs. Brown was killed when it came in contact with a high-voltage wire.

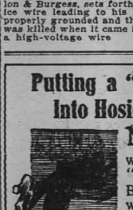
Putting a "Plus" Into Hosiery

MOST any silk hose will give you *"Style."*

But will they wear?

Phoenix Silk Hosiery is all *silk—silk* in every strand and fibre.

That's why it wears and wears and wears.



And as for style, *Phoenix Silk Hosiery*, with glove-snug ankles, foot-flexing contour and rich shimmer, has *style* that grips the glance.

Wear *Phoenix Silk Hosiery* and *get style* on top of service—a "plus" in looks and wear, but not in price.

URIC ACID POISONS THE WHOLE BODY

It Should Be Dissolved and Flushed From the System

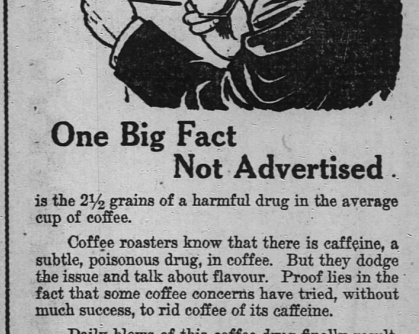
Jacobs' Liver Salt is a gentle but effective tonic stimulant to liver and bowels, which dissolves and eliminates Uric Acid and other poisons, at the same time it flushes and physically cleanses the system.

Fermentation of meat and other heavy foods, produces two things: Waste that clogs and poisonous toxines that attack and gradually break down the vital organs so that they fail in their functions.

By removing both the waste matter and the poisonous products at the same time, Jacobs' Liver Salt prevents disease of the vital organs, giving them opportunity to perform their functions normally and to keep the body vigorous and healthy.

Calomel habitues know, often to their sorrow, the effect of this drastic drug which always leaves its cracks and scars, like the dynamite blast in the mountain of rock.

Jacobs' Liver Salt does the work gently but quickly and effectively, with no injurious after effects. Get it at Jacobs' and at druggists generally.—(Adv.)



One Big Fact Not Advertised

is the 2½ grains of a harmful drug in the average cup of coffee.

Coffee roasters know that there is caffeine, a subtle, poisonous drug, in coffee. But they dodge the issue and talk about flavour. Proof lies in the fact that some coffee concerns have tried, without much success, to rid coffee of its caffeine.

Daily blows of this coffee-drug finally result, for most people, in nervousness, headache, heart flutter or some other form of caffeine poisoning.

You may not think coffee hurts you, but to be sure, quit coffee ten days and use the pure food-drink—

POSTUM

It is made of wheat and a bit of wholesome molasses. The tasty, Java-like flavour makes the change easy as well as beneficial—and there's no drug or other harmful element in Postum.

There are two forms of Postum: **Postum Cereal**—the original form—must be boiled—15c and 25c pkgs. **Instant Postum**—the soluble form—is made in the cup with hot water, instantly—30c and 50c tins. The cost per cup is about the same for both kinds.

"There's a Reason" for Postum

Sold by Grocers everywhere.

ORDER BY MAIL—SATISFACTION GUARANTEED

$1.50 Nainsook —Thursday only. No phone orders; none sent C. O. D. A limit of two bolts. Comes 36 inches wide, in 12-yard bolts. Medium weight; chamois finished. **$1.09**

Highs Helps You to Save

39c Stockings —The best regular 39c value on the market. Boot silk hose, with the lower half of a highly lustrous Art silk; uppers of lisle. Made to wear. Black, white and all colors. **25c**

$1.00 Silk Taffeta
$1.00 Silk Messaline
On Sale Today For **75c**

—Two staple black silks—and exceptionally good "Dollar" values—reduced in price for Thursday—today only.

THE TAFFETA is a soft, chiffon finished quality, admirably adapted to the making of skirts, coats, suits and dresses.

THE MESSALINE is a highly lustrous, smooth finished silk, in a medium weight, for all uses.

—Both silks are 36 inches wide, in black only. Fresh, new, perfect merchandise, equal to any store's regular $1.00 kinds. Special Thursday per yard, **75¢**.

Crepe Faille, Wash Silks, Priced But **Crepe de Chine 95c Yd.**

—Three of the most wanted kinds of silks—priced low for quality given.

—Each kind shown in a full assortment of wanted shades, including many of the newest fall 1915 colors.

Wash Silks, in beautiful stripes.
Crepe de Chine, in street and evening shades.
Crepe Faille, in every wanted color for street and afternoon wear.

Each kind priced low at **95¢**.

Novelty Stripes, and Fancy **PLAIDS** In Silk are but **98c Yd.**

—All styledom is crying: "Plaids." Plaids for skirts—for blouses—for dresses—for trimmings. Not harsh, strident sorts, but beautifully sombre combinations of dark colors.

—We are now showing a remarkably diverse assortment of patterns and colors. Best qualities in taffeta and messaline, 36 inches wide—priced, as is our custom, lower than at other stores. **98¢**.

Table Damasks Reduced ¼

Remnants, in 2 to 4-Yard Lengths, Worth 50c to $2
Are 38c to $1.50 per Yard

—500 yards, from which you may choose some of the best table linen values you've ever bought. Remnants and bolt-ends from our own good regular stocks of high grade kinds, including:

—IRISH, GERMAN, SCOTCH,
—AUSTRIAN AND BAVARIAN LINENS,
—and mercerized cotton damasks. Scores of floral and conventional patterns. First quality damasks

One-Fourth Less than Value.

ODD NAPKINS Half Dozens. **Reduced One-Fourth**

$1 to $4 Values Are 75c to $3 Now

—Fortunate shoppers will find napkins in this lot to match damask remnants they will buy here today, and napkins to match cloths they've bought at High's in the past.

—Scores of pretty patterns in every wanted kind. Some will need a tubbing; otherwise they're in the prime of perfection.

THE CONSTITUTION is on sale in New York city by 2 p. m. the day after issue. It can be had: Hotaling's Newsstands, Broadway and Forty-second street (Times building corner), Thirty-eighth street and Broadway and Twenty-ninth street and Broadway.

The Constitution is not responsible for advance payments to out-of-town local carriers, dealers or agents.

THOSE BIG CROP PROSPECTS.

The press of the entire country is commenting freely and frequently upon the tremendous crop prospects of the United States. Reports from the wheat fields indicate a billion bushel crop. Even should it fall slightly short of that figure the yield will unquestionably be a record-breaking one. The country is assured at least of approximately 100,000,000 bushels more than were raised in 1914, when, with a yield of 891,000,000 bushels, all previous records were broken.

The country's corn crop of 2,918,000,000 bushels, the largest in our history except that of 1912, is likewise most encouraging. And the yield of other grains, forage, hogs, sheep and cattle has grown in like proportion.

There will be a demand for every bushel and every pound of these food products that will sustain prices and bring the producer a splendid and satisfactory profit. The consequent income will stimulate business throughout the grain and cattle-growing sections and every merchant and every individual will profit from it.

There is just one discordant note in this business joy anthem which the papers of the country are singing, and that is in the possible fate of a great crop in which 25 per cent of the citizens of the United States are directly interested.

Instead of making more cotton this year, the south has made considerably less. It has not sought to break production records, but to keep production within the limits of legitimate demand. Under normal conditions this year's cotton crop would bring from 12 to 14 cents a pound. With the world's markets freely open to it, there would be no question of its demanding a substantial and reasonable price. But with England's declaration of contraband against it, following a long blockade of neutral ports, a substantial part of the world market has been effectively closed against it.

If the south's cotton crop is to be handled under these conditions, the people of this section cannot hope to share, as they are entitled to do, in the prosperity which a billion bushel wheat crop and a three-billion bushel corn crop would seem to warrant.

Is the cotton grower to be made the innocent victim of a nation's violation of its sacred pledges, or will Washington solve the problem before the time when he may be compelled to sacrifice the product of his year's labor for a belligerent nation's wanton whim?

THE SHIPMENT OF ARMS.

President Wilson could have made no other reply than that which he did to the Austrian note protesting against the exportation of munitions of war to Austria's enemies. His announced attitude was directly in accord with international agreement and international law.

The nations of the world have agreed that there should be no prohibition of shipments of war munitions; and, while some of the European belligerents have found reasons satisfactory to themselves for departing from the laws and treaties to which they have subscribed, this country has consistently refused to lay itself liable in any respect to neutrality violation.

There is probably no doubt whatever that the Austro-Hungarian note was inspired by Germany. It is well known that Germany was one of the foremost signatory powers to the agreement for the freedom of shipment of war munitions by neutrals; and it is quite significant that, while Germans in this country have loudly protested against it, not one word of direct criticism has yet come from the German government itself upon that subject.

Instead of trying to induce the United States to violate international law, Germany, in replying to our notes relative to the sinking of the Lusitania, has sought to play her own violation against that of England, and to turn our dispute with her against the British. In that she has not succeeded; because, while we have as good ground of complaint against England for her conduct in closing neutral European ports against our commerce as we have against Germany for wantonly slaughtering our citizens, we have very properly refused to be caught in that trap, by considering each cause of complaint upon its own particular merits.

We were well fortified, therefore, for the reply which has just been made to Austria with reference to the shipments of munitions of war. And aside from the aspect thrown around the situation by international law, President Wilson has clearly shown where this country, opposed as it is to militarism and advance preparation for wars which may never materialize, must depend in case of emergency upon the privilege of securing war supplies from neutral nations. President Wilson well says that in consequence of this standing policy of refusing to maintain in times of peace a large military establishment of arms and ammunition sufficient to repel invasion by a well-equipped and powerful enemy—

> the United States would in the event of attack by a foreign power, be at the outset of war seriously, if not fatally, embarrassed by the lack of arms and ammunition, and by the means to produce them in sufficient quantities to supply the requirements of national defense. The United States has always depended upon the right and power to purchase arms and ammunition from neutral nations in case of foreign attack. This right, which it claims for itself, it cannot deny to others.

That was the theory upon which the United States became one of the signatory powers to the agreement that there should be no prohibition put upon shipments of war materials from a neutral nation. Any belligerent which can get them, from any neutral country, is welcome to get them; and it will always be true that the extent to which this right is employed will be the extent to which arms and munitions are needed, and the power which the purchasing nation has of safeguarding such shipments on the high seas.

Any other reply to Austria would have been a distinct departure from the requirements of neutrality and international law. If the time should come when we put an embargo upon shipments of arms or war munitions, it would be in the protection of our own rights and interests, and not because it was wanted by Austria and Germany, who have no right to ask it.

CAME ONE WITH A SONG.

First of all, and honored above all, on the opening day of an Indiana state fair, came One with a Song.

It was James Whitcomb Riley, the poet of the plain people—the laureate of the Hoosier country, as he is the laureate of the land at large.

On that occasion an unusual tribute was paid the poet who has won his way into the hearts of the people by the simple service of song. It was Children's Day, and six thousand little folk for whom he has interpreted the joys and sorrows of childhood came out to greet their poet and scattered flowers in his path. He who had sung of "Little Orphant Annie" and "The Raggedy Man," and a thousand other songs dear to the child-heart, received the homage of the children of his state, in such measure that he could not speak his thanks.

It was "Riley Day" in Indiana; the children were the children of his songs and gave him love for love.

Few poets have been so honored at home. It was a living testimonial to the true singer, who is a welcome guest at every fireside where the laughter and prattle of children are heard; whose place is secure, because it is in the hearts of little children.

THE DUTY OF RESERVISTS.

Which is the higher allegiance, military or civic? This question has become a very important one in Pennsylvania and other eastern states from which large numbers of reservists are returning to the countries of their nativity and citizenship, to render that military service which their governments require of them.

In the case of an unmarried man the question does not arise. But is the call of a country to military duty superior to the obligation to support wife and children? Shall the reservists be permitted to return to render military service while leaving behind them wives and children liable at once to become pauper dependents?

In Philadelphia the city solicitor has advised that action be taken in all such cases, in order that dependent women and children may be prevented from becoming public charges.

It is true severe penalties are imposed by European governments upon those who fail, when liable to service, to respond to the call to the colors. But it is likewise true that severe penalties are imposed in this country for the desertion of wife and children.

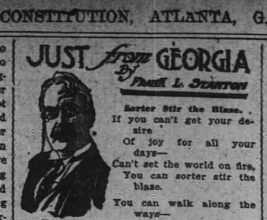
Those citizens of European countries who have come to the United States, married and raised families, have taken upon themselves an obligation higher than any military claim that could be made. There is no reasonable objection to the departure of the reservists belonging to any nation, but if they necessarily violate the laws of this country as a result of their leaving, that is quite another question.

The departure of a reservist leaving behind him a dependent wife and children is not, of course, comparable to the act of the wanton. At the same time there is no reason why American communities should be burdened with pauperized dependents as the result of the European war.

The first obedience of a resident is due the country in which he resides. That would certainly be the requirement of the country whose call he answers. There is no good reason why it should not be ours.

JUST From GEORGIA

By Frank L. Stanton



Sorter Stir the Blaze.

If you can't get your desire
Or joy for all your days,
Can't set the world on fire,
You can sorter stir the blaze.

You can walk along the ways
Turn blame itself to praise;
If you can't get all the bright light
You can stir a little blaze.

If you jes' can't hit the gravel
When the Promised Land's in sight,
For the other folks that travel
You can sorter shine a light.

Lend courage to the days,
Help weed the thorny ways,—
By fannin' of the fire
You can stir a little blaze.

* * * * *

Scotch Optimism.

From a friend in Scotland, to whom he had written to ascertain the war feeling there, Dr. A. L. Rowe, of Atlanta, received the following characteristic answer:

"No one here is concerned about the finish of the war. It can only be one way, and that is victory for the allies. It is costing the best of our country, but take it on the authority of an old Glasgow Highlander: There will be no Germany when this war is over. Tell that to your adopted country!"

* * * * *

Billville to the Groundhog.

Rain or shine jes' fall in line
To give hard times a lickin';
We've seen worse times than the foam,
But still we have enough at home
To do the kicking.

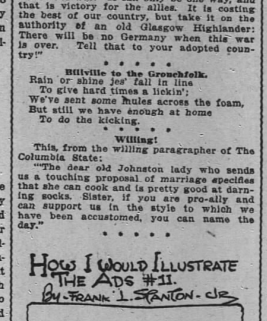
* * * * *

Willing!

This, from the willing paragrapher of The Columbia, State:

"The dear old Johnston lady who sends us a touching proposal of marriage specifies that she can 'knit as pretty good at darning socks. Sister, if you are daily advised, can support us in the style to which we have been accustomed, you can name the day."

* * * * *



* * * * *

The Chattahoochee Muse.

Campbellton, on the Chattahoochee, has a poet who celebrates and shines on short notice. Here is his latest effort, in The Campbell News:

"Today our hearts are o'erflowing with praise
To be free from fear and from pain;
We are grateful that, following a few hot days,
We were blessed with a fine local rain.

"How happy we were this blest Sunday morn,
While leisurely walking o'er our little farm,
Inhaling the fragrance of new blooming corn,
With our wife leaning on our arm."

But he has a competitor in the singer of The Adams Enterprise, who warbles:

"Mister Editor, we have had a rain,
Which was what we sorely needed,
So heaven the brethren did complain
And at once their prayers were heeded.
Oh, let us trust the Providence plan,
Take life as heaven does send it;
The great war is killing many a man:
When, do you think, they'll end it?"

Food for Powder.

The Pittsburg Gazette-Times says "the news that all the leading poets of Turkey are to be taken on a tour of the battle fronts is probably the suggestion of the magazine editors."

* * * * *

The Morning's Message.

When the morning lights the sky
The glad Sun seems to say:
"Remember, that where'er I glance
I'm giving you another chance
To find the joyous way."

* * * * *

Just as You View It.

Quoting from the column that the optimist becomes a pessimist after he thinks he hears the dollar ringing and opens the door to a hard-up dun collector, The Arkansas Democrat paragrapher says: "The optimist deserves a great deal of credit if he doesn't become an assault and batterer under conditions like that."

* * * * *

A Philosopher's Sentiments.

No Cain you could be raisin'
When you hit a lick or two
To keep the world-fire blazin';
That's what you're here to do.

* * * * *

Beat the Storm!

The Sentinel says in his Baltimore Sun column *sings of storm* and tide:

"Ride the tide and beat the storm,
Smile at *combat, sing* with strife;
Beneath the struggle bend your *form*,
Fare-forth for the love of life.
The brave, the fine, the *strong shall* know
The pulse-beat of a better will
From meeting fate with the blow
And standing four-square to it still."

* * * * *

Fair Notice!

Georgia Bailey has this warning paragraph in his Houston Post column:

"We would not have the people of the United States lose sleep for fear that Texas may lose a part of its territory. The Texas eye is on the grand old gun and its finger is upon the sublime old trigger."

Praises Editorial.

Editor Constitution: I want to thank you for your splendid editorial in this morning's Constitution. I feel that you have rendered the state a distinctive service through your splendid paper, in letting the world know that the high-minded, law-abiding citizens in the state of Georgia do not believe in mob law. This was a horrible crime, and merits the severest punishment. No good citizens want to move to a state, or even live in a state, where mob law prevails.

Again thanking you for your good editorial, I am, yours truly,

FRANK HAWKINS.

August 18, 1915.

PHONOGRAPH AND KORAN.
(From The Indianapolis News.)

As the world progresses and as civilization becomes more complex the problem of conduct, of difference between right and wrong, grows ever more perplexing. At least, so it must seem to the 221,000,000 followers of Mohammed scattered over the world. For, to the Ismailite the Koran is the immediate word of God; it is the final court of appeal to which all questions of earthly conduct must be submitted. But the Koran was written many years ago and does not take cognizance of the changes that the centuries have brought about. Consequently, the Mohammedan isle of Java is perturbed by a new religious issue. The source of the trouble is the phonograph. The infidel invention not only recites verses from the Koran, but reproduces the songs of women. Thus the Moslem is faced with several problems. Is it a profanation of the word of God to hear the Koran from a phonograph, or may the listener expect heavenly rewards from Allah for the same? If men are forbidden to gaze upon the shadow of a strange woman, or to gaze at her reflection in the mirror, should it not be forbidden that they listen to the voice of a strange woman? Upon these doubts the Koran could throw no light, so resource was had to the "fetwa," or religious decision, by the deeply versed in the rites and laws of Islam. Accordingly, Sayyid Othman writes: "When the box is brought to a place that does not serve for mere pleasure, and when the hearers are Mohammedans, those conduct while they listen to the reproduction of the Koran is decent. . . . then it is permitted."

Otherwise, the authority continues, "it is forbidden. . . . It is to be feared that the use of the box tends to unbelief, from which may Allah preserve us."

For the question, does the Moslem who hears the Koran in this manner earn a heavenly reward, the answer is made: "No, for the hearer has heard the voice of the man that recites the Koran, the hearing of which is commanded to us by God."

Whether or not the hearing of a strange woman's voice is harmful depends upon the attitude of the listener to the conclusion of the "fetwa." To these findings a learned Arab of Singapore takes exception. "The hearing of sounds reproduced on the phonograph is allowed. The hearing of Koran recitations carries with it religious merit, whether we hear the actual voice of the one who first spoke the words or the voice of the phonograph."

Apparently, the net result of the religious difference in Java has been advertising for the phonograph. The popularity of the instrument, according to The Moslem World, is increasing, and the very fact of the "fetwas" has been that those who consider themselves especially pious refrain from listening to phonographic recitation of the Koran.

"I AM POLAND!"
(From Free Poland.)

Behold me, *O* Mankind! Clothed in robes of white and crimson, fetters dragging at my withered limbs!

White, because I am innocent before the God of Peace and Justice of the awful fate that has befallen me.

Crimson, because the wounds that thrice have pierced my heart a century ago, now bleed afresh and life's last drop of blood is slowly ebbing.

The fetters soon will fall, for there is naught to hold!

I spoke of God! Oh, dreadful thought! I now begin to doubt that God still is, and all around me I behold portents that justify my fears.

Where'er I turn, contending armies press upon me and in the front ranks of each of them, oh, merciful heavens! I see my own, my children, well beloved, my only hope and wish for life, impelled to slay each other for a cause not theirs!

The aged, the mothers and the little brood, that promise of the future I'm powerless to feed and shelter and protect! I see them starve and die.

The very soil is battle scarred; deep trenches cross it everywhere; dwellings of God and men are desolate and mighty forests torn asunder, stripped by the hand of war!

I love this land of plains, O Poland of my heart! I love thee more, because 100 years thou hast endured the sorrows of Niobe thousandsfold and noble courage has sustained thee!

I've hoped for thee and prayed. Thy children I have gathered to my heart and breathed the spirit of a valiant race into their souls!

But now I can no more! Behold me, O Mankind! I've sunk upon the blood-drenched ground and faith and hope have almost died within me.

Can it be writ upon the scroll of fate that this nation should be wiped away while later kind was engulfed in war or in pursuit of wealth and happiness?

O God of Justice and of Peace! The talents Thou hast given me I freely shared with others, while sorrow has been mine alone!

The might which Thou vouchsafed to me was never in oppression used. When Crescent threatened to supplant the Cross my sons were the defenders of Thy faith!

O God of Justice and of Peace! What recompense is mine! Hast Thou decreed that I should die? Or shall I pass through this travail to life anew?

Inspire Thou Mankind to help! Preserve me, Thou, O God of Justice and of Peace!

CASIMIR GONSKI.

SMOKERS' FIENDISHNESS.
(From The Worcester Telegram.)

Careless smokers caused fires in Massachusetts, the last year, which destroyed $1,110,741 worth of property. That is a big bill to pay for a disposition which should be impossible to human beings. But it is not all for the careless handling of matches caused property losses to a total of $447,821, and that useless process of throwing away a lighted match, after lighting tobacco, caused the most of that loss. The habit of smokers' carelessness is growing among the people. Matches are scratched everywhere within reach of the reckless nonthinkers. The fronts of buildings, which are close to sidewalks, are covered with scratch marks. Nothing escapes. The finest of selected marbles and the best of bronze are used alike, without distinction. Churches and pigpens are scratched indiscriminately. The polished sides of autos standing near the curb are not exempt. Men and boys stand to stand still on a sidewalk for fear somebody will take them for match-scratchers. And the used matches are dropped at the time and place immediately following their application to the tobacco, regardless of consequences. Nobody looks to see whether they are walking on new powder, dry lumber or gas reservoirs. The smoke fiends are the destroyers with regard for nothing, not even their own safety. They play with fire like children, who do not know its force, nor care what it comes to.

FEAR FIRES THE BRAIN.
(From The New York Sun.)

Dr. Crile aroused the greatest interest among the many scientific men recently when he illustrated the effect of insomnia, physical exhaustion, fear and disease upon the brain cells of more than fifty rabbits with which he had experimented and declared that each form of exhaustion produced exactly the same effects, both in the lower forms of life and in humans.

The brain, the liver and other organs of the body are connected in the kinetic chain or system, and change in one link of that chain modifies the entire system proportionately. Thus disease or exhaustion in one organ of the kinetic system will produce a harmful effect on the brain cells which comprise the great central battery which drives that system.

As many as twenty cells in the brain may be totally destroyed after prolonged insomnia, but, on the other hand, eight hours' sleep will often restore the brain cells to a normal condition after a shorter period of exhaustion from insomnia or other causes. In this connection, it was pointed out that athletes who had attained fame in early life by their feats of physical endurance were rarely known to become prominent in other fields of human endeavor.

A change in the system, it was declared, may result in an immediate breakdown or acute shock, or the gradual modification of one or more of the kinetic organs may give rise to a number of diseases. This theory has already given the world the shockless operation, and it opens a possibility of controlling certain chronic diseases which are the result of overstimulation of one or more of the organs in the kinetic chain.

CONFEDERATE SUBMARINE.
(From The Philadelphia Ledger.)

Imagine a cigar 30 feet long and 6 feet thick and you have a fair photograph of a Confederate submarine that sank a big Union warship in Charleston harbor. This curious craft was built in Mobile, and Captain Hundley, who helped construct her, perished while making an experimental trip.

The submarine was propelled by eight oarsmen, and it carried only one torpedo, which it towed through the water and placed beneath its intended victim. Three different crews were drowned before Lieutenant Dixon, of Alabama, piloted it on the queer little submarine out to where lay the huge Housatonic, of the Union fleet.

The torpedo was exploded against the hull of the unsuspecting Federal warship, which sank in a few minutes. The Confederate also went to the bottom.

The pilot then descended beneath the surface it was necessary to fill compartments with water, but that made it extremely difficult to bring it to the surface again. Perilous as was the work of those who manned her, after three crews had perished, a fourth volunteered immediately to row her upon that last trip, which was at once a triumph and a tragedy.

And yet I hear doubting Thomases say we haven't the ingenuity of the resources and the courage to defend our country against outside assaults!

WHAT IS CARNEGIE WORTH!
(From The Philadelphia Ledger.)

What rumors were flashed over the land again one day recently that Andrew Carnegie was dead the query on everybody's lips was: "How much money did he leave?"

Mr. Carnegie himself made the immortal remark that it is a crime to die rich—being one crime which most of us will escape without effort.

But how much is Carnegie worth?

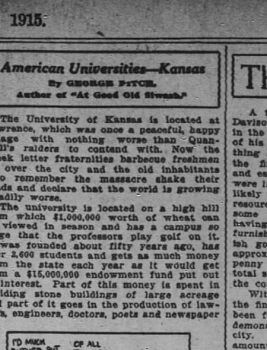
Since he sold his steel works the income from the bonds he received in payment has amounted to $310,000,000. Hence the laird might have spent $5,000,000 a year to maintain his frugal household and have given away $140,000,000 and still have all of his original fortune intact.

BRITISH MARINE INSURANCE.
(From The New York Post.)

A statement has been given out by the Liverpool and London War Risks association, through which the British government has been furnishing marine insurance, showing that losses paid up to the present time amount to 44,246,660 on a total tonnage of 8,892,156,7ts, or 1.1$ per cent of the total value. For the entire period that would be two-tenths of one per cent per month.

American Universities—Kansas

By GEORGE FITCH,
Author of "At Good Old Siwash."



Once a peaceful, happy village with nothing worse than Quantrell's raiders to contend with.

The University of Kansas is located at Lawrence, which was once a peaceful, happy village with nothing worse than Quantrell's raiders to contend with. Now the Greek letter fraternities barbecue freshmen all over the city and the old inhabitants who remember the massacre shake their heads and declare that the world is growing steadily worse.

The university is located on a high hill from which $1,000,000 worth of wheat can be viewed in season and has a campus so large that the professors play golf on it. It was founded about fifty years ago, has over 2,000 students and gets as much money from the state each year as it would get from a $15,000,000 endowment fund put out at interest. Part of this money is spent in building stone buildings of large acreage and part of it goes in the production of lawyers, engineers, doctors, poets and newspaper men. The Kansas school of journalism is very enterprising and no student would hesitate to burn a barn to provide news on a dull day.

Kansas students are very lively and do not depend on traditions for amusement. They think nothing of getting up an entirely new set of traditions each fall. Their only permanent ambition is to beat Missouri each year in football and when an alumnus does not turn up at the annual game his class sends resolutions of respect to the widow. Twisting the Missouri tiger's tail and teasing the Wyoming dinosaur in the museum are the two great Kansas adventures.

The students of Kansas have none of the advantages of the great eastern schools. The state is totally dry and the only way for a student to become nobly wicked is to drink buttermilk with red pepper in it. However, this does not seem to have undermined the constitutions of Kansas graduates. They are an unusually successful bunch, and when Old Bill White and Bill Borah and Herb Hadley and Freddie Funston and other are lights of the present get together, they gets the famous "Rock Chalk, Jay Hawk" yell with a skill produced by many years of practice.

RIPPLING RHYMES

By WALT MASON.

THE LASTING FAME.

I'd like to leave behind me some work that will endure, but briny teardrops blind me, the prospect is so poor! Man hates to think of sleeping through ages four or five, with nothing brilliant keeping his memory alive. But there is no foretelling whose fame for aye will stand, or who has built his dwelling upon the shifting sand. The lions we're adoring, the great men of today, whose bright renown goes soaring from Juneau to Cathay, whose voices give direction to all our projects here, may pass from recollection when they've been dead a year. Perchance some humble plodder, who seems to cut no grass, or other kinds of fodder, will, when the ages pass, in people's hearts be living, his fame secure and strong, immortalised for giving the world some simple song. No man can say, "It's certain, as taxes, and as sure, that when Death drops the curtain, my fame will still endure." To make our best endeavor, that is the only way; let fame live on forever, or die in half a day.

RIPPLES ON THE SURFACE

Some men are born to be rich, some to be poor, some to be successful, some to be failures, some to be famous, some to be unknown, some to be happy, some to be miserable, some to be healthy, some to be sick, some to be handsome, some to be homely, some to be lucky, some to be unlucky, some to be wise, some to be foolish, some to be lazy, some to be industrious, some to be thieves, some to be honest, some to be liars, some to be truthful, some to be sinners, some to be saints, some to be lawyers, some to be doctors, some to be preachers, some to be editors, some to be printers, some to be devils, some to be angels, some to be dead, some to be alive, some to be born, some to be buried, some to be cremated, some to be resurrected, some to be forgotten, some to be remembered, some to be hanged, some to be drowned, some to be shot, some to be electrocuted, some to be poisoned, some to be run over by automobiles, some to be struck by lightning, some to be killed by railroad trains, some to be killed by falling off buildings, some to be killed by falling down elevator shafts, some to be killed by falling out of windows, some to be killed by falling down stairways, some to be killed by falling off bridges, some to be killed by falling off cliffs, some to be killed by falling off ladders, some to be killed by falling off roofs, some to be killed by falling off horses, some to be killed by falling off mules, some to be killed by falling off trees, some to be killed by falling off fences, some to be killed by falling off chairs, some to be killed by falling off tables, some to be killed by falling off beds, some to be killed by falling off sofas, some to be killed by falling off anything else, some to be killed by falling off nothing, some to be killed by falling off everything, some to be killed by falling off nothing else

DAVENPORT HEADS GEORGIA VETERANS

Extension of Federal Pension System and Admission to the Johnson City Home Asked for Confederates.

Fitzgerald, Ga., August 18.—(Special.)—The United Confederate Veterans' reunion of this year passed into history at 4 o'clock this afternoon, when the convention adjourned after electing the following officers: Division commander, Henry T. Davenport, Americus; B. S. Prather, Atlanta, commander northern brigade; W. B. Horsley, Lexington, southern brigade; J. A. Thomas, Dublin, eastern brigade; L. W. Mobley, Vienna, western brigade; Mayor Bridges Smith, Macon, permanent adjutant general. The place of next year's meeting was not determined, although Editor Gelders, of The Enterprise, in a speech that was vigorously applauded, urged that Fitzgerald be made their permanent meeting place. Resolutions were adopted urging our Georgia congressmen to secure the extension of the federal pension system to confederate veterans and their admission to the Old Soldiers' Home at Johnson City, Tenn.

The barbecue dinner at the Blue and Gray park was seriously interfered with by a heavy rainfall just as it was being served.

MOISE DIES IN CANADA.

General Manager of Central Was on Fishing Trip.

Savannah, Ga., August 18.—News was received here today of the death yesterday afternoon of C. S. Moise, general manager of the Central of Georgia railway. He died in the interior of Canada after a day's fishing. He had not been physically strong for some time, and it is thought he died from overexertion.

The funeral will take place in Montgomery, Ala., on Sunday.

TWO NEGROES LYNCHED FOR POISONING MULES

Montgomery, Ala., August 18.—"Kid" Jackson and Henry Russell, negroes, were lynched at Hope Hill, ten miles from here, early this morning by a mob. Another negro, whose name has not been learned, was rescued, but he died at a local hospital later.

The negroes were charged with poisoning mules on the McLain plantation, several months ago.

The mob proceeded quietly. They went to the negroes' homes, bound and gagged them, riddled their bodies with bullets and threw them into a ditch. No arrests have been made as yet, although the sheriff's forces are working in the vicinity of the crime trying to locate the lynchers.

The negroes who were lynched this morning had been in the county jail at McLain's farm until this year, when they were replaced by white tenants. Chagrined at this action, the negroes, it is alleged, began a crusade of arson and poison, but the leaders were arrested after poisoning several mules and a well and burning a barn, and have been in jail there awaiting trial. Yesterday they were released on bonds, and returned to the farm. This action, it is believed, infuriated the white farmers.

RETURNS IN DOUGHERTY SHOW GAIN IN VALUES

Albany, Ga., August 18.—(Special.)—Dougherty is one of the few counties in the state to show an increase in taxable values this year. The increase is not impressive, but it is an increase, nevertheless, in the face of a confidently predicted slump. The total is $62,108, as against $3,348,567 last year, a gain of $15,741. Negroes in the county contribute nearly $1,000 of the gain as compared with an increase of only about $5,000 in the value of the whites' property. It is an interesting fact that while the county, as a whole, shows an increase of less than $16,000 over last year, one party, the largest taxpayer in the county, increased his returns more than $44,000.

ELECTION ON RECALL ORDERED FOR NASHVILLE

Nashville, Tenn., August 18.—Circuit Judge Thomas E. Matthews today ordered the Davidson county election board to call an election on the recall of Mayor H. E. Howse and Commissioner Robert Allcott, who have been suspended from office under pending ouster proceedings, and Commissioner J. M. Wilkerson, lately resigned. Promoters of the recall movement recently instituted mandamus proceedings against the election board, and today's court action was the result. Notice of appeal was given.

Brakeman Exonerated.

Thomasville, Ga., August 18.—(Special.)—James Fields, a negro brakeman of the Atlantic Coast Line railroad, who has been held under arrest here charged with criminal negligence in failing to close a switch which resulted in the wrecking of passenger train No. 19 at Newark, near here, a few weeks ago and killing of Engineer Phillips, was given a commitment trial here yesterday before Justices Doss and Maillard. A number of witnesses had been summoned in the case, but none of them gave evidence sufficient to make a case against the negro and he was released.

Correctly Graded Diamonds Marked In Plain Figures

All mounted diamonds in our stock are marked in plain English with exact weights, grades and lowest net prices.

All weights and grades are guaranteed. Our diamond expert has been with us for 28 years, and his experience and skill in grading has made him a recognized authority on all precious stones.

We send diamonds anywhere on approval, sell on attractive monthly payments and give the most liberal guarantee and exchange contracts.

Full details of our methods are given in our diamond booklet, with lowest net prices, on all grades and weights.

Call or write for this booklet and our 1916 illustrated catalogue.

Woman Gives Money To the Youth Charged With Taking Her Purse

Ernest Devinney, giving his age as 18 and his home as Rock Hill, S. C., it is charged, snatched a purse from an unknown woman at the corner of Peachtree and Baker streets at 5:30 o'clock Wednesday afternoon.

He was pursued and captured by a number of citizens. His captors turned him loose when he told the lady that he was homeless and didn't have a relation in the world nor a place to go.

The woman was affected by the hard-luck story of the youth, and after begging for his release, gave him all the change she had—50 cents—and then drove away.

Devinney was just going on down the street to get something to eat with his 50 cents when the call officer arrived on the scene. He was arrested and taken to headquarters.

Devinney told the police court Thursday morning. He told Sergeant Stallard at headquarters that he had boboed his way from Rock Hill to Chattanooga, Tenn., on a freight, and reached Atlanta in the afternoon in the same manner.

DR. JOHNSON TO WIN OVER MISS STRACHAN

Oakland, Cal., August 18.—Social unrest, arraignment of rural schools, discussion of teaching methods and organization of politics were matters considered today by the annual convention of the National Education association.

Dr. David S. Johnson, president of the Winthrop Normal and Industrial college, Rock Hill, S. C., and Miss Grace C. Strachan, superintendent of the school, Brooklyn, N. Y., continue the leading candidates for the presidency. It was predicted that Dr. Johnson would be nominated.

An analysis of conditions among wage-earners, which were declared threaten national revolution, was given before the department on administrative problems by Frederick W. Roman, of Syracuse university.

"Wealth is being concentrated more and more in the hands of a few," said Professor Roman. "The effect of this tendency is expressing itself daily in unrestrained violence of labor."

"The need at the present time is vocational schools to meet the social unrest nuisance of the industrial strife being waged so bitterly between those that have and those that have not."

Frank Strong, chancellor of the University of Kansas, told of the experimental congress on education investigations that American universities have become the centers of the intellectual life of the next generation as a result of the European war.

He declared that the world looks to America to make good "the wreck and tear-down in the tremendous intellectual development in science, for which in the past fifty years Germany has been largely responsible," and to take up the burdens which the French and English schools have been obliged, to a considerable degree, to lay down.

He pointed to the need of maintaining the independence of the American teacher, and said:

"Most disquieting things have happened in many universities in the present year. The statement has been made that there are at least ten institutions, one of them a private institution, in which a teacher or administrator has been dismissed without reason so adequate as to be convincing to the university community and to the public."

FREIGHT ON OGEECHEE RELEASED BY BRITAIN

London, August 18.—Referee Holman Gregory formally released today one of the 200 separate consignments seized on board the American steamer Ogeechee last year, when she was on a voyage from Bremen to New York. The very considerable interest included several whose owners have not yet been notified that their goods have been detained, and in such cases proofs of American ownership have not arrived.

In most cases the goods were released unconditionally, but in a few instances the referee has provisionally with the prize court of an amount of money equal to the value of the goods. This money will remain in court until the ownership has been fixed definitely, but it is now certain, however, that none of these consignments will reach the prize court.

OFFICERS SUMMONED WHEN BOARDERS ROW

W. R. Brown, aged 56, and Mrs. C. A. Gains, aged 39, both living at 135 Logan street, were arrested by Call Officers Watson and Bullard at 10 o'clock Wednesday night, charged with disorderly conduct.

According to the arresting officers, Mrs. Gains had been boarding at the Logan street house and had recently been requested to move by the other occupants.

They state that she refused to do so, and when the other occupants tried to force her to vacate took out a writ of injunction and locking herself in her room dared anyone to move her.

Brown states that he and his wife were sitting on the porch Wednesday night when Mrs. Gains came out and sat down near them. He says that when he accidentally rocked against her she tried to "beat him up."

She was locked up and Brown was released on a copy of charges, both to appear in court Thursday afternoon.

R. O. HENRY, OF ROME, WOUNDED AT PROGRESO

Rome, Ga., August 18.—(Special.)—Roy O. Henry, second lieutenant in the Twelfth U. S. cavalry, who was wounded in a skirmish with Mexicans at Progreso, on the Mexican border, is a Rome boy and a son of Judge W. M. Henry, who was a judge of the superior court of the Rome circuit, and practically all of this time was spent in Texas. He was in Rome on a visit last winter and expressed a desire to see active service in Mexico.

AT THE THEATERS

"A Royal Family" and Real Naval Battle.

(At the Strand.)

Ann Murdock, who makes her first screen appearance in "A Royal Family," which the Strand is offering Wednesday and Thursday, proved herself exceedingly popular with Strand patrons Wednesday, despite the inclemency of the weather. It is a pretty and decidedly interesting story of love and war, with its usually happy ending, but portraying sufficient thrills incident to the warring scenes to make it above the average picture of its kind. The role of the princess has tremendous scope for emotion and Miss Murdock has found the role quite within her ability. As the princess of Arcadia she believes in war and fighting men because she has been brought up with all the desires and ambitions that are naturally instilled into one of royal blood. This is accounted for by reason of the early death of her mother, and, as she has had no woman to direct her and no girls with whom to play, she acquires much of the propensities of her father, the king. She is well set in her ways and has a mind decidedly her own. When it is suggested to her that she marry the prince of Kurland she indignantly refuses, but the prince comes into her presence as Count Benardine and wins her love incognito. Of course there are exciting episodes wherein ravaging soldiers encroach upon the borders of Arcadia, and the two countries wanting peace, it eventually transpires that the princess of Arcadia marries the prince of Kurland, who rescues her in a terrific hand-to-hand encounter.

In addition to "A Royal Family," the Strand offers as an added attraction for Thursday only "The Naval Battle of the Black Sea," probably the best naval war scene, or series of scenes, of the present European war. It is a piece of master photography, exceptionally clear and full of detail. The photographer was stationed on the flagship of the Russian squadron and the entire battle, from the departure of the fleet at sunrise to the attack on Sebastopol and the defending Turkish fleet, is shown in great detail.

Among the most notable scenes of the battle are the firing of the big guns on the battleships—the flash of the guns is plainly to be seen amid the cloud of smoke—the sinking of one of the Turkish battleships, her surrender, the lowering of the Turkish flag and the raising of the Russian emblem, the admiral, the czar and his staff.

MUCH WORK DONE ON DIXIE HIGHWAY

Chief Engineer Believes Both Routes Between Chattanooga and Atlanta Will Be Ready by November.

Chattanooga, Tenn., August 18.—(Special.)—Activity of a pronounced type is in evidence in the construction of the Dixie highway between Chattanooga and Atlanta on both the eastern and western divisions. T. E. Stanton, chief engineer of the Dixie Highway association, accompanied by Congressman Gordon Lee, has just completed a tour of inspection over the highway, which will soon be Dalton. Mr. Grafton found every county at work. From the way the counties are working on their roads, Mr. Grafton is of the opinion that both routes will be in good shape by November.

The chief engineer's report to the Dixie Highway association of his observations is as follows:

Bartow County.

The grading, bridge and culvert work from the Cobb county line to Cartersville has been completed. Some of this work is extremely heavy. The highway across Allatoona pass cost in excess of $40,000 for grading alone. Contracts were let August 14 for surfacing this section of the road, insuring a reliable road this winter. Cartersville, the county seat, is a beautiful and wealthy city of 7,500 population. It is the center of a rich farming and mineral section.

From Cartersville northward, to where the western and eastern divisions separate, and to a point two miles beyond Cassville, on the eastern division, the grading is completed, and the culvert work finished with the exception of one bridge, which will be put in place during the next two weeks.

Between the last-named point and Adairsville, a large gang of convicts is now at work grading and building a splendid highway. The grading work will be completed about the middle of October to the Gordon county line. This work will be followed by surfacing immediately. Commissioner Teer, who has the work in direct charge, expects to have the eastern division in his county entirely finished by Thanksgiving, and the western division via Kingston in Floyd county line completed shortly thereafter by transferring another gang now at work in the eastern end of the county to the Dixie highway.

Gordon County.

Gordon county seems to be especially commended for the spirit the highway enthusiasts have shown in the building of their section of the road, having county funds available for this purpose, through the efforts of Judges Harbin, Messrs. Boaz and Carlington and others, the work is being put through by private subscription. The highway is now graded from the Bartow county line to a point two miles north of Calhoun. A large portion of it has been surfaced with gravel. There are a few small bridges and culverts to put in, which will be done during the fall.

The highway between Adairsville and Calhoun in Gordon county traverses one of the most agricultural sections in the entire state, and the citizens along it have shown a most commendable spirit, not only by contributing, but by a large amount of volunteer work. This highway through the entire length of Gordon county is entirely finished, to be completed by the latter part of November.

Whitfield County.

Whitfield county has about three miles of road to build between the Gordon county line and Dalton in order to provide a good road through the entire length of the county. A large gang is now at work, and in doing this work and it will be entirely completed by the middle of November. Wooden bridges and culverts are being replaced by structures of steel and concrete through the entire length of the road through the county. All fords have been eliminated, and many changes have been made in the location of the road to improve it.

Dalton, a charming city of 7,500 people, has been the center of enthusiasm on the eastern division, and the enthusiasts are staying right behind the work, insuring its early and satisfactory completion.

R. A. Tyler, president of the Dalton Chamber of Commerce, who has been especially active in the work, secured the first membership in the association. Jo Thompson Hamers, and, in other things, this county is a unit in furthering the cause. The North Georgia Citizen, edited by T. S. Swope, has also been a most active supporter of the movement since its inception. The live automobile club of 124 members, recently organized, is also taking up the work.

Catoosa County.

With the exception of about two and one-half miles of highway standing on the south end of the highway in Catoosa county, the Dixie highway through this county is completed. This county is fortunate in having about two-thirds of the highway built and maintained by the United States government. This section of the road extends from Fort Oglethorpe through the western part of Chickamauga park to a point three miles beyond Ringgold to the government rifle range. Several important changes have been made in the road in this county, not only insuring an open road at all seasons of the year, but adding much to its attractiveness. The highway through Catoosa county will be entirely completed by November 1.

L. R. Wiggins, the county ordinary, has been the center of energy in this work, and, backed by a small but efficient group of Dixie highway boosters, has accomplished good results.

Ringgold, the county seat, has many historic attractions. Several resorts, having noted mineral springs, are near at hand, and will undoubtedly attract many tourists.

Walker County.

In Walker county the construction work is being rapidly pushed to completion from Lafayette south to the Chattooga county line, a distance of nine miles.

Between Chattanooga and Lafayette, through the historic Chickamauga battlefield, the United States government has built and maintains a splendid system of roads. That portion of it designated as the Dixie highway is now undergoing extensive improvements that will be completed by October 1.

In addition to building the Dixie highway, Walker county is planning and building a comprehensive system of fine roads to all parts throughout the county. An alternate route to Rome and Dalton is being constructed via Villanaw, whose interesting war history will be of particular interest to tourists.

This county is building its bridges of steel and concrete, and working at the present rate will have their link of the highway entirely completed by November 1.

A new courthouse and hotel at Lafayette will add to the comfort and attractions of the city. Both will be under way shortly.

Walker county knows the value of good roads, and is not backward about building them.

Chattooga County.

Chattooga county has two gangs at work on the Dixie highway, and the county commissioners state that, although they may not get their link of the highway done as quickly as they would like to see it, that nevertheless they will keep at it until their portion will be second to none in the entire system.

The road is now in good condition from the Walker county line, through Trion to Summerville, a distance of 10 miles, although a gang is at work resurfacing this portion.

From Summerville to Taylor's ridge another gang is at work building a new road that is being surfaced as the work proceeds. Wooden bridges and culverts are being replaced by concrete.

This county is extremely rich agricultural, several attractive resorts and extensive mineral deposits.

Natural road material exists in abundance throughout the county. The road over Taylor's ridge is now unsurfaced, but arrangements have been made to complete the work within two weeks.

Summerville is the county seat, and contains a number of citizens who have given freely of their time and money to the furtherance of good roads.

Floyd County.

The Dixie highway through Floyd county will be entirely completed by Thanksgiving. Floyd county already had a pike road over the highway which had decided to widen and resurface it, and put in concrete bridges and culverts. There is now no unsurfaced road on the entire highway through this county.

Rome, the county seat, is the largest city between Atlanta and Chattanooga, and is an exceedingly attractive place. The handsome hotel, which will be opened September 11, is of modern fire-proof construction, and one of the most elaborately furnished hotels in the state. There is a beautiful country club here, and an automobile club.

The Forrest highway to Birmingham will be the next highway at this place.

Like Dalton, on the eastern route, Rome has been the hub of enthusiasm on the western route, and the friendly rivalry these two cities have stirred up has already done much more than any other one thing to insure the absolute success of the Dixie highway in the northwest Georgia.

Leaving Rome, the highway is completed to the Floyd county line, where it goes via Kingston, of many war-time associations, and thence to Cassville, both in Bartow county, where it joins the eastern route, and forms one road then to Cartersville, Marietta and Atlanta.

General.

When it is considered that most of these counties did not start their highway work until well along in June, many times in the face of almost insurmountable difficulties, both financial and otherwise, the spirit and achievement they have recorded will be hard to duplicate in any other section of the country.

This group of counties are determined to build a surfaced "twelve months' road" throughout this entire section of Georgia, and to improve the highway from time to time as their resources will allow.

Georgia has no highway commission, so that the counties are thrown on their individual efforts in this matter, which makes their efforts all the more commendable.

MATRON BOHNEFELD HOME FROM VACATION

Matron Mary Bohnefeld, in charge of the women's ward at police headquarters, returned Wednesday from her vacation, which she has been taking with her son-in-law and daughter, Mr. and Mrs. John Simmermiks, a mile and a half the other side of Decatur, Ga. Mrs. Bohnefeld states that she had a good time, but all the fried chicken and fresh buttermilk in the world wouldn't keep her away from the Atlanta police department.

STRIKE INVESTIGATION WANTED BY GOMPERS

Labor Leader Insists That Foreign Influences Are Causing Labor Trouble.

Washington, August 18.—Samuel Gompers, president of the American Federation of Labor, issued a statement expressing the opinion that a diligent inquiry should be made of charges published by The New York World that German agents in the United States, with the approval of high officials of the German government, have been fomenting labor troubles in plants making war supplies for the allies.

Gompers reiterated his recent assertion that attempts had been made to involve him in schemes to call strikes. The statement follows:

"I have read the expose in The New York World and while I am interested in the first installment, I am particularly interested in the second, because it deals with the situation to which it was necessary for me to refer a few weeks ago.

"If the inquiry were directed to what I pointed out, that is no fair and honest effort to corruptly induce labor men to call strikes among longshoremen and seamen, it would be a waste of results. For several months, at times, I could scarcely avoid meeting people who to come in contact with me upon the scheme to call strikes which would affect the situation regarding the handling of products intended for European countries.

"In my opinion a diligent inquiry should be made into this entire matter. Without regard of any sentiment for one or the other side of the nations involved in the war, and for the sake of the honesty of the men at the head of some of these organizations primarily in interest there should be no great strikes inaugurated at the instance of the agents of foreign governments.

"All my life I have tried and will continue to try to secure the very best possible conditions, rights and duties for the workers of our country. If these cannot be accomplished without strikes, I have no hesitancy in encouraging strikes for their attainment, but such strikes will not be for or undertaken for these specific direct purposes and not for any secret purpose, and an improper purpose, and particularly when undertaken by corrupt or other means in the interests of one nation as against the interests of another. Ours is an American labor movement and will be conducted by the rank and file and the officers of the American labor movement."

Secretary Lansing has authorized the announcement that the department has made no investigation of The World's charges. Attorney General Gregory refused to comment on the attitude of the department of justice.

$2,000,000 DAMAGES SOUGHT BY MEMPHIS

Memphis, Tenn., August 18.—In suits filed simultaneously in the federal courts at Little Rock and Memphis today, the city of Memphis asks $2,000,000 damages for the alleged destruction of orchards, farms and crops and damage to streets, highways and bridges in recent Mississippi river floods. The actions are directed against the board of directors of the Francis Levee district, the Kansas City, Memphis & Birmingham railroad company and the receivers of the St. Louis and San Francisco railroad.

It is alleged that the levees and dikes constructed by the defendants on the Arkansas side of the river from Point Pleasant, St. Helaire, Ark., have increased the high waters at Memphis more than 11 feet above what it was before the embankments were built. Claims are made that the levees, which have been strengthened and raised higher since 1910, interfere with the natural flow of the river in its high water course, resulting in unnatural floods on the Memphis side of the stream, which have destroyed a large portion of North Memphis.

RAILROAD IS SOLD AT PUBLIC AUCTION

Mobile, Ala., August 18.—The New Orleans, Mobile & Chattanooga railroad, operating from Mobile to Middleton, Tenn., a distance of 463 miles, was sold at public auction here today by Special Master H. A. Lockwood, for $2,762,280. The purchaser was Chauncey H. Murphy, secretary of the bondholders' committee, whom he represented. The road had been in the hands of a receiver for two years, and the federal district court ordered the road sold to satisfy an indebtedness of $14,323,860.

VACATIONAL SCHOOL WORK TO BE SHOWN AT MEETING FRIDAY

To review the work of the sessions of the vacational schools and gather through direct reports evidence of the great work which has been accomplished by this new departure in the school system of the city, a meeting of the teachers of these schools has been called for Friday afternoon at 4 o'clock in the Commerce building.

In addition to the teachers, Miss Laura Smith, supervisor of summer schools, has invited members of council, the board of education, principals of the city schools and the woman's board of visitors.

Reports will be read showing the progress made in the various departments of the school work. Teachers have been fomenting labor troubles in have also invited various phases of their work, and on account of the unusual results obtained in Atlanta's first summer session a most interesting meeting is expected.

R. A. McTyre Resigns.

Bainbridge, Ga., August 18.—(Special.)—R. A. McTyre, who has been connected with the Georgia, Florida and Alabama railroad with headquarters in this city, has severed his connection. It is understood that Mr. McTyre will go with the Atlanta and St. Andrews Bay road, of which Asa Candler has recently been elected president.

BIG ORDER IS GIVEN FOR ROLLING STOCK BY THE COAST LINE

Wilmington, N. C., August 18.—The Atlantic Coast Line Railroad company has placed orders for the early delivery of 750 new freight cars and ten locomotives, according to a statement today by President John R. Kenly. The new investment represents an outlay of more than a million dollars.

MEDICAL EXAMINATIONS WILL BEGIN AUGUST 22

In preparation for the medical examinations of school children by the chief medical inspector, his assistants and nurses at the various school buildings after August 22, cards announcing the dates when the examinations will be conducted in each building have been printed and will be posted in a conspicuous place on the bulletin boards.

The education board is willing for family physicians to make these examinations and give the results on a card which will be furnished all children applying. In case the parents desire the medical inspectors of the health department to hold the examination, this will be done at the school buildings on days announced.

Pimples and Skin Eruptions Danger Signs of Bad Blood

It May Mean Eczema, Scrofula—The First Sign of Inherited Blood Disease

Pimples, scaly itching skin, rashes, burning sensations and Scrofula denote with unfailing certainty a debilitated, weakened and impure state of the blood. The trouble may have been in your blood from birth, but no matter how you were infected, you must treat it through the blood. It is a blood disease. You must use S. S. S., the standard blood tonic for 50 years, if you expect certain relief. For purifying the system, nothing is equal to it. The action of S. S. S. is to cleanse the blood. It soaks through the system direct to the seat of the trouble—acting as an antidote to neutralize the blood poisons. It revitalizes the red blood corpuscles, increases the flow so that the blood can properly perform its physical work. The dull sluggish feeling leaves you—the complexion clears up. Even long standing cases respond promptly. But you must take S. S. S. Drugs and substitutes won't do. Get S. S. S. from your druggist. If yours is a special case and you need expert advice, write to S. S. S. Co., Atlanta, Ga.

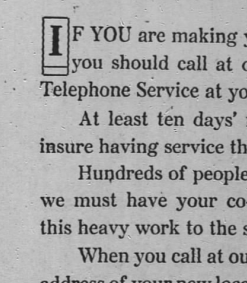
The Inside Working of a Big Bank

To very many people the methods of a bank in handling its volume of everyday business are quite unknown.

It is an interesting system and well worth the study of anyone who is at all concerned with modern commercial methods.

We should be glad to show you through this bank at any time and explain to you the various processes by which hundreds of thousands of dollars worth of business is managed each day with such accuracy and quickness.

FOURTH NATIONAL BANK
Atlanta



Are You Moving Sept. 1?

IF YOU are making your plans to move this season you should call at our office and arrange for Bell Telephone Service at your new location.

At least ten days' notice should be given us to insure having service the day you move.

Hundreds of people are moving at this time and we must have your co-operation in order to handle this heavy work to the satisfaction of all our patrons.

When you call at our office be prepared to tell the address of your new location and the date you expect to move.

Give us as much advance notice as possible.

Come Today If You Can

Southern Bell Telephone and Telegraph Company

It's Your Last Chance

TODAY we start our final Sale of $7.50 and $10.00

Palm Beach Suits

Your Choice . . $4.85

Some made by Hart Schaffner & Marx and all of the very best Genuine Palm Beach Cloth.

ZEPPELINS RAID LONDON OUTSKIRTS

Ten Civilians Killed and 36 Injured—Damage to Property Not Important—One Zeppelin Hit.

London, August 18.—The outskirts of London were raided last night by Zeppelins. Ten persons were killed and thirty-six injured. The damage to property was not important. One Zeppelin is believed to have been hit. The air raid was over the eastern counties of England.

The official press bureau statement said:

"Zeppelins visited the eastern counties last night and dropped bombs. Anti-air craft guns were fit action, and it is believed that one Zeppelin was hit.

"Air patrols were active, but owing to the difficult atmospheric conditions the Zeppelins were able to escape.

"Some houses and other buildings, including a church, were damaged."

The following casualties have been recorded:

"Killed—men, seven; women, two; children, one.

"Injured—Men, fifteen; women, eighteen; children, three.

"All the above were civilians."

DUTCH SOLDIERS FIRE ON ZEPPELIN.

London, August 18.—The Handelsblad of Amsterdam says that Dutch troops opened fire today upon a German Zeppelin which sailed over Dutch territory.

PLENTY OF POTATOES REPORTED IN GERMANY

Berlin, August 18.—(Via Amsterdam and London.)—There is an unexpected abundance of potatoes in Germany, according to a statement made to the budget committee of the reichstag by Secretary of the Interior Delbrueck. The explanation, he said, was the great economy practiced because of the unprecedented the supply at the beginning of the war. The imperial bureau of potato supply has distributed over 10,000,000 hundredweight to municipalities, starch factories and distillers.

Herr Delbrueck stated also that there was a balance of 7,000,000 double hundredweight from the previous grain crop, to which must be added probably 50,000,000 double hundredweight from the new crop. The prospects for a supply of meat are satisfactory, and a normal quantity of sugar has been obtained for the coming year.

CIVILIANS IN ARMY UNIFORM AT N. Y. CAMP; MAYOR MITCHEL IS NOW CAVALRY OFFICER

MAYOR MITCHEL AT HEAD OF CAVALRY.

The citizen rookies encamped at Plattsburg, N. Y., who are endeavoring to learn how to become soldiers for Uncle Sam are winning the praise of regular army officers because of their earnestness and industry. Mayor John Purroy Mitchel of New York city, one of them, has joined the cavalry department and has been made an officer. In the photo he is shown at the head of a troop. More than 1,000 civilians are in service at the camp, including many millionaires, society men and college graduates.

HARD BLOW DEALT TO THE RUSSIANS

Continued From Page One.

agreement between King Constantine and the new premier, M. Venizelos, which will guarantee the continued neutrality of Greece.

RUSSIANS HOLD NEAR KOVNO.

Petrograd, August 18.—(Via London, August 19, 3:10 a. m.)—Russian forces still are holding fortifications at Jesia, 1 1-2 miles south of Kovno, according to a Russian official statement tonight.

The communication says:

"On the 18th, after eleven days of fighting near Kovno, the enemy succeeded in seizing the fortifications on the left bank of the Niemen. To the west of Jesia, and on the right bank of the Niemen, we are holding all the fortifications."

STEADY GAINS FOR GERMANS.

Berlin, August 18.—(Via London.)—The following announcement was made here officially today:

"The fortress of Kovno, together with all the forts and an amount of war material which has not been determined, has been in German hands since last night.

"More than 400 cannon were taken. The fortress was captured by storm in spite of the most tenacious resistance by the Russians."

The text of the German statement today reads:

"Eastern theater of the war:

"Army group of General Field Marshal von Hindenburg: The fortress of Kovno, together with all its forts and of immense quantities of material, including far more than 400 cannon, fell into German possession in the course of the night. The fortress was taken by storm in face of the most stubborn resistance on the part of the enemy.

"The armies of General von Scholz and General von Gallwitz penetrated further toward the east. Our foremost divisions are approaching the Bialystok-Bielsk railway.

"Before Novogeorgievsk, the further forts on the northeastern front were captured by storm. We took six hundred prisoners and captured twenty cannon.

"Army group of General Field Marshal Prince Leopold of Bavaria: The left wing met with renewed strong resistance yesterday in the Kamionka section on both sides of Siemiatycze. On the Bug and southwest of Siemiatycze we forced our way across the Kamionka section. The enemy was driven back to — (name deleted). Our right wing reached the southern bank of the Bug.

"Army group of General Field Marshal von Mackensen: This army group has driven its enemies across the Bug and into the outer positions of the fortress of Brest-Litovsk. East of Vladawa our troops penetrated across the railway line of Cholm-Brest-Litovsk in an easterly direction.

"In the western theater of war:

"In the Vosges French attacks took place after having been prepared for at the expense of considerable quantities of ammunition against Schratzmaennle, and our positions southeast of Sondernach. The enemy divisions which had penetrated into our positions were driven back again by means of counter attacks. South of Sondernach, a small but completely demolished trench section remained in the hands of the French.'

FRENCH REPULSE GERMAN ATTACKS.

Paris, August 18.—*Tonight's official statement says:*

"There has been violent cannonading in Artois, in Champagne, and in the Argonne forest, at La Fontaine, at the Vaux Fery, at Bois le Petre, in the region of Croix des Carmes and on the front at the Seille.

"The struggle by means of mines continues at a great many points. Near Beuvraignes, to the south of Roye, the explosion of one of our mines has shattered the sapping works of the Germans.

"In the Argonne the various attempts made by the enemy to progress by means of grenades in the region of Marie Therese all have been repulsed.

"In the Vosges the position taken by us on the Sondernach ridge is still in our hands despite a very violent bombardment."

The communication issued in the afternoon follows:

"Last night passed in relative quiet along the greater part of the front. There has been reported only artillery engagements in the sectors to the north of Arras and between the River Somme and the River Oise; in the region of Roye, and in the vicinity of Lassigny.

"There was fighting yesterday with bombs and hand grenades in the Argonne at Haute Chevauchee, at Pontine-Aix-Charmes and in the forest of Chappy. Our bombardment yesterday of the German positions near the Linge destroyed two heavy batteries, and caused the explosion of several stores of ammunition.

"On the crest of the Sondernach two fresh and violent counter attacks during the night against the position taken by us yesterday were completely repulsed and we made fifty prisoners."

GERMAN AIRSHIPS BOMBARD VILNA.

Petrograd, August 18.—(Via London.) German aeroplanes are persistently bombarding Vilna, about fifty miles east of Kovno. The possibility of its capture is foreseen in Petrograd, and operations preliminary to its evacuation are in progress.

FALL OF KOVNO GLADDENS BERLIN,

London, August 18.—Tidings of the fall of the Russian fortress of Kovno were greeted in Berlin by a salute of fifty "victory" shots at noon today in Lustgarten. All the church bells in the capital rang at the same time.

This information was received in Amsterdam from Berlin and transmitted to London by Reuters.

LITTLE FIGHTING ON BRITISH FRONT.

London, August 18.—An official communication made public tonight says:

"General Sir John French reports that there have been no incidents of importance on the British line in Belgium and France since his last communication of the 10th instant, when the recaptured positions at Hooge had been consolidated. Since then our trenches in the neighborhood have been subjected occasionally to artillery bombardment, but there has been no infantry fighting, with the exception of two bombing attacks last night, which were easily repulsed. On the remainder of the front there have been intermittent artillery engagements of no importance."

ALLIES REPULSED, TURKS REPORT.

Constantinople, August 18.—(Via London.)—*The following official statement was issued today:*

"In the Dardanelles district at Anafarta on the 16th, we repulsed an attack of an enemy division against our right wing. The losses of the enemy were considerable. We captured machine guns and war material.

"Off Kemlikli our artillery hit an enemy transport vessel, causing a fire on board.

"Near Ari Burnu quiet prevails.

"Near Seddul Bahr, after heavy artillery preparation, the enemy attempted an attack upon our left wing with bombs, but was driven to his former position by our counter attacks, leaving behind a number of dead.

"The situation on the other fronts is unchanged."

GERMAN FORCES DEFEAT RUSSIANS.

Vienna, August 18.—(Via London, August 19, 1:04 a. m.)—The German forces advancing on Brest-Litovsk here defeated the Russians near Biala, west of the fortress, within range of the guns of the stronghold, and a short distance northwest of the fortress the southern bank of the river Bug has been cleared of Russians, according to an official communication made public tonight.

ROBERT DOLLAR GIVES HIS OPINION OF CONGRESS

San Francisco, August 18.—Robert Dollar, president of the Robert Dollar Steamship company, occupied the greater part of today's federal trade commission hearing in answering questions concerning the effects of the new seamen's bill.

"Congress may be powerful within the three-mile limit," said Captain Dollar, "but when the members get beyond that they don't figure. I'm going to do business but none of us knows where he stands—not even Secretary Redfield."

Captain Dollar said ship owners favored the humanitarian aspects of the seamans's bill, but he asked "where does the sailor get off when all the ships have been legislated out of business?"

How to stop dandruff and loss of hair with Resinol

Here is a simple, inexpensive treatment that will almost always stop dandruff and scalp itching, and keep the hairthick, live and lustrous:

At night, spread the hair apart and rub a little Resinol Ointment into the scalp gently, with the tip of the finger. Repeat this until the whole scalp has been treated. Next morning, shampoo thoroughly with Resinol Soap and hot water. Work the creamy Resinol lather well into the the scalp. Rinse with gradually cooler water, the last water being cold.

Resinol Soap and Resinol Ointment usually heal eczema and similar skin eruptions. Sold by all druggists.

PATROL BANQUETS OFFICERS AND BAND OF YAARAB TEMPLE

Officers and band of Yaarab temple were entertained with a banquet by the patrol in the Ansley hotel yesterday evening, in appreciation of the recent trip to Seattle afforded them. Captain J. O. Seamans was toastmaster. About one hundred were in attendance.

The feature of the affair was the acceptance by the patrol and band of two large hammered silver loving cups which were given them by the commissioners of the Panama exposition through the courtesy of Isiaam temple, San Francisco. It will be recalled that the Yaarab patrol and band were the *only* organizations allowed to drill on the exposition grounds.

James M. Wilson, paying teller of the Atlanta National bank, was presented with a diamond shrine pin in appreciation of the able way in which he handled the commissariat of the Yaarab's special train to and from Seattle.

Among the prominent speakers at the enjoyable banquet were Potentate Forrest Adair, Past Potentate John A. Hynds, Recorder George Arnold, Lieutenant F. E. Vander Veer, Walter P. Andrews and William A. Fuller.

Five Fire Companies Respond to a Blaze On Viaduct Place

Five fire companies responded to a fire on Viaduct place last night, where such a serious loss was sustained some months ago. Upon their arrival it was discovered that a gas jet, burning in the shoe shop conducted by W. H. Bell, had started a blaze. No appreciable damage was done.

SEVEN SOLDIERS SAVED FROM THE FIRING SQUAD

Nogales, Ariz., August 18.—Seven soldiers ordered executed by Governor Maytorena, Villa commander defending Nogales, Sonora, on a charge of being concerned in an attempt on Maytorena's life, were reprieved today as they were being led out to face a firing squad.

A bomb was found yesterday in a room next to Maytorena's headquarters and Captain Rojas, of Maytorena's personal guard, and two other officers of the Villa garrison, immediately were executed. It was reported these men were behind a plot to murder Maytorena because they, with other Mexicans, believed him responsible for the serious plight of the Villa cause in Sonora.

SON-IN-LAW OF BRYAN NAMED FOR GALLANTRY

Washington, August 18.—Information reached Washington today that Captain R. E. Owen, British royal engineers, son-in-law of William Jennings Bryan, had been "mentioned in orders" by Sir Ian Hamilton, British commander at the Dardanelles, for distinguished gallantry in action.

1914 TAX DIGEST OF FULTON COUNTY JUST COMPLETED

Increases in the aggregate market value of city or town property and in the taxable worth of cotton and textile manufactories despite the war are shown for 1915 over 1914 in the tax digest which has just been compiled for Fulton county. There is a notable and unprecedented shrinkage in the value of personal property, according to the returns.

The aggregate market value of real estate, including buildings, is $6,232,545. This is a total loss of $61,845 over 1914 returns. The city property shows an increase of $5,610 and county property a loss of $63,450. The aggregate market values of city or town properties are $38,874,066. This means a gain of $1,162,446 over last year. The valuation of cotton and textile manufactories, which totals $4,647,350, shown an increase of $744,950 over 1914. The market value of building loan associations, stocks of non-borrowers and similar business is registered at $50,000 for 1915 in contrast to a valuation of $120,000 for 1914, or a loss of $70,000 for the year. The total value of all stocks and bonds shows an increase for the year of $752,000 or a total of $1,104,140. There is a loss, however, of amounts of money and debts of all kinds for 1915 amounting to $1,288,520 The total given is $10,761,110.

The aggregate value of whole of property is $131,828,190, or a loss of $568,010. The amount returned for the city was $121,615,145, and for the county $8,082,775. The aggregate value of aggregate property is $2,180,270, a loss for the year of $132,160.

STRIKE IS OPPOSED IN MUNITIONS PLANTS

Washington, August 18.—Agitation for a national strike in munition plants as proposed by J. J. Keppler, vice president of the International Association of Machinists, was repudiated here today by the association's executive board. The board determined, however, to wage vigorously a general campaign for an eight-hour day.

W. H. Johnston, international president, was authorized to disavow the strike project. "My attention has been called to an interview by Vice President Keppler," he said tonight, "in which he declares that he will urge the association to authorize a national strike to enforce the eight-hour day. This statement is unauthorized by the International association and is wholly at variance with its policy. We have not declared for a general strike, but we will use every means to prevent such a development.

"However, a general campaign will be carried on for a shorter work day. Our campaign will be waged in all branches of the industry where business conditions justify it."

Vice President Keppler will appear before the executive board tomorrow to urge his national strike proposal, despite today's action.

RATES ON PIG IRON ARE ORDERED REDUCED

Washington, August 18.—Rates on pig iron in carloads from Alabama and Tennessee furnaces to points north of the Ohio were reduced today by the interstate commerce commission in its decision in the so-called Birmingham pig case. New rates prescribed range as much as 35 cents a gross ton less than present rates, but the relations between the railroads remain undisturbed. Roads south of the river suffer 23 cents of the reduction and those north bear 12.

The differentials or relation of rates as between Alabama and Tennessee furnaces which existed prior to October will be undisturbed.

The commission ordered a joint through rate of $4 from Birmingham to Chicago, of which the lines south of the Ohio are entitled to $2.52. All other joint through rates will be apportioned on the same basis. The adjustment is effective September 20, except that the joint through rates will date back to October 1, 1914.

The decision was on the complaint of the Sloss-Sheffield Steel and Iron company. The commission will decide later the rates on southern pig iron to trunk lines and New England territories.

STRIKE OF ONE DAY PROPOSED FOR WOMEN

New York, August 18.—A one-day strike of women in an effort to combat the relevancy in modern day conditions of the contention made by politicians and others that "woman's place is in the home," is proposed by the Empire state campaign committee of the Woman's Suffrage association.

A letter to women's clubs, suffragists and social and settlement workers says:

"All women will be asked to stay at home for one day. Home women will be asked to refrain from any of those activities outside the home that go with their work as purchasing and distributing agents or as careful mothers. Women employed outside the home will be asked to make the sacrifice and take the risk of staying in the home."

The date tenatively set for the unique strike is late in September or early October.

ALL GAMBLING HOUSES ARE CLOSED IN PANAMA

Panama, August 18.—President Porras has closed all gambling houses in Panama as a result of the investigation into charges of police corruption. It is stated that evidence adduced in the investigation indicates that several municipal officials, too, have accepted money to protect gambling places.

The investigation has developed charges that one man had the gambling concession and that he collected money which was distributed among certain police and municipal officials to purchase protection.

The investigation has been extended to Colon.

ITALIANS ADVANCING THRO' ALPINE PASSES

By Brilliant Bayonet Charge Strong Line of Austrian Works Is Captured.

Rome, August 18.—(Via Paris.)—Further Italian advances through the passes of the Alps and a brilliant bayonet charge which captured a strong line of Austrian entrenchments in the Tolmino region are described in the official report issued tonight at army headquarters. *The statement says:*

"In the rugged Ortler range between the upper valleys of the Adda and the Adige one of our detachments set out during the night of August 16 from Cavanna, Milano, and divided into squads joined by ropes, crossed the Camossi Pass (9,500 feet high) and the Vedretta di Dampo, climbed the snow-capped summit of Turckett Spits (10,-500 feet) and surprised groups of the enemy. It then proceeded to Hinter Madattasch Spits (10,400 feet) occupied by a detachment of the enemy which it attacked and dispersed and solidly occupied the summit.

"In upper Reins further progress by our infantry is reported. We occupied Mattlerberg, west of Lange Alps.

"In the Monte Nero section we captured several of the enemy's trenches in the neighborhood of the Alpine peak. Later a counter attack by the enemy on our Italian positions was vigorously repulsed.

"In the Tolmino zone our brilliant offensive developed against the hills of Santa Maria and Santa Lucia commanding positions situated to the right of the Isonzo. After the customary preparatory shelling by artillery our infantry dashed forward with the bayonet and stormed a line of strong entrenchments extending along the western slopes of these heights. The enemy suffered very heavy losses. We captured seven officers and 547 men, four machine guns and a great quantity of ammunition.

AUSTRIAN FLEET BOMBARDS ISLAND.

Rome, August 18.—(Via Paris)—An Austrian fleet of twenty-one vessels, aided by aeroplanes, has bombarded the island of Pelagosa, in the Adriatic, midway between the coasts of Dalmatia and Lagosa and Dalmatia, and retired after killing one Italian officer and three men and wounding three others, it was officially announced today.

The text of the announcement says:

"The chief of the naval staff communicates the following:

"'Twenty-one Austrian vessels and one aeroplane attacked the little island of Pelagosa in the Adriatic, midway between the coasts of Lagosa and Dalmatia, and retired after killing one Italian officer and three men and wounding three others, it was officially announced today.

"The text of the announcement says:

"'

Rain Postpones Game---Two Games Today

Sports Edited by Dick Jemison.

Travelers and Crackers Play Double-Header Today, Matthews to Make Debut

The scheduled game between the Crackers and the Travelers at Ponce de Leon Wednesday was postponed on account of rain. Managers Smith and Starr waited until the last moment before calling the game.

This will necessitate a double-header today, the first game starting at 2:15 o'clock. Manager Smith announced last night that he would use Thompson and Allen, and Manager Starr will send Fischer and Roth against the Crackers. The games will be brand new innings each.

The Travelers are scheduled for single games with the Crackers on Friday and Saturday.

Matthews to Debut.

Outfielder Matthews, who was signed up by Manager Smith upon his return from New Orleans yesterday, will make his debut in right field today, succeeding Ed Manning. Matthews was a free agent when signed. He was a member of the Macon team in the Dixie league, this season.

Another player who may get a try-out with the Crackers in the near future is Milton Reed, the Atlanta boy, who has been playing with the Philadelphia and on the Pacific coast.

Milton is a free agent, and asked the local manager for a trial. Manager Smith is going to look him over in the fielding practice during the Little Rock series, and if the local lad shows him something may give him a trial with the Chattanooga aggies, which starts next week.

DRUID HILLS COURSE IN FINE CONDITION

In Great Shape for Club Championship Which Starts Saturday.

With the course in wonderful condition, the fair greens better than they have ever been, and Druid Hills givens true as a die, the golf championship of the Druid Hills Golf club will be started Saturday, when the qualifying round is scheduled.

The course is filled daily with golfers practicing for the big event of the season at Druid Hills, and it is believed that a record entry list will mark the playing of this event.

The drives will start Saturday from scratch and match play in the first round will also be from scratch. Match play in all the other flights that tilt will be with the club handicaps applying.

The first and second rounds of match play must be completed by August 26, the semi-finals by August 28, and the finals by August 29.

NATIONAL LEAGUE

Reds 7, Giants 4.

New York, August 18.—Cincinnati batted Perritt and Ritter hard today and won from New York, 7 to 4. Dale pitched a strong game for the visitors in the pinches. Herzog's fielding featured.

Score by innings: R. H. E.
Cincinnati . . . .030 002 011—7 15 1
New York . . . .000 001 012—4 10 0
Batteries—Dale and Wingo; Perritt, Ritter and Dooin.

Pirates 8, Phillies 4.

Philadelphia, August 18.—Pittsburg hit the ball hard today and defeated Philadelphia, 8 to 4, Wagner leading in the slugging with a home run, a double and a single. Pittsburg gave a hand exhibition of fielding, but the errors did little damage, owing to the effectiveness of "Babe" Adams.

Score by innings: R. H. E.
Pittsburg . . . .050 000 003—8 10 0
Philadelphia . . . .010 100 020—4 6 2
Batteries—Adams and Gibson; Mayer, Baumgartner and Burns, J. Adams, Killifer.

Cubs 9, Dodgers 0.

Brooklyn, August 18.—Vaughn was invincible when men were on bases today, and Chicago, batting Smith and Appleton freely, defeated Brooklyn, 9 to 0. Bell pitched the last two innings for Brooklyn and checked the visitors. The Dodgers had thirteen men left on bases, showing how effective Vaughn was in the pinches. Cravath, Williams and Bresnahan featured. Zimmerman made a triple with two men on bases and Phelan hit for a home run. Good had a big day. He made three singles, a double, stole three bases and scored twice.

Score by innings: R. H. E.
Chicago . . . .103 102 200—9 11 1
Brooklyn . . . .000 000 000—0 7 2
Batteries—Vaughn and Bresnahan; Smith, Appleton, Bell and McCarty.

QUERIES ANSWERED

(Under this head the sporting editor will endeavor to answer all questions pertaining to all branches of sport.)

Base runner on third, two out and two strikes on batter. Pitcher takes long windup and base runner on third steals home, sliding across the plate before the ball arrives at the plate, but after the pitcher has delivered same. In other words, the ball was in the air all the way from the pitcher's hand to the base runner scored. The catcher made no effort to tag runner, but remains in his usual position behind the plate. Where the point on which base runner scored being a strike. The catcher calls batter out, relying the side. Does the run count?

Run does not count.

BILL JAMES BOUGHT BY DETROIT TIGERS

Detroit, Mich., August 18.—Pitcher "Bill" James has been bought by Detroit from the Louis Brown club. The price is said to have been $15,000.

JOHN GANZEL SIGNS TO LEAD TIP-TOPS

New York, August 18.—John H. Ganzel today signed a contract to manage the Brooklyn Federals.

Steamer Dacia Sold.

Paris, August 18.—The former American steamship Dacia, condemned by a French prize court, owing to her transfer from German to American registry, after the outbreak of the war, has been sold. Her new French owner has renamed her the Yser.

OPEN SECOND NINE AT C. C. C. C. SEPT. 1

When Completed, Course Is Going to Be One of Best in South.

"Scotty" McKenzie, golf professional of the Capital City Country club, has announced that he is planning to open the second nine holes of the golf course September 1.

In addition to opening the second nine, several holes on the first nine will be lengthened and when completed the Capital City Country club's course will be one of the best in the south.

AMERICAN LEAGUE

White Sox 5, Red Sox 3.

Chicago, August 18.—The White Sox checked the Red Sox here today by a 5 to 3 victory, thus winning the series two to one. A pass to Blackburne, Russell's double and a triple by Murphy won the games in the fifth inning. Russell for Chicago was effective with men on bases. Boston's scores was broken in the eighth inning by a throw-in ball by Blackburne.

Score by innings: R. H. E.
Boston. . . . . .000 001 020—3 13 1
Chicago . . . .020 001 00x—5 8 0
Batteries—Leonard, Gregg and Carrigan, Cady; Russell, Faber and Schalk.

Indians 8, Senators 0.

Cleveland, August 18.—Walmsley, recalled from the Cleveland American association, shut out Washington, 8 to 0, today. Johnson held Cleveland to five hits and struck out 12 in 8 innings, but every hit counted in the scoring.

Score by innings: R. H. E.
Cleveland . . . .011 000 10x—3 7 1
Washington. . . .000 000 000—0 5 1
Batteries—Collamore and O'Neill; Johnson and Henry.

Tigers 4, Athletics 1.

Detroit, August 18.—Sheehan's wildness and fast work on the bases by Detroit runners gave the Tigers today's game with Philadelphia, 4 to 1. Sheehan passed Adams and Bush in the opening and made two wild pitches, one of which scored Oldring. Sheehan's fielding run after Bush had stolen home.

Score by innings: R. H. E.
Philadelphia. . . .000 100 000—1 5 0
Detroit. . . . . .200 001 10x—4 6 0
Batteries—Sheehan; Vaughn and Lapp, McAvoy; Dauss and Stanage.

New York-St. Louis—Rain.

AMATEUR GAMES

Bainbridge 8, Whigham 0.

Bainbridge, Ga., August 18.—(Special.)—Bainbridge defeated Whigham here today by the score of 8 to 0. The steady fall for the home team and was never in danger after the first inning. The fielding of Crawford, for Bainbridge, featured, while Ostendorf led the Whigham batting. Two doubles and a single. Laing, for Whigham, received poor support.

Score by innings: R. H. E.
Bainbridge. . . .200 140 01x—8 8 4
Whigham. . . . .000 000 000—0 4 4
Batteries' Bainbridge, Galloway and Morris; Whigham, Laing and J. Fordham.

Fitzgerald 3, Montezuma 1.

Fitzgerald defeated Montezuma with a 3 to 1 score today. Batteries, Garwood and Monahan, Fitzgerald; Buckalew and Branham, Montezuma.

Washington 4, Elberton 1.

Washington, Ga., August 18.—(Special.)—Washington won the first game of the series from Elberton's fast team this afternoon by the score of 4 to 1. Until the fifth inning neither team scored. In that inning a gentle rain set in, but this was not sufficient to stop the contest. Batteries: Washington, Livingston and H. Reynolds; for Elberton, Strother, Thomson and Harper. Hits, off Livingston 3, off Wilder 7; *errors*, Washington 1, Elberton 2.

PACIFIC COAST PLAYERS GREATLY IN EVIDENCE

Newport, R. I., August 18.—Lawn tennis players from the Pacific coast were greatly in evidence as the field drew into the quarter-finals and semi-finals in the Casino cup singles tournament today. Mr. and Mrs. Browne, the young player heralded two years ago as the successor to Maurice E. McLoughlin, more than justified predictions, as he completely outclassed W. M. Washburn of New York, a Harvard student who held a place on the eastern states team.

R. Norris Williams II., the national champion, had a hard time with Craig Biddle, but won the four-set match.

Clarence J. Griffin, of the California delegation, defeated Richard Stevens, ness of Richard Stevens' long court game below the net.

In the doubles the appearance of the Pacific coast champions, Clarence J. Griffin and William Johnson, and Mr. and R. Norris William II. and Watson M. Washburn, in another championship again furnished the feature. The playing of the young Californians who stand as challengers to McLoughlin and Bundy for national honors was far above the ordinary. They outsmashed and outvolleyed Robert LeRoy and Charles M. Bull, Jr., the New York pair.

Williams was again somewhat erratic on his overhead playing at the net, so that Washburn had to offset many of the errors of his famous partner, but it made nevertheless fast tennis that the two played against D. S. Watters, the New Orleans boy, and Harold A. Mackinney, of Providence. Williams and Washburn won, 6-3 and 6-3.

Two Players to St. Louis.

Birmingham, Ala., August 18.—(Special.)—Tod Sloan and George Hale, Birmingham right fielder and catcher, respectively, have been recalled by the St. Louis Browns, according to announcement made here today.

No-Hit Game.

Buffalo, N. Y., August 18.—Fred J. Bebee, of the Buffalo Internationals, pitched a no-hit, no-run game here today against Montreal. Bebee once was a member of the Chicago Nationals.

BRAVES FIELD IS OFFICIALLY OPENED

Nearly Fifty Thousand Fans Attend Opening Game on Wednesday.

Boston, August 18.—The biggest crowd that ever saw a baseball game filled Braves Field, the greatest baseball park in the country, to overflowing at its opening today. The Boston, who took possession of the ground to raise the pennant won in the world's series last year, defeated St. Louis, 3 to 2.

Official estimates put the crowd at between 46,000 and 47,000 persons. Thousands stood throughout the game and others thousands were turned away. Clark Griffith, manager of the Washington American, pitched the first ball, a strike, to Manager Stallings of the Braves. Prior to the game with St. Louis the world pennant won by the Braves last year was raised and it was to mark the dedication of the grounds.

President John K. Tener and all the club owners of the National league came here to attend the opening ceremonies.

The new grounds contain the most complete seating arrangements ever installed in a baseball park, and the most extensive playing field that every staged a baseball game.

The grandstand, a concrete stadium sweeping in a great circle from first to foul line to foul line, with tiers of seats rising from the playing surface, 40 feet below the street level, will accommodate 19,000 persons.

Pavilions in right and left field contain seats for 9,500 persons each, and in right field is a stand for the "bleacherites" holding 6,250.

Provision has been made for double decking the grandstand and all the temporary stands, if needed, adding 20,000 seats to the park's capacity.

The concrete wall which surrounds the plant is in left field, and is 85 feet from the home plate, in right field 256 feet and in extreme center field 580 feet.

The game itself was an interesting one, in which Boston gained an early lead by timely batting, with the assistance of one pass. Rudolph pitched great until the ninth inning, when the visitors made three hits, but scored only once, notwithstanding an error by Compton.

Score by innings: R. H. E.
St. Louis . . . .000 000 001—2 7 1
Boston . . . .010 000 00x—3 7 1
Batteries—Sallee, Meadows and Snyder; Rudolph and Gowdy.

TO DECIDE MARSANS INJUNCTION TODAY

St. Louis, August 18.—The injunction suit against Armando Marsans, which has prevented him from playing with the Buffalo Federals, will be passed on Thursday, Federal Judge Dyer announced today.

Marsans jumped from the Cincinnati Nationals to St. Louis early in the 1914 season. A temporary injunction has prevented him from playing ball since.

Games Wanted.

Flowery Branch, Ga., August 18.—(Special.)—The baseball team of this city would like to arrange a game for next Saturday with some strong team from Atlanta. The Georgia Railway and Power Company or White's all-stars are preferred. Call F. G. Carlisle or C. C. Mooney on a reverse call, by not later than Thursday night.

Snodgrass Released.

New York, August 18.—Fred Snodgrass, an outfielder, with the New York Nationals since 1908, was given his unconditional release today, it was announced. Snodgrass came to the Giants as a catcher, but later was made an outfielder.

M'NAMARA LEADS IN WESTERN OPEN

Boston Pro Has Card of 151 for First Thirty-Six Holes. "Chick" Evans Off His Game.

Chicago, August 18.—Tom McNamara, of Boston, led the 110 golfers playing in the western open golf tournament today at the Glen Oak club. The Boston professional scored a par 72 for the 6,309-yard links in the morning and was only three strokes worse in the afternoon round, which gave him a 42 and a 36.

Jack Hutchinson, of Allegheny, Pa., finished second with 155 strokes. George Sargent, of Washington, and Gilbert Nicholls, of Wilmington, Del., tied today at the Glen Oak club. The Boston professional scored a par 72 for the 6,309-yard links in the morning and was only three strokes worse in the afternoon round, which gave him a 42 and a 36.

Jack Hutchinson, of Allegheny, Pa., finished second with 155 strokes. George Sargent, of Washington, and Gilbert Nicholls, of Wilmington, Del., tied for third place, up with 156.

James Barnes, of Philadelphia, scored 157, as did Walter Hagen, of Rochester, national open champion last year, and A. P. Nelson, of Oklahoma City, and A. Thompson, of Wheeling, W. Va.

Charles Evans, jr., four times western amateur champion and western open champion in 1910, was off his game in the forenoon, but made 78 for the second round, a total of 156. This was the best score returned by an amateur, but was tied by J. N. McDonald, amateur, of Calumet club, Chicago.

The only spectacular plays were made by George Sargent, of Washington, who got in the first rank today with 77 strokes in the morning round and in three strokes in the afternoon.

The gallery followed Evans and Walter Hagan all day, but did not see any spectacular play.

Other scores:

Fred Robinson, of Washington, D. C., 160. C. W. Hall, Birmingham, Ala., 161. W. C. Sherwood, Memphis, 166. George Livingston, Nashville, 168.

PERRY ADAIR LEADS IN RINGER TOURNEY

Has a 60 in Tourney in Progress for W. E. Browne Trophy.

Perry Adair, Atlanta's brilliant young golfer, is leading the field to win in the ringer tournament that is being played over the Druid Hills golf course. Young Adair made the ringer that he has played to date has a ringer score of 60, 29 going out and 31 coming in.

This tournament will run until September 1, when the golfer with the lowest ringer score will receive the handsome silver loving cup given by Walter E. Browne.

SOUTHERN LEAGUE

Lookouts 0, Barons 0.

Birmingham, Ala., August 18.—Darkness ended a spirited pitchers' battle this afternoon between Grimes and Fullerton after the scores were tied. Grimes did not allow a hit until one man was out in the ninth inning, when Aitchison singled sharply to left.

AL NIXON HERE.

Former Cracker En Route to Join Brooklyn Club.

Al Nixon, who played right field for the Crackers a couple of seasons ago, was a visitor to Atlanta yesterday. He came in with the Crackers from New Orleans.

Nixon has been playing outfield for the Beaumont team of the Texas league this season and has been playing so sensationally that he was purchased by the Dodgers. Nixon was in Atlanta only en route for Brooklyn to join the men of Wilbert Robertson.

New York, August 18.—The cotton market showed a much steadier tone today on covering, foreign buying and increasing local support which seemed to be inspired by the continued absence of southern offerings, and apprehension that a declaration of contraband or damage in the southwest as a result of the tropical storm. The close was steady at a net advance of 11 to 15 points.

Cotton traders seemed to pay little attention to relatively firm cables at the start, but after opening at a decline of one point on a volume of two points the market turned firmer on reports that the first rains reported in Texas had been accompanied by high winds which might have caused damage to the crop and on realiness of the market to advance on this factor, speculation was further bullish on features such as the expected contraband declaration of export uncertainties had been in part discounted by buyers became more confident, with prices working 11 to 13 points net higher. Closing prices were at practically the best, on buying a renewal of foreign buying in the late trading presumably in connection with the buying for southwestern account, which was beginning to develop here toward the end of the week, has not been in evidence since the appearance of the tropical storm. Liberal withdrawal of offerings may be partly due to an interrupted wire service, but there was no modification of ideas as to the early new crop receipts.

Spot cotton quiet; middling uplands 9.35; sales 100 bales.

New Orleans Leads in Price.

New Orleans, August 18.—Rumors regarding the effect of the West Indian tropical storm put the price of cotton up today. In the early trading there was the usual covering and realizing, but rain offsetting wind damage, but as the day grew on uneasiness increased over the meager reports coming from Texas, shorts started covering and bullish sentiment ruled. Before the session the conviction was forced that much damage had been done the cotton fields, and there was also the possibility that stocks of cotton at Galveston had been damaged by the storm. Prices advanced sharply to left.

AMATEUR TITLE GAME SATURDAY

The first game of the series between the fifth district champion and the champion of the city amateur title will be played Saturday at Marist college.

The Atlanta National will depend chiefly on Golightly, their excellent pitcher, to bring home the bacon. Golightly is one of the best pitchers among the local amateurs.

The Agosan chief forte is their hitting power, and it was due to this that they won the majority of their games in the Baraca league. Manager Tomlinson is undecided who he will pitch against Golightly, but it will more than likely be York.

The game will start at 2:30, and an admission fee of 25 cents will be charged. Tickets can be had at Tumlin Bros. or at Shelly Ivey's.

Browns Get Fincher.

Little Rock, Ark., August 18.—(Special.)—Bill Fincher became the property of the St. Louis Browns in the deal that sent Leard to them. He became known today when Colonel Bob Hedges announced the Arkansan's name among those of the recruit pitchers who will report to the Browns in the fall.

Extra Sugar Dividend.

New York, August 18.—Directors of the Cuban-American Sugar company, which operates large plantations and refineries in Cuba, today declared an extra dividend of 1¼ per cent on the preferred stock in addition to the regular quarterly dividend of 1¾ per cent. The extra dividend will be paid on the deferred payment on the preferred stock.

PROFESSIONAL VIEWS ON COTTON SITUATION

New York, August 18.—(Special.)—The firmness in the market today is due to a little change in sentiment among the local traders due to the failure of prices to decline materially during the past four months of adverse advices of many different characters. Wall street operators who have been bearish were buyers, probably because they thought of the probable demand for cotton goods due to the increase in the contents of the pay envelope of those many people who were out of work last year and who have now employment at good wages.

Of course, if the south rushes cotton to market and presses it for sale regardless of future conditions, why, what the spinners hope for a sharp decline may occur, but if they keep marketing a reduced crop slowly they should receive higher prices, because the world is not going to be without enough clothing. The highest prices were made on the last hour before the Wall street buying.

HUBBARD BROS & CO.

New York, August 18.—(Special.)—Reports from the south are not completely indicated that the storm of yesterday did quite a little damage to cotton, and as heavy rain fell in Oklahoma, Arkansas and Louisiana, fears are entertained that the moisture is excessive. As a consequence general buying was in better volume and prices hardened, with no pressure of consequence in any quarter. Liverpool's buying of January during the day proved a surprise and the market reflected nervousness over present weather conditions in the south.

Remarks.

Summary of weather and crop conditions in the cotton belt for the week ending August 17, 1915:

Washington, August 18.—In the cotton belt good rains in Georgia effectually relieved the drought and materially improved the outlook, while local showers brought relief in Alabama and Mississippi, though more rain is needed in the latter States, where the crop made satisfactory advances. Boll weevil movement continued active, except that no reports are available from Texas owing to interrupted communication on account of storm, and the amount and extent of the damage done by wind and rain in that state at present is not known. Boll weevils continue generally active in the southern trucking districts good showers are needed, while crops in many localities.—Marvin.

Section Director Weather Bureau.

Comparative Port Receipts.

SEE-SAWING REIGNS FOR CHICAGO LIST

Good Spring Wheat Condition Outweighs Bullish Reports of the Middle West Wheat Belt.

Chicago, August 18.—Extremely bearish reports from the spring crop region, including the Canadian northwest, acted in the wheat market today as almost a complete offset to heavy rains over Kansas, Missouri and Nebraska. Prices closed unsettled, September at 10c and December at 10c 8-8, with the range as a whole 1-4 down to 1-4@1-4 up, compared yesterday last night. Corn gained 3-8@1-2 to 7-8 net. Oats finished 1-4 decline to 1-2@5-8 advance and provisions at a rise of 5c to 17 1-2.

December and May were the wheat options here that chiefly felt the influence of the promising outlook in the spring wheat belt. The harvest northwest was reported to be well under way clear from Winnipeg, with big yields and fine quality the general rule. In this connection, a business man's report telegraphed from Portage, La. Prairie, the crop this season was the best he had ever seen in Manitoba. Nevertheless the September delivery here showed a tendency during the greater part of the day to tighten in value, going to a premium of 5-8 over December, as against 1-8 discount at yesterday's close. The incessant rains damaging and delaying the winter crop was chiefly responsible for the relative firmness of the September contracts.

Export sales of 800,000 bushels of Manitoba and 500,000 bushels of domestic winters at the eastern seaboard led to something of a rush of speculative wheat buying here in the last hour, but longs were unloading in the final fifteen minutes of trading. Uncertainty as to what condition Canadian elevators were in during the storm there was a disturbing factor with the bulls.

Corn wound up at 75 1-4 for September and 64 for December, retaining an advance that was largely the result of cool temperatures which would tend to retard the growth of the crop. The bears were intimidated also by the lightness of stocks. Oats took much the same course as wheat. September oats being firm as a result of rain damage and delay. Other options were inclined to ease off.

Provisions ranged higher, despite some liberal receipts of hogs throughout the west. Packers appeared to be supporting the market, especially ribs.

ATLANTA LIVE STOCK MARKET.
(By W. R. White, Jr., of the White Provision Company.)

Good to choice steers, 900 to 999, $6.50 to $6.75.

Good steers, 700 to 899, $6.00 to $6.50.

Medium to good steers, 700 to 899, $5.50 to $6.00.

Good to choice beef cows, 750 to 850, $5.25 to $5.50.

Medium to good cows, 550 to 750, $4.50 to $5.00.

Good to choice heifers, 600 to 700, $4.50 to $5.00.

The above represents the ruling prices of good quality beef cattle. Inferior grades and dairy types are lower.

Medium to good steers, 750 to 850, $6.00 to $6.50.

Medium to good cows, 650 to 750, $4.00 to $4.50.

Mixed common, $3.25 to $3.75.

Good fresh cows, $40 to $60.

Medium fat cows, $3.75 to $4.25.

Good veal calves, $8.00 to $8.50.

Prime hogs, 160 to 200, $7.00 to $7.25.

Good butcher hogs, 140 to 160, $7.00 to $7.25.

Good butcher pigs, 100 to 140, $6.25 to $6.75.

Light pigs, 80 to 100, $6.25 to $6.50.

Heavy fresh hogs, 200 to 300, $6.25 to $6.50.

Above quotations apply to corn-fed hogs. Meat and peanut-fattened, 2½ to 2 under.

Good cattle are scarce and strong at present quotations. Common cattle coming more freely and meeting with light demand and slow sale at reduced prices.

Hogs easier.

MARTIN-OZBURN REALTY CO.
THIRD NATIONAL BANK BLDG. IVY 1276.

"A Word to the Wise"

Atlanta has acquired a "moving day." On September 1 the annual grand exchange of living quarters will be merrily in process.

But Atlanta can't move in a day. The impossibility is physical. It's just as if everybody said "We'll all go to the postoffice together at noon and get our mail." Somebody would have to wait.

We ourselves are concerned very much with moving day. We have a part in the general situation, as the transfer and telephone companies have theirs. Everybody wants to move the gas stove, the gas water-heater, the electric meter, the electric lamp globes—everybody, all at once.

We're going to do our part; and in advance we want to ask that you be patient with us, and we want to show you how you can help yourself and us.

In order to get your gas and electric paraphernalia moved, it is necessary that you fill out beforehand what is known as a "transfer application"—one for electricity, one for gas. If you telephone well in advance to the order clerk of the gas sales department and to the contract department of the electric company, men will be sent to your house with the necessary application forms. But there will be many demands, and you will get probably quicker service by calling in person at 75 Marietta street, the Gas and Electric building.

Many people will be moving, and all must be served in the order of their application. That means "first come, first served." Which in turn counsels against putting off the filing of those transfer applications.

It is not practicable to train men for just a few days in the technical service we must give you. Therefore we cannot promise an "extra" force to take care of the rush. We do promise, however, to concentrate our entire trained force, to the last man, on this work; and we do promise to serve you as quickly and as satisfactorily as lies in our power to do.

Consider what we're going up against. Please bear with us a little patiently, and everything will turn out fine.

Atlanta Gas Light Co.
Georgia Railway & Power Co.

Rich's Good Morning!

Sale of Porch Furniture

This sale is slated for a few days in order to clear our stock of summer goods and make way for the new things we're getting in every day. All the broken lines, odds and ends of Porch Furniture left from this season's selling will be in this sale except French Willow. This is a year-round line, as good in winter for sun parlors, living rooms and libraries as for the porch in summer.

We list the sale pieces. You will see from their former prices they are reduced very nearly one-half—in some instances, indeed, more than a half.

	Former Price.	Sale Price.
3 Natural Maple Rockers, rattan seat and back.	$ 4.50	$3.00

1 Mission Chair and Rocker to match, each....	3.50	Pair 3.50
2 Cane Hour-Glass Chairs...	10.00	6.50

"Sinclair" Double-Caned Furniture

If you want strength and and wearing qualities in your Porch Furniture, you can't beat the "Sinclair" line. It is made for comfort and good service. The frames are of sound, air-dried stock, carefully selected, maple or oak. The double hand-woven caning gives added strength, as well as comfort and good looks. The maple frames are finished in the natural shade with three coats of waterproof coach varnish. The oak frames have a green finish.

You can leave these furnishings on the porch all winter without hurting them a bit. The chairs won't warp, the settees won't crack nor split, the swing chains won't rust.

This line is practically complete and reduced about one-fourth. So it will be money in your pocket to buy now for next season.

	Former Price.	Sale Price.

M. RICH & BROS. CO.

WOODWARD IS RAPPED BY GOVERNOR SLATON

Mayor Is "Old and Garrulous," Says Former Governor in Answer to Speech.

San Francisco, August 18.—Former Governor John M. Slaton, of Georgia, who commuted the death sentence of Leo M. Frank to one of life imprisonment, today issued a statement condemning an address delivered last night by Mayor J. G. Woodward, of Atlanta, and terming the mayor "old and garrulous." He called the Frank case a "football of politics."

Commenting on Mr. Woodward's statement that three-fourths of the people of Georgia, including himself, believed Frank guilty and condoned the lynching, Mr. Slaton said:

"Similar utterances made before the lynching naturally resulted in subsequent lawlessness. In one breath he proposes to defend the fair name of Atlanta and Georgia and in the next breath he casts on them the most terrible condemnation.

"Mayor Woodward suggested I could not with safety return to Georgia within a year. Such a statement is not only a gross reflection on the state, but is absurd and ridiculous and it is further stimulative of the mob impulse, coming from an official who should stand in favor of law and order. It is in accordance with utterances of others who defend the lynching of the case for political preferment.

"I was born in Georgia and I love her and her reputation. I shall return there in accordance with my original intentions.

"I think Mayor Woodward's statement is an affront to the people of Georgia instead of a defense. He is old and garrulous."

Defends Frank Lynching.

San Francisco, August 18.—J. G. Woodward, mayor of Atlanta, Ga., in an address here last night declared that Leo M. Frank suffered the "just penalty for an unspeakable crime." The Atlanta mayor at the same time warned former Governor Slaton, now in California, not to return to Georgia.

Mayor Woodward's address was made at a banquet of the California State Assessors' association.

Little or no applause greeted his remarks, although he was listened to with close attention.

Mayor Woodward said:

"I am going to take occasion tonight to tell of the event that have put Georgia on the map in a very indescribable light. I am going to endeavor to set you right. People throughout the United States have obtained their ideas of the Frank case from a poisoned and subsidized press and press reports.

"Common decency prevents me from telling you the revolting truths of the murder of Mary Phagan. I wish you all knew the truths as I know them. I know them, for I have been with this case ever since it started, and I have read every line of evidence that was introduced. I know that there is not a member of the jury that tried Leo M. Frank who would change his decision if put to the test again.

"Georgia is the leading state in the south. Its people cannot be classed with tramps, hoodlums, bandits and lawbreakers, but things had come to a point where every avenue of the law had been exhausted and the judgment of the courts set aside by one man, and the people felt that it was up to them to take the law into their hands.

"While we people of Georgia deplore

CALOMEL DYNAMITES A SLUGGISH LIVER

Crashes into sour bile, making you sick and you lose a day's work.

Calomel salivates! It's mercury. Calomel acts like dynamite on a sluggish liver. When calomel comes into contact with sour bile it crashes into it, causing cramping and nausea.

If you feel bilious, headachy, constipated and all knocked out, just go to your druggist and get a 60 cent bottle of Dodson's Liver Tone, which is a harmless vegetable substitute for dangerous calomel. Take a spoonful and if it doesn't start your liver and straighten you up better and quicker than nasty calomel and without making you sick, you just go back and get your money.

If you take calomel today you'll be sick and nauseated tomorrow; besides, it may salivate you, while if you take Dodson's Liver Tone you will wake up feeling great, full of ambition and ready for work or play. It's harmless, pleasant and safe to give to children; they like it.

Dr. Compton Denies Charges Against Prison Officials

Milledgeville, Ga., August 18.—(Special.)—Dr. Guy D. Compton, prison physician for the state penitentiary here, issued a statement tonight in reference to reports that have gained general circulation, all of them being derogatory to the prison management and harshly criticising prison officials.

"The reports," said Dr. Compton, "appeared to be at the time to be so untenable that I did not give them any recognition and did not believe anybody would be generally considered by the public as worthy of notice.

"However, in view of recent occurrences and the resultant opinion of the general public, I believe that some reply should be given to the accusing statements, absurd though they are. The statement in the anonymous letter published, to the effect that Chairman R. E. Davison, of the prison commission, had told me that we should throw all the medicine in the dump heap and use leather, is absolutely untrue and nothing of the kind was ever mentioned to me.

"The further statement that the prisoners have been mistreated or severely whipped is wholly untrue, for if such had been the case it would have come under my observation and been reported to the prison commission. All the accusations of this character lodged against Warden Smith and also criticising the prison commission are false and can hardly be attributed to any other motives than misdirected efforts for revenge against the state punishment of crime."

Dr. Compton states that he is in readiness to make any further extensive statement that may be required in the premises.

BANKERS ARE RAPPED FOR AIR OF MYSTERY

San Francisco, August 18.—James K. Lynch, vice president of the American Bankers' association, in an address before the American Institute of Banking, today declared that the air of mystery with which some bankers cloud their business from the public is the principal form of short sightedness chargeable to them.

Lynch declared the banker is apt to allow his business to remain a mystery to the community instead of having publicity as an essential part of the machinery for the production and distribution of wealth.

BIG STEEL RAIL ORDERS ARE PLACED BY RUSSIA

New York, August 18.—United States Steel corporation officials today confirmed a report that an order for 65,000 tons of steel rails has been received from Russia, presumably for use in the further construction of the trans-Siberian road. Additional orders for 60,000 tons are said to have been placed with the Pennsylvania Steel company, and its subsidiary, the Maryland Steel company. The price is believed to be in excess of $28 per ton rate paid by American roads.

ATLANTA'S STRIDES FROM DAY TO DAY

Hym Hurt, chief of the construction department of the city, has been instructed by City Attorney James L. Mayson, to go ahead with the tearing up of the tracks on Peachtree street, preparatory to laying a new pavement, despite the announcement of the Georgia Railway and Power company that it will refuse to lay a concrete foundation under its tracks on the street.

Officials of the company have announced that they are prepared to show in court that the ordinance requiring concrete foundations for their car tracks where permanent pavement is being held on the streets is invalid, as it works an undue hardship and an unnecessary one on the company.

The construction department will proceed with the work on paving of Gordon street.

Residence Exchange.

The Burdett Realty company has sold for Mrs. R. H. Burdett, being only known as Mrs. Hope, her residence at 157 Juniper street, on the northeastern corner of Sixth street, which is a two-story house on a lot 75x150, the consideration being $11,000.

Bond for Title.

A bond for title recorded Wednesday, revealed the sale of No. 79 West Fifteenth street, by Mrs. Birdie V. Gorman to C. H. Ashford, a residence on a lot 50x139, for $11,000.

A $1000 LOT

A residence lot in good neighborhood, with street pavement, gas, water and sewer, is a fair standard of value. We list a few:

PEARCE STREET—In oak grove, near Allene avenue. 50x160; level; very desirable.

ALLENE AVENUE—In fine oak grove, 50x150, near city school and park; good community.

LAKE AVENUE—Near Euclid avenue. 50x130; has big trees; close to car line.

Reasonable terms.

Just Common Sense

Before using glasses at all one should be convinced that the Oculist or Optician whom you consult should be men of ability and integrity. Neglect to carefully investigate this important matter has cost many individuals considerable eye troubles and many dollars besides.

The broad and varied experience, the good business judgment and high moral character of each employe of our firm is ample assurance that when your eyes are in our care they are carefully safeguarded.

It is to this feature, mainly, that our firm owes its phenomenal success.
